ADDENDUM NO. 2

Subject: **Request for Proposal (RFP) - 30000551**

Title: Vessels and Crew to Support Fisheries and Oceans Canada Scientific Missions

Dear Sir/Madam:

Further to the above-mentioned Request for Proposal, this Addendum no.2 is to advise potential bidders of the following Questions & Answers.

Questions/Answers:

Q2. Would Canada consider a bid response which offers a vessel that is able to provide services for *some* of the proposed missions, but not all? Will a vessel that cannot do all missions be rejected for consideration?

A2. The RFP is for a total of nine scientific missions and a bidder can bid on one or more missions. To respond to one or more missions, please complete the tables in Annex B Basis of Payment (one for the initial contract period and one for the option period) making sure to identify which one of the scientific missions you are bidding on and providing the registered name of the vessel your are proposing for the mission. For each mission being bid on a separate table must be completed even if the same vessel is being proposed.

In addition please respond to and address the Evaluation Criteria that apply to all missions AND to the specific scientific mission(s) that you are bidding on.

All other terms and conditions remain unchanged.

Yours truly,

Larry Hotte
