- 1.10 Her Majesty requires that each proposal, at Closing Date and Time or upon request from the Contract Advisor, be signed by the Proponent or by an authorized representative of the Proponent. If any required signature(s) are not submitted as requested, the Contract Advisor may inform the Proponent of a time frame within which to provide the signature(s). Failure to comply with the request of the Contract Advisor and to provide the signature(s) within the time frame provided may render the proposal non-responsive.

2.5 BASIS OF SELECTION

- 2.5.1 To be declared responsive, a bid must:
 - a. comply with all the requirements of the bid solicitation; and
 - b. meet all mandatory criteria.
- 2.5.2 Bids not meeting (a) or (b) will be declared non-responsive.
- 2.5.3 The selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 60 % for the technical merit and 40 % for the price.
- 2.5.4 To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained / maximum number of points available multiplied by the ratio of 60 %.
- 2.5.5 To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 40 %.
- 2.5.6 For each responsive bid, the technical merit score and the pricing score will be added to determine its combined rating.

2.5.7 In the case of a tie for the highest total score, the Proponent submitting the lowest price will be selected. In the case of a tie for the total score and a tie for the price proposal score, the Proponent with the highest score for the "Technical Proposal" will be selected.

2.5.8 Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract.

The table below illustrates an example where all three bids are responsive and the selection of the Contractor is determined by a 60/40 ratio of technical merit and price, respectively. The total available points equals 135 and the lowest evaluated price is \$45,000 (45).

Basis of Selection - Highest Combined Rating Technical Merit (60%) and Price (40%)

2.6 PHASED BID COMPLIANCE PROCESS (PBCP)

2.6.1 General

- (a) Her Majesty is conducting the PBCP described below for this requirement.
- (b) Notwithstanding any review by Her Majesty at Phase I or II of the PBCP, Proponents are and will remain solely responsible for the accuracy, consistency and completeness of their Bids and Her Majesty does not undertake, by reason of this review, any obligations or responsibility for identifying any or all errors or omissions in Bids or in responses by a Proponent to any communication from Her Majesty.

The Proponent acknowledges that the reviews in Phase I and II of this PBCP are preliminary and do not preclude a finding in Phase III that the bid is non-responsive, even for mandatory requirements which were subject to review in Phase I or II and notwithstanding that the bid had been found responsive in such earlier phase. Her Majesty may deem a bid to be non-responsive to a mandatory requirement at any phase.

The Proponent also acknowledges that its response to a notice or a Compliance Assessment Report (CAR) (each defined below) in Phase I or II may not be successful in rendering its bid responsive to the mandatory requirements that are the subject of the notice or CAR, and may render its bid non-responsive to other mandatory requirements.

- (c) Her Majesty may, in its discretion, request and accept at any time from a Proponent and consider as part of the Bid, any information to correct errors or deficiencies in the Bid that are clerical or administrative, such as, without limitation, failure to sign the Bid or any part or to checkmark a box in a form, or other failure of format or form or failure to acknowledge; failure to provide a

procurement business number or contact information such as names, addresses and telephone numbers; inadvertent errors in numbers or calculations that do not change the amount the Proponent has specified as the price or of any component thereof that is subject to evaluation. This shall not limit Her Majesty’s right to request or accept any information after the bid solicitation closing in circumstances where the bid solicitation expressly provides for this right. The Proponent will have the time period specified in writing by Her Majesty to provide the necessary documentation. Failure to meet this deadline will result in the Bid being declared non-responsive.

- (d) The PBCP does not limit Her Majesty’s rights to request or accept any information during the solicitation period or after bid solicitation closing in circumstances where the bid solicitation expressly provides for this right, or in the circumstances described in subsection (c).
- (e) Her Majesty will send any Notice or CAR by any method Her Majesty chooses, in its absolute discretion. The Proponent must submit its response by the method stipulated in the Notice or CAR. Responses are deemed to be received by Her Majesty at the date and time they are delivered to Her Majesty by the method and at the address specified in the Notice or CAR. An email response permitted by the Notice or CAR is deemed received by Her Majesty on the date and time it is received in Her Majesty’s email inbox at Her Majesty’s email address specified in the Notice or CAR. A Notice or CAR sent by Her Majesty to the Proponent at any address provided by the Proponent in or pursuant to the Bid is deemed received by the Proponent on the date it is sent by Her Majesty. Her Majesty is not responsible for late receipt by Her Majesty of a response, however caused.

2.6.2 Phase I: Financial Bid

- (a) After the closing date and time of this bid solicitation, Her Majesty will examine the Bid to determine whether it includes a Financial Bid and whether any Financial Bid includes all information required by the solicitation. Her Majesty’s review in Phase I will be limited to identifying whether any information that is required under the bid solicitation to be included in the Financial Bid is missing from the Financial Bid. This review will not assess whether the Financial Bid meets any standard or is responsive to all solicitation requirements.
- (b) Her Majesty’s review in Phase I will be performed by officials of the Department of Foreign Affairs, Trade and Development Canada.
- (c) If Her Majesty determines, in its absolute discretion that there is no Financial Bid or that the Financial Bid is missing all of the information required by the bid solicitation to be included in the Financial Bid, then the Bid will be considered non-responsive and will be given no further consideration.
- (d) For Bids other than those described in c), Her Majesty will send a written notice to the Proponent (“Notice”) identifying where the Financial Bid is missing information. A Proponent, whose Financial Bid has been found responsive to the requirements that are reviewed at Phase I, will not receive a Notice. Such Proponents shall not be entitled to submit any additional information in respect of their Financial Bid.
- (e) The Proponents who have been sent a Notice shall have the time period specified in the Notice (the “Remedy Period”) to remedy the matters identified in the Notice by providing to Her Majesty, in writing, additional information or clarification in response to the Notice. Responses received after the end of the Remedy Period will not be considered by Her Majesty, except in circumstances and on terms expressly provided for in the Notice.

- (f) In its response to the Notice, the Proponent will be entitled to remedy only that part of its Financial Bid which is identified in the Notice. For instance, where the Notice states that a required line item has been left blank, only the missing information may be added to the Financial Bid, except that, in those instances where the addition of such information will necessarily result in a change to other calculations previously submitted in its Financial Bid, (for example, the calculation to determine a total price), such necessary adjustments shall be identified by the Proponent and only these adjustments shall be made. All submitted information must comply with the requirements of this solicitation.
- (g) Any other changes to the Financial Bid submitted by the Proponent will be considered to be new information and will be disregarded. There will be no change permitted to any other Section of the Proponent’s Bid. Information submitted in accordance with the requirements of this solicitation in response to the Notice will replace, in full, only that part of the original Financial Bid as is permitted above, and will be used for the remainder of the bid evaluation process.
- (h) Her Majesty will determine whether the Financial Bid is responsive to the requirements reviewed at Phase I, considering such additional information or clarification as may have been provided by the Proponent in accordance with this Section. If the Financial Bid is not found responsive for the requirements reviewed at Phase I to the satisfaction of Her Majesty, then the Bid shall be considered non-responsive and will receive no further consideration.
- (i) Only Bids found responsive to the requirements reviewed in Phase I to the satisfaction of Her Majesty, will receive a Phase II review.

2.6.3 Phase II: Technical Bid

- (a) Her Majesty’s review at Phase II will be limited to a review of the Technical Bid to identify any instances where the Proponent has failed to meet any Eligible Mandatory Criterion. This review will not assess whether the Technical Bid meets any standard or is responsive to all solicitation requirements. Eligible Mandatory Criteria are all mandatory technical criteria that are identified in this solicitation as being subject to the PBCP. Mandatory technical criteria that are not identified in the solicitation as being subject to the PBCP, will not be evaluated until Phase III.
- (b) Her Majesty will send a written notice to the Proponent (Compliance Assessment Report or “CAR”) identifying any Eligible Mandatory Criteria that the Bid has failed to meet. A Proponent whose Bid has been found responsive to the requirements that are reviewed at Phase II will receive a CAR that states that its Bid has been found responsive to the requirements reviewed at Phase II. Such Proponent shall not be entitled to submit any response to the CAR.
- (c) A Proponent shall have the period specified in the CAR (the “Remedy Period”) to remedy the failure to meet any Eligible Mandatory Criterion identified in the CAR by providing to Her Majesty in writing additional or different information or clarification in response to the CAR. Responses received after the end of the Remedy Period will not be considered by Her Majesty, except in circumstances and on terms expressly provided for in the CAR.
- (d) The Proponent’s response must address only the Eligible Mandatory Criteria listed in the CAR as not having been achieved, and must include only such information as is necessary to achieve such compliance. Any additional information provided by the Proponent which is not necessary to achieve such compliance will not be considered by Her Majesty, except that, in those instances where such a response to the Eligible Mandatory Criteria specified in the CAR will necessarily result in a consequential change to other parts of the Bid, the Proponent shall identify such additional changes, provided that its response must not include any change to the Financial Bid.

- (e) The Proponent’s response to the CAR should identify in each case the Eligible Mandatory Criterion in the CAR to which it is responding, including identifying in the corresponding section of the original Bid, the wording of the proposed change to that section, and the wording and location in the Bid of any other consequential changes that necessarily result from such change. In respect of any such consequential change, the Proponent must include a rationale explaining why such consequential change is a necessary result of the change proposed to meet the Eligible Mandatory Criterion. It is not up to Her Majesty to revise the Proponent’s Bid, and failure of the Proponent to do so in accordance with this subparagraph is at the Proponent’s own risk. All submitted information must comply with the requirements of this solicitation.
- (f) Any changes to the Bid submitted by the Proponent other than as permitted in this solicitation, will be considered to be new information and will be disregarded. Information submitted in accordance with the requirements of this solicitation in response to the CAR will replace, in full, only that part of the original Bid as is permitted in this Section.
- (g) Additional or different information submitted during Phase II permitted by this section will be considered as included in the Bid, but will be considered by Her Majesty in the evaluation of the Bid at Phase II only for the purpose of determining whether the Bid meets the Eligible Mandatory Criteria. It will not be used at any Phase of the evaluation to increase or decrease any score that the original Bid would achieve without the benefit of such additional or different information. For instance, an Eligible Mandatory Criterion that requires a mandatory minimum number of points to achieve compliance will be assessed at Phase II to determine whether such mandatory minimum score would be achieved with such additional or different information submitted by the Proponent in response to the CAR. If so, the Bid will be considered responsive in respect of such Eligible Mandatory Criterion, and the additional or different information submitted by the Proponent shall bind the Proponent as part of its Bid, but the Proponent’s original score, which was less than the mandatory minimum for such Eligible Mandatory Criterion, will not change, and it will be that original score that is used to calculate any score for the Bid
- (h) Her Majesty will determine whether the Bid is responsive for the requirements reviewed at Phase II, considering such additional or different information or clarification as may have been provided by the Proponent in accordance with this Section. If the Bid is not found responsive for the requirements reviewed at Phase II to the satisfaction of Her Majesty, then the Bid shall be considered non-responsive and will receive no further consideration.
- (i) Only Bids found responsive to the requirements reviewed in Phase II to the satisfaction of Her Majesty, will receive a Phase III evaluation.

2.6.4 Phase III: Final Evaluation of the Bid

- (a) In Phase III, Her Majesty will complete the evaluation of all Bids found responsive to the requirements reviewed at Phase II. Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) A Bid is non-responsive and will receive no further consideration if it does not meet all mandatory evaluation criteria of the solicitation.

2.6.5 Technical Evaluation

2.6.5.1 The Phased Bid Compliance Process will apply to all mandatory technical criteria.

SOW1. Title

Restoration of the Official Residence at the Embassy of Canada to Norway in Oslo.

SOW2. Background

The Official Residence at the Embassy of Canada to Norway, herein referred to as the “Official Residence”, dates as far back as 1923. Due to the buildings’ age and long-term exposure to weather conditions, there are several deficiencies identified as in need of improvements, such as window restoration, cladding replacement, and retrofits to improve building efficiencies.

The Official Residence and surrounding property has also undergone an assessment conducted by Oslo Municipality’s Cultural Heritage Management Office, Byantikvaren. This assessment concluded with the Official Residence and certain portions of the surrounding property being placed on Byantikvaren’s Yellow List of Heritage Sites and Buildings Worthy of Conservation, herein referred to as the “Yellow List”.

In the name of conserving the building’s unique design and character, there are certain limitations prescribed by Byantikvaren that the Department of Foreign Affairs, Trade, and Development (“DFATD”) must comply with. These limitations have the greatest impact on the garage; in order to carry out the retrofits deemed necessary by DFATD, the garage must be dismantled and reconstructed at a new location on the property. This will require a new concrete slab to be cast in preparation for the garage’s relocation.

In addition to this, windows on the garage and main building must be restored rather than replaced to the greatest extent possible.

SOW3. Objective

The objective of the works is to restore and retrofit several elements of the Official Residence, while conserving the building’s original design and character, the main focus being on the garage, main building, and auxiliary structures. Slemdalsveien 45, Oslo

MOVING AND RENOVATION OF THE GARAGE

The buildings on the plot are listed on the City of Oslo's Cultural Heritage Management Office's Yellow List of heritage sites and buildings worthy of conservation, and the garage must therefore be dismantled and re-erected on a new site, on a newly cast concrete slab. The existing windows will be restored; see restoration of windows in the façades of the main building.

Wider door opening

The column in the centre of the entrance will be removed and replaced with a beam that spans the entire opening. (140 mm x 270 mm laminated wooden beam on two 90 mm x 135 mm columns. Quality GL32). New vertically hung bifold garage doors with automated controls, produced based on archive drawings of original doors.

Dimensions:

Load distribution area, new beam.

1.4 m wide x 4.6 m long.

Dead load and snow load

Permanent load from roof structure and dead load estimated at 0.5 kN/m²

Dead load beam x partial coefficient

$$q_k = (b \times g) \times \gamma_g \Rightarrow (1.4 \times 0.5) \times 1.2 = 0.8 \text{ kN/m}$$

Snow load x partial coefficient

$$q_{k2} = (b \times Q) \times \gamma_q \Rightarrow (1.4 \times 3.0) \times 1.6 = 6.7 \text{ kN/m}$$

$$\text{Total load } q = 0.8 + 6.7 = 7.5 \text{ kN/m}$$

The moment will thus be:

$$M = \frac{q \times l^2}{8} = \frac{7.5 \times 4.6^2}{8} = 19.8 \text{ kNm}$$

Point load, suspension doors in the centre of the beam and assumed to be 1.2 kN

Moment at column will thus be:

$$M = \frac{q \times l}{2} = \frac{1.2 \times 4.6}{2} = 2.7 \text{ kNm}$$

Total moment on the beam will thus be:

$$19.8 + 2.7 = 22.5 \text{ kNm.}$$

Capacity in ultimate limit state will thus be:

$$M = \frac{q \times l^2}{8} \Rightarrow 22.5 = \frac{q \times 4.6^2}{8} \Rightarrow \frac{22.5 \times 8}{4.6^2} = q \Rightarrow q = 8.5$$

According to SINTEF Building Research Design Guide, Chapter 520.000, Table 21 c:

Laminated wooden beam 140 mm x 270 mm span width 4.5 m = 9.0 kN/m

$$\underline{8.5 < 9.0 = \text{ok}}$$

Deflection criterion:

$$\frac{l}{300} = \frac{4.6}{300} = 0.015 \text{ m} \Rightarrow 1.5 \text{ cm}$$

Columns:

Calculated based on total load 8.5 kN/m

Beam length 5 m (4.6 + eaves)

Two columns

$$\frac{q \times l}{2} = \frac{8.5 \times 5}{2} = 21.25 \text{ kN}$$

Capacity according to SINTEF Building Research Design Guide, Chapter 520.233, Table 21 b:

Column 90 mm x 135 mm, buckling length 2.7 m, has a capacity of 79.7 kN.

Columns are therefore oversized in relation to load, but will simplify fastening and installation of beam. That is why columns of this size were selected.
