Solicitation Amendment 006

This Solicitation Amendment is raised to extend the solicitation closing date and to answer received questions

The solicitation closing date has been extended to **July 13th, 2021**.

Question 1. Can you share the Eddy current reports for the last 5 years.

Answer 1. Please see attached for 455 Boulevard de la Carrière and L'Esplanade Laurier.

Question 2. Can you share the last water treatment for all heating / chill water loop systems.

Answer 2: Please see attached chemical water treatment reports.

Question 3. How long do we have to compile a deficiency listing for each property?

Answer 3: The first inspection of each piece of equipment on the contract. Any deficiencies discovered in the first inspection will be investigated and actioned if necessary, but please remember this is a comprehensive contract.

Question 4. What type of Merv rating is required with Covid 19 for each air handler on each property?

Answer 4: That would depend on the age of the equipment, but ASHRAE recommends 13 to 14 which is within the 80% to 90% we normally recommend. We are to use the highest efficiency – short of HEPA filters where possible without compromising the unit's ability to deliver the volume of air required.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
