2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **five (5) calendar days** before the bid closing date. Enquiries received after that time may not be answered.

Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. 7.7.4 Payment period - 2035 16 (2014-09-25)

1. Canada's standard payment period is 30 days. The payment period is measured from the date an invoice in acceptable form and content is received in accordance with the Contract or the date the Work is delivered in acceptable condition as required in the Contract, whichever is later. A payment is considered overdue on the 31st day following that date and interest will be paid automatically in accordance with the section 17.

The 30-day payment period begins upon receipt of the revised invoice or the replacement or corrected Work. Failure by Canada to notify the Contractor within 15 days will only result in the date specified in subsection 1 to apply for the sole purpose of calculating interest on overdue accounts.

7.7.5 Determination of Cost - Addition or deletion of work

The Department may from time to time, require changes to the areas to be maintained due to operational requirements, on-site projects, or construction of new areas to be maintained or deletion of areas to be maintained; the Firm Price will be adjusted accordingly based on 80% of the Firm Price shown in Pricing Schedule 1 and/or 2 (adjust accordingly), as follows:

Firm Price break down for the calculation of additional or deletion of m² :

- 20% of the original firm price remains unchanged. **Operating Cost**
- 80% of the original firm price for the calculation of addition or deletion:

The increase or decrease in the monthly firm price for the areas added or deleted is based on 80% of the firm price and will be calculated by dividing the firm price for snow removal by the number of square meters listed in Annex D Snow Removal Site Plan and then multiplied by the square meter area to be added or deleted.

Example:

A Contract in Year 1 (firm price of \$65,000.00) with a total area of **2,805m²**, from which a reduction of **358m²** must be applied effective January 1st:

PERIOD OF CONTRACT November 1 st to April 30 th	ANNUAL FIRM PRICE	
Year 1	\$ 65,000.00	
Option Year 1	\$ 74,000.00	
Option Year 2	\$ 78,000.00	

Price breakdown for the calculation of deletion :

	Year 1	Option Year 1	Option Year 2
20% of Firm Price	\$13,000.00	\$14,800.00	\$15,600.00
80% of Firm Price	\$52,000.00	\$59,200.00	\$62,400.00

Formula: **\$52,000.00** (80% of the \$65,000.00) / 2,805m² = \$18.54 x 358m² = \$6,637.32 (total reduction based on the total firm price.)

Price breakdown reduction (Snow Only) effective January 1st:

- January = \$6,637.32 @ 25% = \$1,659.33
- February = \$6,637.32 @ 25% = \$1,659.33
- March = \$6,637.32 @ 20% = \$1,327.46
- April = \$6,637.32 @ 5% = \$331.87

Request for Proposal (RFP) EJ196-202671/A
Snow Removal Service
CFSU Uplands - Cris Hill FK258

Total Reduction = \$4,977.99

Verification of the price breakdown: \$6,637.32 x 75% (remaining period to apply the reduction, beginning January 1st) = \$4,977.99
