**This amendment has been raised to answer the following questions:**

- Q1** In section 3.2.3 Achievements of Key Personnel on Projects it identifies three key senior personnel (lead architectural, mechanical, electrical personnel). Can we expand this section to include two Architectural personnel to go along with the mechanical and electrical consultant?
- A1** Only the 1 page submission for each of the key lead architect, mechanical engineer and electrical engineer will be evaluated. Submitted information for other architectural personnel will not be evaluated and will result in exceeding the strict 16 page submission limit.
- Q2** What is the scope of the hazardous materials abatement, so that we can assess the amount of consultant co-ordination services that are required?
- A2** The existing buildings have Asbestos Containing Materials and lead paint, typical of late 1950's construction.
- Q3** The write-up under section 1.2.2 suggests that at least a basic site design concept has already been developed. Are we able to review it?
- A3** A previous concept study was completed to help define the client's needs. Lessons learned have been incorporated into the Terms Of Reference.
- Q4** Can you please provide the earlier studies completed by PWGSC as indicated in Section 3.2.4?
- A4** A previous concept study was completed to help define the client's needs. Lessons learned have been incorporated into the Terms Of Reference.
- Q5** Please confirm that the travel expenses for phases 1-3 as cited on page 41 is for ALL of the required trips necessary to carry out the scope of services.
- A5** Any extra site visits will be reimbursed per the average comparable site visit fee.
- Q6** Since this project could span over as many as 7 years, please confirm that a contract provision will be set for determining a fee escalation for the multiple years of this contract.
- A6** Proponents are to factor fee escalation into their proposal, in accordance with the stated project schedule.
- Q7** Please confirm that any necessary code changes for Phase 4 will be reimbursable.
- A7** Project changes from the initial scope of work will be processed by Amendment.
