Amendment 005 has been issued to provide answers to the following questions regarding the Annex B.3 – Basis of Payment excel spreadsheets for the Prairie Region;

Q1. On the Prairie spreadsheet, on the summary tab, vehicle costs for EEIOD for years 5,6, and 7 (cells G172, G173, G175 on each respectively) are not being calculated correctly.

A1. As per section 4.1.2.2.C of the RFP, The correct formula for EEIOD for years 4, 5, 6, and 7 would be to calculate the previous year's cost multiplied by 1.02. The pricing in years 4,5,6, and 7 are strictly for financial evaluation purposes and may not be reflective of actual rates. Bidders are to provide pricing for items in the spreadsheets (i.e. all blue highlighted cells for years 1,2, and 3, and orange highlighted cells for year 1) as per the instructions. A Bidders' unit pricing will take precedence whenever there is a discrepancy in the formulas. PSPC will make the correction to the formulas upon receipt of the financial proposals and evaluate as stated in the basis of payment.

Q2. On the Prairie spreadsheet cell G161 is adding up G160, G152 and G146.

A2. The correct formula for G161 for years 1,2, and 3, should be the sum of G159, G152, G146 and G139. Bidders are to provide pricing for items in the spreadsheets (i.e. all blue highlighted cells for years 1,2, and 3, and orange highlighted cells for year 1) as per the instructions. A Bidders' unit pricing will take precedence whenever there is a discrepancy in the formulas. PSPC will make the correction to the formulas upon receipt of the financial proposals and evaluate as stated in the basis of payment.
