

**#21807-21-0067 Request for Proposal  
Psychological Risk Assessments**

**Question 1:**

Can you let me know how flexible this contract is in terms of number of assessments that are completed?

**Answer 1:**

We understand that there are other commitments, vacations, etc that would affect how many reports a Contractor could complete in a month, so we intend to award up to seven contracts. This is to help with the increase in risk assessment needs, and to also allow for more resources if one Contractor was not able to take on the work. You're not locked into 5 assessments per month.
