Annex "A" - Specifications – Truck

Appendix 1 - Technical Information Questionnaire - Truck

Annex "B" to Part 3 of the Bid Solicitation – Electronic Payment Instruments

PART 1 - GENERAL INFORMATION

1.1 Requirement

Fisheries and Oceans Canada requires the vehicle and related items as detailed herein, in accordance with Annex "A" - Specifications – Truck attached hereto.

1.2 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.3 Epost Connect service

This bid solicitation allows bidders to use the epost Connect service provided by Canada Post Corporation to transmit their bid electronically. Bidders must refer to Part 2 entitled Bidder Instructions, and Part 3 entitled Bid Preparation Instructions, of the bid solicitation, for further information.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The **2003 (2020-05-28)** Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

The 2003 standard instructions is amended as follows:

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days

Insert: ninety (90) days

2.2 Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated in the bid solicitation.

Note: For bidders choosing to submit using epost Connect for bids closing at the Bid Receiving Unit in the National Capital Region (NCR) the email address is:

tpsgc.dgareceptiondessoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca

Note: Bids will not be accepted if emailed directly to this email address. This email address is to be used to open an epost Connect conversation, as detailed in Standard Instructions **2003**, or to send bids through an epost Connect message if the bidder is using its own licensing agreement for epost Connect.

To submit a bid using epost Connect service, the Bidder must either:

- i. send directly its bid only to the specified PWGSC Bid Receiving Unit, using its own licensing agreement for epost Connect provided by Canada Post Corporation; or
- ii. send as early as possible, and in any case, at least six business days prior to the solicitation closing date and time, (in order to ensure a response), an email that includes the bid solicitation number to the specified PWGSC Bid Receiving Unit requesting to open an epost Connect conversation. Requests to open an epost Connect conversation received after that time may not be answered.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **seven (7) calendar days** before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

2.5 Improvement of Requirement During Solicitation Period

Should bidders consider that the specifications or Statement of Work contained in the bid solicitation could be improved technically or technologically, bidders are invited to make suggestions, in writing, to the Contracting Authority named in the bid solicitation. Bidders must clearly outline the suggested improvement as well as the reason for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular bidder will be given consideration provided they are submitted to the Contracting Authority **at least seven (7) calendar days** before the bid closing date. Canada will have the right to accept or reject any or all suggestions.

2.6 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Canada requests that the Bidder submits its bid in accordance with section 08 of the 2003 standard instructions. The epost Connect system has a limit of 1GB per single message posted and a limit of 20GB per conversation.

Canada requests that the bid be gathered per section and separated as follows:

Section I: Technical Bid

Section II: Financial Bid

Section III: Certifications

Due to the nature of the Request for Proposal, transmission of bids by mail/courier to PWGSC BRU will not be accepted.

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Section I: Technical Bid

In their technical bid, Bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

3.1.1 Equivalent Products

1. Products that are equivalent in form, fit, function and quality to the item(s) specified in the bid solicitation will be considered where the Bidder:
 - a. designates the brand name, model and/or part number of the substitute product;
 - b. states that the substitute product is fully interchangeable with the item specified;
 - c. provides complete specifications and descriptive literature for each substitute product;
 - d. provides compliance statements that include technical specifics showing the substitute product meets all mandatory performance criteria that are specified in the bid solicitation; and
 - e. clearly identifies those areas in the specifications and descriptive literature that support the substitute product's compliance with any mandatory performance criteria.
2. Products offered as equivalent in form, fit, function and quality will not be considered if:
 - a. the bid fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each substitute product; or
 - b. the substitute product fails to meet or exceed the mandatory performance criteria specified in the bid solicitation for that item.
3. In conducting its evaluation of the bids, Canada may, but will have no obligation to, request bidders offering a substitute product to provide technical information demonstrating the equivalency (e.g. drawing, specifications, engineering reports and/or

test reports, a sample of the product offered), or to demonstrate that the substitute product is equivalent to the item specified in the bid solicitation, at the sole cost of bidders, within three (3) business days of the request. If the bidder fails to provide the requested information within the specified delay, Canada may declare the bid non-responsive.

Section II: Financial Bid

The Bidders must submit firm unit prices in "Line Item Details" only and in accordance with the Basis of Payment identified in PART 6 - RESULTING CONTRACT CLAUSES.

3.1.2 Electronic Payment of Invoices – Bid

If you are willing to accept payment of invoices by Electronic Payment Instruments, complete Annex "B" Electronic Payment Instruments, to identify which ones are accepted.

If Annex "B" Electronic Payment Instruments is not completed, it will be considered as if Electronic Payment Instruments are not being accepted for payment of invoices.

Acceptance of Electronic Payment Instruments will not be considered as an evaluation criterion.

3.1.3 Exchange Rate Fluctuation Risk Mitigation

1. The Bidder may request Canada to assume the risks and benefits of exchange rate fluctuations. If the Bidder claims for an exchange rate adjustment, this request must be clearly indicated in the bid at time of bidding. The Bidder must submit form [PWGSC-TPSGC 450](#) , Claim for Exchange Rate Adjustments with its bid, indicating the Foreign Currency Component (FCC) in Canadian dollars for each line item for which an exchange rate adjustment is required.
2. The FCC is defined as the portion of the price or rate that will be directly affected by exchange rate fluctuations. The FCC should include all related taxes, duties and other costs paid by the Bidder and which are to be included in the adjustment amount.
3. The total price paid by Canada on each invoice will be adjusted at the time of payment, based on the FCC and the exchange rate fluctuation provision in the contract. The exchange rate adjustment will only be applied where the exchange rate fluctuation is greater than 2% (increase or decrease).
4. At time of bidding, the Bidder must complete columns (1) to (4) on form [PWGSC-TPSGC 450](#) , for each line item where they want to invoke the exchange rate fluctuation provision. Where bids are evaluated in Canadian dollars, the dollar values provided in column (3) should also be in Canadian dollars, so that the adjustment amount is in the same currency as the payment.
5. Alternate rates or calculations proposed by the Bidder will not be accepted for the purposes of this exchange rate fluctuation provision.

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

Section IV: Additional Information

Canada requests that bidders submit the following information:

3.1.4 Delivery

While delivery of the vehicle is requested by 01 March 2022, the best delivery that can be offered is as follows:

Item 001 – One (1) Truck will be delivered within ____ calendar days from the effective date of the contract.

3.1.5 Manufacturer's Standard Warranty Period

Canada requests that the Bidder provide details of the manufacturer's standard warranty period for the vehicle/equipment and its components that exceeds the minimum warranty period of twelve (12) months.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

4.1.1.1 Bidders must submit, with their bid, the followings documents:

- 1) Annex "A" - Specifications – Truck; and
- 2) Appendix 1 - Technical Information Questionnaire - Truck

4.1.1.2 Equivalent Products

Bidders proposing substitutes and/or alternatives must provide with their bid all the information requested as detailed in Part 3, "equivalent products" to be considered for evaluation.

4.1.2. Financial Evaluation

4.1.2.1 The purpose of the financial evaluation is to determine the lowest price using the information submitted in "Line Item Detail".

4.1.2.2 Aggregate Price Calculation.

Bids will be evaluated on an aggregate price basis for the items and quantities.

4.2 Basis of Selection

A bid must comply with the requirements of the bid solicitation and meet all mandatory criteria to be declared responsive. The responsive bid with the lowest evaluated aggregate price will be recommended for award of a contract.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the [Employment and Social Development Canada \(ESDC\) - Labour's](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#) website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#>).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](#)" list at the time of contract award.

5.2.3 General Environmental Criteria Certification

The Bidder must select and complete one of the following two certification statements.

A) The Bidder certifies that the Bidder is registered or meets ISO 14001.

Bidders' Authorized Representative Signature

Date

OR

B) The Bidder certifies that the Bidder meets and will continue to meet throughout the duration of the contract, a minimum of four (4) out of six (6) criteria identified in the table below.

The Bidder must indicate which four (4) criteria, as a minimum, are met.

Green Practices within the Bidders' organization	Insert a checkmark for each criterion that is met
Promotes a paperless environment through directives, procedures and/or programs	
All documents are printed double sided and in black and white for day to day business activity unless otherwise specified by your client	
Paper used for day to day business activity has a minimum of 30% recycled content and has a sustainable forestry management certification	
Utilizes environmentally preferable inks and purchase remanufactured ink cartridges or ink cartridges that can be returned to the manufacturer for reuse and recycling for day to day business activity.	
Recycling bins for paper, newsprint, plastic and aluminum containers available and emptied regularly in accordance with local recycling program.	
A minimum of 50% of office equipment has an energy efficient certification.	

Bidders' Authorized Representative Signature

Date

PART 6 - RESULTING CONTRACT CLAUSES

6.1 Requirement

The Contractor must deliver One (1) Truck and related items in accordance with Annex "A" - Specifications – Truck attached hereto.

6.2. Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

6.2.1 General Conditions

2010A (2020-05-28) General Conditions - Goods (Medium Complexity), apply to and form part of the contract.

6.3. Term of Contract

6.3.1 Delivery of Vehicle

Delivery of the vehicle must be made as follows:

Item 001 - One (1) Truck and related items must be delivered on or before _____ (Date to be inserted by PWGSC at time of contract award.)

6.4. Authorities

6.4.1 Contracting Authority

The Contracting Authority for the Contract is:

Name: David D. Murray
Title: Supply Specialist
Organization: Public Works and Government Services Canada - Acquisitions Branch
Industrial Products and Vehicles Procurement Directorate (IPVPD),
Vehicles and Industrial Products Division - HP,
140 O'Connor Street, Ottawa, ON, K1A 0S5
Telephone: 613-296-9230
E-mail: David.Murray@tpsgc-pwgsc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

6.4.2 Procurement Authority

The Procurement Authority for the Contract is:

Name: _____ (To be inserted by PWGSC at time of contract award.)
Title: _____
Organization: _____

6.4.5 After-Sales Service

Canada requests that the Bidder provide the names, addresses and telephone numbers of their dealers and/or agents authorized to provide after sales service, maintenance and warranty repairs, and a full range of spare parts for the vehicle/equipment offered. The Bidder should show the distance between the delivery location and the authorized dealer and/or agent and the delivery location, which should not be more than 400 kilometres.

Item 001

Truck (After-Sales Service)

Name: _____

Address: _____

Telephone Number: _____

Distance between the delivery location and the dealer and/or agent: _____ km

6.5 Payment

6.5.1 Basis of Payment

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid the firm unit price in Canadian dollars, Delivered Duty Paid at destination, Incoterms 2000, including Canadian Custom Duties and Excise Taxes included where applicable, and applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

The price paid will be adjusted in accordance with the exchange rate fluctuation provision (as applicable).

6.5.2 Electronic Payment of Invoices – Contract

The Contractor accepts to be paid using any of the following Electronic Payment Instrument(s):

- a. Visa Acquisition Card;
- b. MasterCard Acquisition Card;
- c. Direct Deposit (Domestic and International);
- d. Electronic Data Interchange (EDI);
- e. Wire Transfer (International Only)

6.5.3 SACC Manual Clauses

H1000C	Single Payment	2008-05-12
C3015C	Exchange rate fluctuation adjustment	2017-08-17

6.6. Invoicing Instructions

6.6.1 The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed. Offerors/suppliers are requested to provide invoices in electronic format unless otherwise specified by the Contracting Authority or Project Authority, thereby reducing printed material

Invoices must be distributed as follows:

- (a) The original and one (1) copy must be forwarded to the following address for certification and payment:

(PWGSC will insert invoicing address as per requisition at contract award.)

- (b) One (1) copy must be forwarded to the Contracting Authority identified under section 4. Authorities of the Contract.

6.7. Certifications and Additional Information

6.7.1 Compliance

Unless specified otherwise, the continuous compliance with the certifications provided by the Contractor in its bid or precedent to contract award, and the ongoing cooperation in providing additional information are conditions of the Contract and failure to comply will constitute the Contractor in default. Certifications are subject to verification by Canada during the entire period of the Contract.

6.8. Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

6.9. Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- (a) the Articles of Agreement;
- (b) 2010A (2020-05-28) General Conditions - Goods (Medium Complexity);
- (c) Annex "A" - Specifications – Truck;
- (d) Appendix 1 - Technical Information Questionnaire - Truck;
- (e) the Contractor's bid dated _____.

6.10 SACC Manual Clauses

A1009C	Work Site Access	2008-05-12
A9049C	Vehicle Safety	2011-05-16
A9068C	Government Site Regulations	2010-01-11
B1505C	Shipment of Dangerous Goods/ Hazardous Products	2016-01-28
G1005C	Insurance - No Specific Requirement	2016-01-28

6.11 Inspection and Acceptance

The Technical Authority is the Inspection Authority. All reports, deliverable items, documents, goods and all services rendered under the Contract are subject to inspection by the Inspection Authority or representative. Should any report, document, good or service not be in accordance with the requirements of the Statement of Work and to the satisfaction of the Inspection Authority, as submitted, the Inspection Authority will have the right to reject it or require its correction at the sole expense of the Contractor before recommending payment.

6.12 Preparation for Delivery

The vehicle/equipment must be serviced, adjusted and delivered in condition for immediate use. The interior and exterior must be cleaned before leaving the factory and being released to Fisheries and Oceans Canada personnel at the final delivery location.

The fuel tanks must be at least half full prior to release of the vehicle(s) to Fisheries and Oceans Canada personnel.

Any attempt by the carrier to deliver vehicles will be refused unless arrangements have been made for authorized, qualified personnel to be available to perform inspections and to accept the delivery. When the carrier is required to return due to its failure to make an appointment for delivery, Canada will not be liable to pay for additional costs.

6.13. Shipping Instructions

The Contractor must ship the goods prepaid DDP - Delivered Duty Paid to Merritt, B.C. Unless otherwise directed, delivery must be made by the most economical means. The Contractor is responsible for all delivery charges, administration, costs and risks of transport and customs clearance, including the payment of customs duties and taxes.

Item 001 - the contact person for delivery is: _____ *(to be inserted by PWGSC at time of contract award).*

6.14 Post-Contract Award Meeting/Pre-Production Meeting

Within ten (10) working days of the receipt of the contract, the Contractor must contact the Technical Authority to determine the details of a pre-production meeting. The meeting will be held at the Contractor's plant _____ *(Bidder to specify location)*. Cost of holding such pre-production meeting must be included in the price of the bid. Please note that the travel and living expenses for Government Personnel will be arranged and paid for by Canada. The Crown reserves the right to carry out the Post-Contract Award Meeting/Pre-Production Meeting via teleconference.

6.15 Packaging

The methods used for preservation and packaging must be in conformity with the contractor's normal standard for domestic shipment or, if necessary, with standards for overseas shipment as below deck cargo.

6.16 Warranty

The manufacturer's standard warranty of *(to be inserted by the bidder)* (____ months or ____ km) as administered through the designated dealer or authorized agent apply.

6.17 Material

Material supplied must be new, unused and of current production by manufacturer (2021 model-year or newer).

6.18 Interchangeability

Unless changes during the production run are authorized by the Contracting Authority, all vehicles supplied against any one item of a contract must be the same make and model, and all like assemblies, sub-assemblies and parts must be interchangeable.

6.19 Dispute Resolution

- (a) The parties agree to maintain open and honest communication about the Work throughout and after the performance of the contract.
- (b) The parties agree to consult and co-operate with each other in the furtherance of the contract and promptly notify the other party or parties and attempt to resolve problems or differences that may arise.
- (c) If the parties cannot resolve a dispute through consultation and cooperation, the parties agree to consult a neutral third party offering alternative dispute resolution services to attempt to address the dispute.
- (d) Options of alternative dispute resolution services can be found on Canada's Buy and Sell website under the heading "[Dispute Resolution](#)".

Annex "A" - Specifications – Truck			
Spius Creek Hatchery - 5 Ton Crewcab, Flatdeck truck with manufacturer supplied and installed PTO Stabilizer Legs and Winch			
Purpose: Transport of live juvenile and adult Salmonids in two 2700 liter water tanks (DFO supplied and installed). Equipment hauling. Frequent remote and off-road use. Tanks are 2.13 Meters wide x 1.4 Meters long x 1.07 Meters tall.			
<p>Technical Evaluation Criteria:</p> <p>To be considered compliant, bids must meet all the mandatory specifications of this request for proposals while taking into account the requirement purpose at the beginning of the document. Bidders must provide photos, brochures and / or technical documents for mandatory specifications with a "Supporting Reference" column to clearly demonstrate that the units offered comply with the specifications. Bidders must clearly indicate whether or not their proposal conforms to each specification below by entering an "X" in the "Met" or "Not Met" columns of the table. Bids not meeting all of the Mandatory Specifications will be given no further consideration.</p>			
BIDDERS MUST INDICATE THEIR CONFORMANCE TO THE FOLLOWING MANDATORY SPECIFICATIONS	MANDATORY		SUPPORTING REFERENCE
General Specifications	Met	Not Met	
GVWR 36,000 lbs (minimum).			
Two wheel drive.			
Model Year 2021 or newer.			
Flat Deck body style (see below).			
Truck chassis mounted fully hydraulic (PTO) stabilizer legs and winch. Detailed descriptions below.			
Engine Equipment			
Diesel engine; Minimum of 260hp and 660 lb/ft of torque required.			
Minimum 275 Amp alternator.			
Batteries - 2 (12 Volt, Group 31) maintenance free batteries with a minimum of 2250 CCA.			
Turbocharged 18.7 CFM (minimum) Air Compressor with Internal Safety Valve.			
Electronic Engine Integral Warning and De-Rate Protection System.			
Exhaust Brake Integral with variable Geometry Turbo with On/Off Dash Switch.			
Minimum 1000 watt / 115 volt block heater.			
Engine coolant pre-heater.			
Power steering.			
Power steering reservoir - see through.			
Transmission			
Automatic transmission.			
Rugged duty (Allison 3000/3500 RDS transmission or equivalent).			
Transmission gears - Minimum 6 speed.			
Transmission mounted PTO.			
PTO controls must be dash mounted.			
Front Axle and Suspension			
Front axle rating (12,000lbs minimum).			
Front shock absorbers.			
Mud flaps installed.			
Rear Axle and Suspension			
Rear axle 21,000lbs (minimum) with driver controlled traction / locker.			
23,000 lb (minimum) air ride rear suspension with chain clearance.			
Heavy duty rear axle carrier housing.			
Clearance for tire chains or off road use.			
Rear shock absorbers.			
Mud flaps installed.			
Brake System			
Hydraulic brake system.			
Four wheel disc brakes.			
Brake housing dust shields.			
Anti-lock braking system with traction control.			
Air dryer with integral air governor and heater.			
Frame and Chassis Equipment			
5/16" x 3 9/16" x 10 1/8" Steel Frame 120PSI (minimum).			
Front tow hooks.			
Chassis wiring system (analog or multiplex).			
Frame mounted lockable aluminum storage boxes (1 each side). Each box must be 24" x 24" x 48" outside dimension minimum and located behind the cab, under the flatdeck.			
Back-up alarm.			
Fuel tank with a minimum capacity of 260L.			
The vehicle including the integrated body must be provided with the manufacturers lighting package including integrated LED body lighting.			
Tire Pressure Control Sensor with in-dash display.			
Wheels and Tires			
Front wheels must meet or exceed capacity of front axle.			
Rear wheels must meet or exceed capacity of rear axle.			
Full size spare tire.			
Radial tires HD ply specified for on/off road - All season not acceptable.			
Cab Exterior			
Conventional Crew Cab.			
Cab material must be galvanized steel, fiberglass or aluminum.			
Bumper with suitable rating for winch (see below PTO winch).			
Cab access steps.			
Air cab mounting.			
Front removable grille mounted bug screen.			
Left and Right hand exterior grab handles with single rubber insert.			
Light emitting diode aerodynamic marker lights.			
Daytime running lights.			
Integral LED stop / tail / backup lights.			
Door mounted power and heated mirrors with left and right hand convex mirrors mounted under primary mirror.			
Cab Interior			
Power window controls and door locks.			
Minimum tilt steering wheel.			
Sunvisors - Dual style for both driver and passenger.			
Interior door mounted grab handle.			
Coat hook on back wall of cab.			
Heater and defroster.			
Air conditioning.			
Centre mounted dome and left and right hand courtesy lights.			
Circuit fuses 12v negative ground electrical system.			
Aux radio (VHF) pre-wiring for power/ground at dash.			
Two (2) additional 12 volt power receptacles in dash, 2 additional 12 volt power receptacles in rear of cab.			

One (1) 1500 watt (minimum) power inverter with two (2) outlet plug sockets mounted in the dash.			
Driver and passenger seat - high back air ride single seats with arm rests.			
Rear seat - high back air ride seats for left hand, right hand and centre of cab.			
Cloth seats			
Radio - AM / FM with Bluetooth, USB and auxiliary connectivity.			
Intermittent wipers.			
Low pressure indicator light and audible alarm.			
Primary and secondary air pressure gauges.			
Transmission oil temperature gauge.			
Flat Deck			
The vehicle must be provided with a flat-deck having an exterior length of at least 18 feet. The flat deck must have an exterior width of between 8 feet to 8.5 feet.			
6" Channel long sills with 3"x5"x3/8" deck angle.			
2x6 T&G Wood Decking painted with a non-skid material and UV resistant coating.			
10 deck winches, straps and winch Bar (mounted on driver's side).			
16 to 20" Removable sides framed in steel with wood inserts.			
Bulkhead with LED work lights facing deck.			
Tail skirt with LED lighting Package.			
LED work lights facing driver side and passenger side.			
Outrigger pads with storage racks.			
Spare tire rack.			
Tire chain rack.			
PTO Driven Hydraulic Stabilizer Legs			
One on each side of the vehicle.			
Frame mounted behind the cab, under the flatdeck.			
Minimum capacity 14,000 lbs of lift.			
Controls mounted on driver's side of vehicle.			
Must be capable of levelling the truck while on uneven ground.			
PTO Winch			
Truck must be equipped with one 30,000 lb capacity PTO driven hydraulic winch.			
Center mounted on front bumper.			
Long drum for extra cable capacity.			
Fairlead suitable for winch capacity.			
Supplied with suitable bumper to mount winch and carry load capacities.			
Supplied with minimum 150' of steel cable rated for truck weight.			
Remote control for safe winch operation.			
Brake system to prevent free spooling.			
Cab color: Preference for dark Green or manufacturers equivalent.			

APPENDIX 1 - TECHNICAL INFORMATION QUESTIONNAIRE - TRUCK

Bidders are required to complete the following questionnaire.

a) This is not a purchase description but rather a generic specifications sheet designed to cover the majority of vehicle purchases in this class. Refer to Annex "A" - Specifications – Truck for the Requirements.

b) Fill out the form where applicable in order to provide details on the unit(s) you are offering.

1. Cab and Chassis

a) Make: _____ b) Model: _____ c) Year: _____

2. Weight

a) GVWR: _____ lbs. b) GCWR: _____ lbs.

3. Dimensions

a) Wheelbase: _____ inches b) Cab to axle: _____ inches

4. Engine

a) Make: _____ b) Model: _____

c) Net HP _____ at _____ RPM

d) Net Torque _____ lbs. feet at _____ RPM

5. Radiator Shutters

a) Make: _____ b) Model: _____

6. Transmission

a) Make: _____ b) Model: _____ c) No. of speeds: _____

6.1 Clutch

a) Type: _____ b) Size: _____

6.2 Transfer Case

a) Make: _____ b) Model: _____ c) Ratio: _____

7. Axles

7.1 Front Axle

a) Make: _____ b) Model: _____ c) Capacity: _____ lbs.

7.2 Rear Axle

a) Make: _____ b) Model: _____

c) Capacity: _____ lbs. d) Ratio: _____

8. Suspension

Capacity at ground

8.1 a) Front: _____ lbs. each b) Shocks: _____

8.2 a) Rear: _____ lbs. each b) Shocks: _____

8.3 a) Auxiliary _____ lbs. each

9. Tires

9.1 a) Front size: _____ X _____ b) Ply/PR: _____ c) Tread: _____

9.2 a) Rear size: _____ X _____ b) Ply/PR: _____ c) Tread: _____

9.3 a) Spare size: _____ X _____ b) Ply/PR: _____ c) Tread: _____

10. Frame

10.1 a) Material: _____ b) RBM: _____ in lbs.

10.2 a) Reinforcement: _____ b) RMB: _____ in lbs.

11. Fuel Tanks

a) Quantity: _____ b) Type(s): _____

c) Capacity each: _____ litres d) Locations: _____

12. Battery(s)

a) Quantity: _____ b) Individual battery rating: _____ CCA

c) Total Capacity: _____

13. Alternator

a) Output: _____ amps

14. Steering

a) Type: _____ b) Model: _____

15. Brakes

15.1 a) System Type: _____ b) Front size: _____ c) Rear size: _____

15.2 a) Compressor Make: _____ b) Model: _____
c) Capacity _____ CFM

15.3 a) Air Dryer Make: _____ b) Model: _____

15.4 a) Moisture Ejector Make: _____ b) Model: _____
