PART 1 - GENERAL INFORMATION

1.1 Statement of Work - Bid

The work to be performed is detailed under Article 6.2 of the resulting contract clauses.

1.2 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.3 epost Connect service

This bid solicitation allows bidders to use the epost Connect service provided by Canada Post Corporation to transmit their bid electronically. Bidders must refer to Part 2 entitled Bidder Instructions, and Part 3 entitled Bid Preparation Instructions, of the bid solicitation, for further information.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The [2003](#) (2020-05-28) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

2.2 Submission of Bids

Bids must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated in the bid solicitation.

Note: For bidders choosing to submit using epost Connect for bids closing at the Bid Receiving Unit in the National Capital Region (NCR) the email address is:

tpsgc.dgareceptiondessoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca

Note: Bids will not be accepted if emailed directly to this email address. This email address is to be used to open an epost Connect conversation, as detailed in Standard Instructions [2003](#), or to send bids through an epost Connect message if the bidder is using its own licensing agreement for epost Connect.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 10 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.5 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Canada requests that the Bidder submits its bid in accordance with section 08 of the 2003 standard instructions. Bidders must provide their bid in a single transmission. The epost Connect service has the capacity to receive multiple documents, up to 1GB per individual attachment.

The bid must be gathered per section and separated as follows:

Section I: Technical Bid
Section II: Financial Bid
Section III: Certifications

If the Bidder chooses to submit its bid in hard copies, Canada requests that the Bidder submits its bid in separately bound sections as follows:

Section I: Technical Bid (1 hard copy)
Section II: Financial Bid (1 hard copy)
Section III: Certifications (1 hard copy)

If the Bidder is simultaneously providing copies of its bid using multiple acceptable delivery methods, and if there is a discrepancy between the wording of any of these copies and the electronic copy provided through epost Connect service, the wording of the electronic copy provided through epost Connect service will have priority over the wording of the other copies.

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of hard copy of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process [Policy on Green Procurement](https://www.tbs-sct.gc.ca/pol/doc-eng.aspx?id=32573) (<https://www.tbs-sct.gc.ca/pol/doc-eng.aspx?id=32573>). To assist Canada in reaching its objectives, bidders should:

- 1) use 8.5 x 11 inch (216 mm x 279 mm) paper containing fibre certified as originating from a sustainably-managed forest and containing minimum 30% recycled content; and
- 2) use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of cerlox, duotangs or binders.

Section I: Technical Bid

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with Annex B, Basis of Payment. The total amount of Applicable Taxes must be shown separately.

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

The Bidder must comply with the following mandatory technical criteria and provide the necessary documentation to support compliance. Any bid that fails to meet the following mandatory technical criteria will be declared non-responsive. If the information is not submitted with the bid, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide within the time frame given will render the bid non-responsive.

M1 The repair facility (if applicable) must be the OEM or an OEM authorized repair facility.

4.1.2 Financial Evaluation

Bidders must submit their financial in accordance with Annex B, Basis of Payment.

Bids will be evaluated in Canadian dollars. Bids submitted in foreign currency will be converted to Canadian currency for evaluation purposes. The rate given by the Bank of Canada in effect on the bid solicitation closing date will be applied as a conversion factor to the bids submitted in foreign currency.

The requirement does not offer exchange rate fluctuation risk mitigation. Requests for exchange rate fluctuation risk mitigation will not be considered. All bids including such provision will render the bid non-responsive.

4.2 Basis of Selection – Multiple Items

A bid must comply with all requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price on an item by item basis for either Advanced Exchange or Repair will be recommended for award of a contract.

Multiple contracts may result from this solicitation if necessary to acquire all units.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real procurement agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the [Employment and Social Development Canada \(ESDC\) - Labour's](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#) website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#>).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

5.2.3 Price Certification

In the event that only one responsive bid is received, Canada reserve the right to request one of the following Price Certifications:

C0001T - Price Certification - Foreign Suppliers
C0002T - Price Certification - Canadian-based Suppliers (other than agency and resale outlets)
C0003T - Price Certification - Canadian Suppliers
C0004T - Price Certification - Canadian Agency and Resale Outlets

PART 6 - RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

6.1 Security Requirements

There is no security requirement applicable to the Contract.

6.2 Statement of Work - Contract

The Contractor must perform the Work in accordance with the Statement of Work at Annex "A".

2.0 Reference Documents

- Airworthiness Release Documentation:
 - FAA 8130-3 (<http://www.faa.gov/documentLibrary/media/Form/8130-3.pdf>)
 - TC Form One (<http://www.tc.gc.ca/media/documents/ca-standards/maintenance-release-en.pdf>)
 - Canadian Aviation Regulations (CARs) 2019-1, Airworthiness Manual Chapter 561 (<https://tc.canada.ca/en/corporate-services/acts-regulations/list-regulations/canadian-aviation-regulations-sor-96-433/standards/airworthiness-manual-chapter-561-approved-manufacturers>)

3.0 Requirements

3.1 Advanced Exchange

Where the Contractor is providing an exchanged unit, the following applies to the work of the Contractor:

- 3.1.1** Material supplied must be in overhauled or repaired condition with the applicable certification documentation as indicated at 4.1, and conform to the latest issue of the applicable drawing, specification and/or part number that is in effect on the requested service date.
- 3.1.2** Material supplied must have a minimum of 80% shelf life remaining at the time of receipt at the Technical Authority's facility. Shelf life refers to whichever is the lesser between the limitation placed by any regulatory body and that recommended by the part manufacturer on the length of time a component can be stored before requiring recertification to an airworthy condition. The certification documentation at Section 4.1 provided by the Contractor must demonstrate conformity with this requirement.
- 3.1.3** Transport Canada will return the unserviceable units to the Contractor within fifteen (15) days of contract award;

3.1.4 Core Value Reduction (if applicable): It is assumed that the unserviceable units returned to the Contractor by Transport Canada are worth the core value. If after inspection, the Contractor determines that an unserviceable unit returned is not worth the core value, the Contractor must provide Canada the necessary documentation to demonstrate and justify the rationale why the core unit Value is reduced before submitting a claim for the delta cost. The Contractor must provide this within 30 days of receipt of the returned unserviceable unit. The Contractor must only proceed with a claim for the delta after written approval is received from the Contracting Authority.

3.2 Repair

Where the Contractor is not providing Transport Canada an exchanged unit and is instead repairing their unserviceable unit, the following applies to the work of the Contractor:

- 3.2.1** The Contractor must inspect, overhaul or repair, test, and recertify the display units.
- 3.2.2** Work must be performed in accordance with the Original Equipment Manufacturers (OEM) specifications, Component Maintenance Manual, Service Bulletins and Service Letters applicable to the items being repaired.
- 3.2.3** Any applicable Airworthiness Directives must be incorporated.
- 3.2.4** Materiel supplied must be new and conform to the latest issue of the applicable drawing, specification and/or part number that is in effect on the requested service date.
- 3.2.5** All work must be completed by the OEM or an OEM authorized repair facility.
- 3.2.6** Additional Work upon Inspection: If after inspection, the Contractor determines that an unserviceable unit returned requires more work than estimated in their Estimated Repair Cost. The Contractor must provide Canada a quote before proceeding with the work. The Contractor must provide this within 30 days of receipt of the returned unserviceable unit. The Contractor must only proceed with the work after written approval is received from the Contracting Authority.

4.0 Deliverables

4.1 Certification Documentation

All certification documentation provided by the Contractor must be complete and meet the requirements set forth in the Canadian Airworthiness Regulations (CARs) 2019-1, Airworthiness Manual Chapter 561 – Approved Manufacturers, Appendix A, Authorized Release Certificate, including a TC Form One or 8130-3 as identified at section 2.0 Reference Documents.

- 4.2** Upon completion of the work, the Contractor must provide the Technical Authority with a report including, but not limited to, the following for each unit overhauled or repaired:
 - a. a description of the work performed;
 - b. a list of the replaced parts;
 - c. a current status list of all incorporated SB's;
 - d. if applicable, technical inspector observations; and
 - e. a copy of the final test results for the certification of the unit.
