For the Minister - Pour le Ministre		

Amendment 002 has been raised to make answer the following questions and make the following changes:

1) QUESTION AND RESPONSE

Q: For the hand soap – is there a preference between foam or liquid?

A: Hand soap should be gel to work in our current dispensers. Similar to the typical pink handsoap but I need not be exactly that one, but should work in the same dispensers.

Q: For the hand soap – is there a preference between foam or liquid?

A: Hand soap should be gel to work in our current dispensers. Similar to the typical pink handsoap but I need not be exactly that one, but should work in the same dispensers.

Q: For the paper towel rolls, which dispenser is it going into, how many sheets or feet per roll is the current product? Can you supply dimensions of the current product if you cannot supply dispenser unit being used.

A: Current product is 8" x 350'

Q: For the scouring powder, must it be a powder in a plastic container? Can it be powder in a tin/cardboard container? Can it be a paste in a plastic container?

A: Product can be paste or powder and can be in tin/cardboard or plastic container – only essential that it does not contain bleach.

Q: What is the rubbing alcohol 99% iso used for? Are substitutes welcome based on better fit for the use?

A: 99% iso is used both for cleaning in sub zero temperatures where other products freeze, as well as diluting hand sanitizer in which the alcohol has evaporated rendering it too viscous to work in our dispensers.

Q: Would you like 1ply or 2ply for the toilet paper?

A: 2 ply preferred – will only accept 1 ply if 2 is unavailable due to unforeseen circumstances

Q: Will you accept lower mil thickness for the flock lined gloves? What is the minimal accepted?

A: No – must meet requirements of Heavy duty with 0.73 mm / 29 mils thickness

Q: The Bid states that "All Sizes (item specifications and packaging sizing) must be within +/- 25% of stated sizing", can Jasper National Parks provide us with the specifications related to size and packaging for the paper products (Paper Towel Rolls/Jumbo Toilet Paper) or the part numbers so that we can ensure that we are quoting the correct products.

A: Current Paper towel is 8"x350'

Current Jumbo Toilet paper rolls are 3.7" x 1000'

Case size not important as long as per unit cost is lowest.

Q: Can Jasper National Parks provide the part number for the "Steel Pail" and "Lever Lock lid" to ensure we are quoting the correct product.

A: See below specifications for pail and lid combo, need not be a combo can be sold separately.

Steel Pail with Lid - 5 Gallon

Extra strong for safe shipping of hazardous materials.

- Empty pails nest for storage. Recessed lid for easy stacking.
- Leakproof rubber gasket to ensure a tight seal.
- Use with Pail Shipper Carton.
- Secure included lid with Steel Pail Crimping Tool, sold separately.

DIMENSIONS:

- Height: 13 1/4"
- Diameter:
 - Lid: 12"
 - Inside:
 - Top: 11 1/4"
 - Bottom: 10 3/4"
 - Outside:
 - Top: 11 3/4"
 - With Lid: 12"

MATERIAL:

- 24 gauge cold-rolled steel

FEATURES:

- Pail has a rust inhibitor lining.

CAPACITY:

- US Gallon

USAGE:

- Need a pail crimper to put on lid. ([H-2602](#))

SPECIFICATIONS:

- UN rated for Packaging Groups II and III.
- Lid can only be used once in order to meet UN rating.
 - Can be resealed if UN rating is not necessary.
- Meets 49 CFR Parts 100 - 185.
- ISTA Certified (International Safe Transit Association)

Q: Rubbing Alcohol - 99% isopropyl alcohol is usually sold in a smaller size such as 500ml than the requested 3.78L, can you confirm the size and if it is 3.78L.

A: Smaller format is acceptable

Q: 30 x 38" strong garbage bags are usually sold as a case of 200, can you confirm the quantity being requested is 500 and not 200. If the quantity is 500, can we get the part # the garbage bags you are currently purchasing.

A: 200-500 will work lowest pricing will be on unit cost.

2) CHANGES TO THE SOLICITATION
