Amendment 018 to the ITT is raised to:

1. Provide corrected Revised Annex “M” – Mandatory Technical Evaluation Criteria.

1. Provide corrected Revised Annex “M” – Mandatory Technical Evaluation Criteria.

Correction to Mandatory Criteria as M10 was changed in error at Amendment 016 (English Version only).

At Annex “M” – Mandatory Technical Evaluation Criteria:

Delete: Annex “M” – Mandatory Technical Evaluation Criteria Rev. Aug 12, 2021 at Amd 016.

Insert: Annex “M” – Mandatory Technical Evaluation Criteria Rev Aug. 23, 2021 at Amd 018.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED

Annex "M" - Revised at Amd 018 dated August 23, 2021.

Mandatory Technical Evaluation Criteria

F7049-200038/A

MANDATORY CRITERIA

Bidders must meet all of the criteria outlined in the following Mandatory Requirements Checklist presented in Table 1 below. Bidders must complete the checklist and include it with their bid. Bidders should include the page number or section of their bid package where evidence of compliance with the specified criteria is provided under the "Location in Bid" column of the Mandatory Requirements Checklist.

All documentation and information required to substantiate the Bidders claims in the checklist must be provided with the bid package. Failure to substantiate any one (1) element of the Mandatory Requirements Checklist will render the entire bid non-compliant.

Table 1- MANDATORY CRITERIA

Item no.	Requirement	Proof of Compliance	Document Location in the Bid
M1	The Bidder must have refitted OR built five (5) vessels of a similar size in the last three (3) years.	The Bidder <u>must provide two (2)</u> customer letters of reference to demonstrate compliance with the requirement. Each letter of reference must: a) Be produced on the customer letterhead; b) Briefly describe the work performed; c) State the dates (month and year) in which the Contract was awarded and completed; d) Provide relevant contact information (i.e., contact name, phone number, and email address); and e) Be signed by an authorized representative of the customer.	
M2	The Bidder must demonstrate that it has the capacity to conduct \$3,000,000 in shop work in a calendar year.	The bidder must demonstrate the requirement by showing they have carried out the Total business volume of work in one (1) year in their plant within the last five (5) years.	
M3	The Bidder or its designated welding sub-contractor must be certified to CSA W47.2 Division 1 or 2 by Canadian Welding Bureau or equivalent.	The Bidder must provide proof of compliance with a certificate from CWB or for equivalent certificates demonstration of how it complies.	
M4	The Bidder must have an in-house design capability with a staff engineer with certification as a professional engineer or a contractual agreement in place with an established Canadian marine design engineering house.	The Bidder must Provide a description of their in-house capability including certification of the of the team or provide a copy of contractual agreement or for the engineer proof of certification and a letter stating they will be available if that company is awarded the contract.	

Item no.	Requirement	Proof of Compliance	Document Location in the Bid
M5	The Bidder must have in place a Quality Management System registered to ISO 9001:2015 (or latest version) or a Quality Management System modeled on ISO 9001:2015 (or latest version).	<p>The Bidder must provide the following:</p> <p>1a) A valid certificate from an accredited Registrar that demonstrates Registration of ISO 9001:2015 (or latest version) which includes:</p> <ul style="list-style-type: none"> - a copy of the Quality Processes and Procedures. - three (3) completed Inspection Reports <p>OR</p> <p>1b) A Quality Management System Plan modeled on ISO 9001:2015 (or latest version which includes:</p> <ul style="list-style-type: none"> - a copy of the Quality Assurance Manual; and - a copy of the Quality Processes and Procedures. - three (3) completed Inspection Reports <p>AND</p> <p>2) Copies of three (3) QA test reports from previous projects authenticated by the customer of the delivered product.</p>	
M6	The Bidder must have heated workshops as per Annex "A" and of sufficient size to house and work on two (2) MLBs at the same time	<p>The Bidder must Provide:</p> <ul style="list-style-type: none"> - Drawings; - Photos of the building (Inside & Out); - Dimensions of the building (Minimum of 5000 sqft). 	
M7	The Bidder must have lifting capacity to remove the vessel from the water, transport to the shop and return vessel to the water.	A valid copy of the lift equipment certification with crange capacity to lift and handle the tonnage included in Annex "A" (approximately 30 MT).	

Item no.	Requirement	Proof of Compliance	Document Location in the Bid
M8	The Bidder must have the financial resources to handle a cash flow shortfall of \$600,000.00 CAD.	Firm must provide evidence such as an unencumbered line of credit equal to \$600,000.00 CAD.	
MM9	Implementation schedule	<p>Implementation schedule developed to show major milestones and a critical path.</p> <p>Preliminary Production Work Schedule criteria:</p> <ul style="list-style-type: none"> - Commencement and completion dates for the Work in the available work period, including realistic target dates for significant events. - Must be produced with a commercially available project management software, either MS Project or equivalent approved by Canada, that is able to track tasks, predecessors, critical path, milestone markers, and labour loading; - The schedule must show the anticipated work break down to the system and component level. 	
M10	The contractor must have a security system in place monitoring the vessel and entrance/exits to the facilities during non-working hours. The facilities containing the vessel must be securely locked during non-working hours to prevent unauthorized access to the vessel.	Contractor must provide a description of their security system.
