**This amendment 005 is being raised to address a question submitted by potential bidders.**

---

**Question 1:** From Annex A, section **TASKS:**

The Contractor must do the following tasks:

1. The Contractor is to contact the Technical Authority to visit the facility to determine location for installation and any specific needs. The proposed location for the shredder exceeds 15' x 15' x 15'. A location is known within the warehouse and TC seeks concurrence that it is the best location.

Could you please advise what's the maximum acceptable dimension for the shredder (including the infeed conveyor and all other attachments)

**Answer 1:** As noted in Annex A, 3.e, Equipment Specifications: The proposed shredder must fit within an indoor 15' x 15' x 15' space. Therefore the shredder must fit within this space but the location to place the shredder within the building has some flexibility.
