AMENDMENT 001

This amendment is raised to provide technical information to Industry.

An industry day was mentioned during the Industry Engagement on the Maintenance of the diving equipment (LOI W8482-182212/B) to be held in Spring 2021. However, due to the Public Health constraints and the type and location of the equipment, a "live" event was not possible. Instead, Canada has put together a series of PowerPoint presentations to provide further details on the main equipment and maintenance requirements.

A total of six (6) equipment presentations (converted in PDF) are available to Industry upon request:

1. Compressed Air Breathing Apparatus (CABA)
2. Canadian Underwater Mine Countermeasures Apparatus Version Electronic (CUMA VE)
3. Surface Supplied Breathing Apparatus (SSBA)
4. Ultra Lightweight Surface Supplied Diving System (ULSSDS)
5. Experimental Diving and Undersea Group (EDUG)
6. Recompression Chambers (RCC)

To receive a copy of the equipment presentations, please send a request by e-mail to the Contracting Authority:

Julie Beaumier
Julie.Beaumier@tpsgc-pwgsc.gc.ca

Any comments or questions on the presentations can be sent by e-mail to the Contracting Authority.
