

Amendment #1

This Solicitation amendment is raised to answer questions received from Bidders.

A. QUESTIONS AND CORRESPONDENT ANSWERS:

Question 1: I noticed on pg. 49 Schedule B “Statement of Work” is missing from the document. Can you please advise if this can be uploaded or sent to me? Or in the event I am overlooking this, please direct me as to where I can find the statement of work within the document?

Answer 1: Page 49 of the RFP document, Schedule “B” makes reference to the Statement of Work in Section 2 of the RFP to be incorporated in Schedule “B” after contract award. For greater clarity, the Statement of Work is included under Section 2, pages 7 to 10 of the RFP document. Once the OAG is ready to issue the contract resulting from this RFP, Section 2 – Statement of Work will be inserted in Section B –Statement of Work of the resulting contract, as clarified on page 49 of the document.
