This Amendment is issued to answer questions raised by suppliers as of 2021-09-23. Except as expressly amended by this document, all the terms and conditions of the DP remain unchanged.

1. Questions and answers :

Question #01 :

- Would you consider another brand of server, and one that can be purchased using the PISA procurement vehicle?

Answer #01 :

- No ,we wouldn't consider another brand, even though it isn't so much the brand of server but rather the specifications of the selected hardware itself, build materials, the configuration, scalability, thermal dispersion, energy consumption when the need for running on a UPS occurs. Each piece of hardware was specifically selected on purpose to meet the requirements.
