- II. Replace an item in Annex A - Basis of Payment
- III. Add an item in Annex A - Basis of Payment

A. Questions and Answers:

1. Question:

Answer:

CCGS Sir John Franklin:

IMO number: 9781839

Hull number: 190

CCGS Captain Jacques Cartier:

IMO number: 9781841

Hull number: 191

CCGS John Cabot:

IMO number: 9781853

Hull number: 192

B. Modifications

1. At page 7 of 27, Clause 2.11 - No Substitute Products

Delete:

The Clause in its entirety.

Insert:

2.11 Substitute Products

Original Manufacturer: refers to the name "Raytheon".

Substitute products that are equivalent in form, fit, function, quality and performance to the items specified in Annex A - Basis of Payment, will be considered if the Bidder:

- a. designates the brand name, Model Number, Part Number, specifications and description, as applicable, of the substitute product;
- b. states that the substitute product is fully interchangeable with the item specified;
- c. provides complete specifications and descriptive literature for each substitute product;

- d. provides compliance statements that include technical specifications showing that the substitute product meets all mandatory performance criteria specified in the bid solicitation; and
- e. clearly identifies those areas in the specifications and descriptive literature that support the substitute product's compliance with any mandatory performance criteria.

Substitute products offered as equivalent in form, fit, function, quality and performance will not be considered if:

- a. the manufacturer is different than the original manufacturer;
- b. the substitute products are not approved by the original manufacturer;
- c. the bid fails to provide all the information requested to allow the Technical Authority to fully evaluate the equivalency of each substitute product; or
- d. the substitute product fails to meet or exceed the mandatory performance criteria specified in the bid solicitation.

In conducting the evaluation of bids, Canada may, but will have no obligation to, request Bidders offering a substitute product to demonstrate, at the sole cost of Bidders, that the substitute product is equivalent to the item specified in the bid solicitation.

If a substitute product proposed by the Bidder is rejected by Canada, the bid will be financially non-compliant since there won't be enough information to evaluate the bid; unless the Bidder provided in their bid, before the bid solicitation closing date, firm prices for the items specified in the bid solicitation.

2. At page 22 of 27, Section A.2 - Basis of Payment
