The Request for Proposal (RFP) Amendment 001 is raised to answer Bidders questions.

QUESTIONS AND ANSWERS

Question 1

Re: M2: The Bidder must have been awarded, within the last five (5) years prior to the solicitation publishing date, three (3) *Robotic Process Automation (RPA) implementation contracts where the Bidder implemented (i.e. promoted to production) an RPA automation that reads and inputs data into Enterprise Resource Planning (ERP) Systems. At a minimum one of the contracts must be for an implementation where the RPA read and input to an SAP ERP system.

To demonstrate, the Bidder must include the following information:

- a) Project name;
- b) Client Organization;
- c) Contact Information of client project representative;
- d) Project start/end dates and duration;
- e) Project description and outcomes;
- f) Description of project role and tasks performed by resource.

We would like to request waiving this clause (i.e. requirements to have experience integrating with SAP), as we feel that it limits the pool of potential respondents. Please advise on whether you would be open to this change.

Answer 1

Canada has reviewed the request, however the requirement remains unchanged.

Question 2

In R2 of the corporate requirements, Canada has requested that Bidders certify they are a Blue Prism Delivery Provider. Given the emphasis that Canada has established on experienced and certified RPA resources, we believe making this requirement mandatory would benefit IRCC in establishing a long term partner with alliances and experiences. Additionally, Blue Prism has various partnership levels. Will Canada please clarify that the Blue Prism partnership level must be a minimum of a gold partnership level across all three Blue Prism capabilities: Capability Provider, Delivery Provider and Service Provider?

Answer 2

R2 remains unchanged. There will be no minimum level of partnership or delivery provider.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
