## SOLICITATION AMENDMENT NO. 006

This amendment is raised to:

1. Provide answers to Bidders questions in relation to the above mentioned solicitation; and
2. Amend the RFP accordingly.

---

**Q29.** In response to Q9 in amendment 1, the RCMP has stated it will not change the Definition of Bidder and confirmed this in response to three inquiries. MTC1/RTC2 shows that the RCMP is seeking firms with global Public Safety experience. MTC4 also clearly indicates the importance of global alliances with technology firms. Any of the Bidders that could provide these capabilities by their nature are organized to deliver this capability through their parent (Global Alliances would need to be held by the Parent organization) and affiliates operating in each country. PSPC has provided this reasonable accommodations on its prior similar RFPs in the past year for similar scope. In order to allow the type of firms being sought to bid, we respectfully request the addition of Parent and Affiliate to Mandatory and rated criteria, at a minimum for MTC1/RTC2 and MTC4.

**A29.** Canada revises the RFP as follows:

At Form 2, Mandatory Technical Criteria, revise MTC4 as follows:

<b>MTC4</b>	<p><b>Global Alliances</b></p> <p>The Bidder must demonstrate that it has Global Alliances* at least two of four of the following software companies: Amazon Web Services, Oracle, SAP, and Microsoft by the closing date of this bid solicitation.</p> <p>The Bidder must provide the following information for each alliance:</p> <ol style="list-style-type: none"> <li>i. Name of the software company;</li> <li>ii. Name and description of the alliance;</li> <li>iii. Date the alliance was formed (month and year).</li> </ol> <p>Please note: For this mandatory technical criteria only, the experience of the Bidder, its parent companies, subsidiaries, affiliates or other proposed associated entities of the Bidder, or its proposed sub-contractors will be considered.</p> <p>*Global Alliance is defined as a formal agreement between the above software companies which provides access to and brings together dedicated professionals from each company with expertise in the specific software.</p>

**Q30.** [The Bidder] wanted to reach out to see if it is possible to connect to discuss the unwillingness to amend the definition of bidder for this RFP?

The RFP clearly seeks global experience and in order to bring the full experience of our firm to the table we require the ability to present the experience and expertise that we can provide through our network of firms, which for tax purposes are structure as a network of affiliates.

**A30.** Please refer to Response 29.

Canada revises the RFP as follows:

**Canada extends the solicitation period to October 22, 2021 at 2:00 pm (EDT).**
