This amendment 002 is being raised to answer questions submitted by bidders and to incorporate the following information into Solicitation No. 01633-220180/A:

**(1) Extend the closing date of the solicitation**

**Delete:** Closing date October 21, 2021 at 2 pm (MDT)

**Insert:** Closing date October 28, 2021 at 2 pm (MDT)

**(2) Question & Answer**

Q1 Annex A, Compliance Matrix Table, Specification 2.1

Please confirm the rated payload requirement of the trailer. Please clarify the requirement for two (2) 15000 kg axles (2x 15000kg axles are not typical in a pintle hitch trailer).

A1. This should be two 15000 lbs axles or equivalent load rating in KG. See amendment on Annex A.

Q2. Annex A, Compliance Matrix Table, Specification 2.2

Please clarify if the main working deck is 25 feet long or the trailer's overall length is 25 feet long. What is the preferred overall width of the trailer (deck plus side rub rails)? Please clarify if it is a "between wheels" or "deck over" configuration. Please clarify the requirement for height of main working deck.

A2. The deck is 25 ft long. Overall width of trailer is minimum 100" to maximum 105". Configuration is deck over trailer. Deck height from the ground is minimum 32" to maximum 38". See amendment on Annex A.

**(3) On Page 11 – 14 of 25, Annex A - Requirement**

**Delete:** Annex A - Requirement in its entirety

**Insert:**

**ANNEX "A"**  
**REQUIREMENT**  
**(Amended on Oct 13, 2021)**

For the supply and delivery of one (1) new 25 foot pintle hitch trailer for Agriculture and Agri-Food Canada, Research & Development Centre, Brandon, Manitoba.

**Delivery Point:**

Agriculture and Agri-Food Canada  
Brandon Research & Development Centre  
2701 Grand Valley Road  
Brandon, MB R7A 5Y3  
Canada

**Background:**

The Field Services Team at the Brandon Research Centre would like to purchase a 25 foot long pintle hitch trailer. This trailer will be used for hauling water on site and to our 3 off site locations. As well as transporting fertilizer and seed to the field. The trailer will be used on a mixture gravel and paved roads, with and without a load.

**Performance Specifications:**

Refer to the Compliance Matrix for the complete performance specifications and instructions that must be satisfied in order for a ("bid") to be deemed responsive.

## COMPLIANCE MATRIX – MINIMUM MANDATORY PERFORMANCE SPECIFICATIONS

### Instructions to Bidders

1. A complete list of the mandatory evaluation criteria are detailed in the Compliance Matrix below.
2. Bids which fail to meet all of the mandatory evaluation criteria will be declared non-responsive.
3. Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they meet each mandatory evaluation criteria. Bidder should demonstrate their capability in a thorough, concise and clear manner.
4. The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation or stating, without any substantiating information, that a bidder is compliant will not be sufficient.
5. Substantiating information may include, but is not limited to, specification sheets, technical brochures, photographs or illustrations. If published supporting technical documentation is not available, the Bidder should prepare a written narrative complete with a detailed explanation of how its bid demonstrates technical compliance. All substantiating information should be provided with the bid at solicitation closing date. It is the Bidders responsibility to ensure that the submitted supporting technical documentation provides detail to demonstrate that the proposed product(s) meet the requirements of the evaluation criteria.
6. If the supporting documentation referenced above has not been provided at bid closing, the Contracting Authority will notify the Bidder that they must provide supporting documentation within two (2) business days following notification. Failure to comply with the request of the Contracting Authority within that time period, will deem the bid non-responsive and the bid will be given no further consideration.
7. In order to facilitate the evaluation of the bid, Canada requests that bidders address and present the topics in the order of the evaluation criteria, and include a grid in their proposal, containing the information which demonstrates how the bidder meets each evaluation criteria. Alternatively, and to avoid any duplication, bidders may also refer to the different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.
8. Bidders must address any concerns with the performance specifications in written detail to the Contracting Authority before bid closing as outlined in the Request for Proposal (RFP) document.

**COMPLIANCE MATRIX – MINIMUM MANDATORY PERFORMANCE SPECIFICATIONS:**

Requirement:	Manufacturer(s) offered	Model Number(s) Offered:
25 foot pintle hitch trailer		

Item #	Performance Specification	Status (M) Mandatory	Performance Specification Offered:  Bidder should indicate how they meet the performance specification by recording this information in this column	Cross Reference:  In this column, Bidders <u>should</u> cross-reference where this performance specification is indicated in their supporting documents
