

Questions 11-12 RFP ISED 200774

11. In keeping with the Statement of work would ISED consider changing RT6 to the following please:

RT6 The Bidder should demonstrate that the proposed resource(s) has experience with a project of a MM module or P2P implementation within the Government of Canada, including analysis of business requirements, design and development (configuration), unit, system and acceptance testing, installation, conversion, training and documentation within the past ten (10) years.

No, because RT6 would become e as RT3 as opposed to complement it.

12. Would the client consider a candidate working 4 days a week?

Yes
