Amendment 002 – this amendment is raised to add direct deposits and wire transfers as a form of bid security):

Due to the impacts from the COVID-19 pandemic, temporary measures are being taken on-site at the Ontario Region Bid Receiving Unit to encourage social distancing. The health and safety of staff and suppliers remains our top priority.

Suppliers are required to submit bids electronically using the Canada Post epost Connect application for the subject bid solicitation. This service allows suppliers to submit bids, offers and arrangements electronically to PWGSC Bid Receiving Units. This online service enables the electronic transfer of large files up to Protected B level. Please refer to SI06 Submission of Bid for additional details. Bidders should also note the requirements set out in SI05 Bid Security Requirements and that only electronic bid bonds, direct deposits and wire transfers will be accepted as bid security. A scanned copy of a bond does not constitute an electronic bond. Certified cheques, bank drafts, standby Letters of Credit and hard copy bid bonds will not be acceptable.

SI05 BID SECURITY REQUIREMENTS

R2710T - General Instructions - Construction Services - Bid Security Requirements is modified as follow:

Delete GI08 Bid Security Requirements and replace with the following:

1. The Bidder shall submit bid security by bid closing in the form of a bid bond or a security deposit in an amount that is equal to not less than 10 percent of the bid amount. Applicable Taxes shall not be included when calculating the amount of any bid security that may be required. The maximum amount of bid security required with any bid is \$2,000,000.
2. A bid bond (form PWGSC-TPSGC 504) shall be in an approved form, properly completed, with valid and enforceable signatures and sealed by the approved bonding company whose bonds are acceptable to Canada either at the time of solicitation closing or as identified in Treasury Board Appendix L, Acceptable Bonding Companies.
 - 2.1 A bid bond must be submitted in an electronic format (Electronic Bonding (E-Bond)) and must meet the following criteria:
 - a. The version submitted by the Bidder must be an electronic encrypted file with embedded digital certificate verifiable by Canada with respect to the totality and wholeness of the bond form, including: the content; all digital signatures; all digital seals; with the Surety Company, or an approved verification service provider of the Surety Company.
 - b. The version submitted must be viewable, printable and storable in standard electronic file formats compatible with Canada, and in a single file, allowable format pdf.
 - c. The verification may be conducted by Canada immediately or at any time during the life of the Bond and at the discretion of Canada.
 - d. The results of the verification must provide a clear, immediate and printable indication of pass or fail regarding Item 2.1.a.
 - e. Submitting copies (**non-original, non-verifiable or scanned copy**) of signed and sealed bid bond are not acceptable. Failure to submit an original or verifiable bond will render the bid non-compliant. Non-compliant bids will be given no further consideration. A scanned copy of a bond does not constitute a digital bond.
 - 2.2 Bonds failing the verification process will NOT be considered valid.

- 2.3 Bonds passing the verification process will be treated as original and authentic.
3. A security deposit shall be a direct deposit or wire transfer in accordance with the instructions provided by the Contracting Authority. Bidders who choose to submit a security deposit must request these instructions from the Contracting Authority. This request should be made at least 6 working days before bid closing. All forms of bid security including electronic bid bonds, direct deposits and wire transfers must be received by PWGSC no later than date and time for bid closing.
 4. Bid security shall lapse or be returned as soon as practical following
 - a. the solicitation closing date, for those Bidders submitting non-compliant bids; and
 - b. the administrative bid review, for those Bidders submitting compliant bids ranked fourth to last on the schedule of bids; and
 - c. the award of contract, for those Bidders submitting the second and third ranked bids; and
 - d. the receipt of contract security, for the successful Bidder; or
 - e. the cancellation of the solicitation, for all Bidders.
 5. Bid security in the form of direct deposits may take longer to be returned and may take a minimum of a week from the conditions set out in paragraph 4.
 6. Notwithstanding the provisions of paragraph 4 of GI08 and provided more than three compliant bids have been received, if one or more of the bids ranked third to first is withdrawn or rejected for whatever reason then Canada reserves the right to hold the security of the next highest ranked compliant bid in order to retain the bid security of at least three valid and compliant bids.
 7. If the security deposit was paid into the Consolidated Revenue Fund of Canada, Canada shall pay interest thereon to the Contractor at a rate established pursuant to section 21(2) of the Financial Administration Act (FAA).
