This amendment is raised to address the following:

- To respond to questions received during the solicitation period.

Questions and Answers

Q18: If a Respondent is deemed a Qualified Respondent, is it possible to have the conditional letter of support or a draft letter earlier so that we could include it in our proposal review process? Can you provide us any other dates or insight into the LEAP process so that we can align it with ours?

A18: As specified in Amendment No. 01 to this ITQ, the CSA plans to issue the conditional Letter of Support to the Qualified Respondents by mid-December 2021 or sooner if possible. Those respondents who meet all of the requirements of the ITQ through a formal evaluation conducted by Canada during this ITQ process will be referred to as "Qualified Respondents" and will be provided with a conditional Letter of Support from CSA confirming available funding for the proposed work in support of their response to this NASA PRISM call. Participation in this ITQ and obtaining a Letter of Support from CSA will be a condition and prerequisite to participate in the subsequent phase of the procurement process should the partnered U.S. team proposal be selected.

Furthermore, Section 2.1 Table 1: Summary of Anticipated Procurement Phases and Objectives, summarizes the objectives and target dates of each anticipated phase of the multi-phase procurement process.
