1.6 Anticipated migration to an e-Procurement Solution (EPS)

Canada is currently developing an online EPS for faster and more convenient ordering of goods and services. In support of the anticipated transition to this system and how it may impact any resulting Standing Offer that is issued under this solicitation, refer to 6.13 Transition to an e-Procurement Solution (EPS).

The Government of Canada's [press release](#) provides additional information.

PART 2 - OFFEROR INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

Offerors who submit an Offer agree to be bound by the instructions, clauses and conditions of the RFSO and accept the clauses and conditions of the Standing Offer and resulting contract(s).

Subsection 5.4 of [2006](#), Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days

Insert: 90 days

2.2 Submission of Offers

Offers must be submitted only to the Public Works and Government Services Canada (PWGSC) Bid Receiving Unit specified below by the date and time indicated on page 1 of the RFSO:

PWGSC Ontario Region Bid Receiving Unit

Only offers submitted using epost Connect service will be accepted. The Offeror must send an email requesting to open an epost Connect conversation to the following address:

TPSGC.oreceptiondessomissions-orbidreceiving.PWGSC@tpsgc-pwgsc.gc.ca

Note: Offers will not be accepted if emailed directly to this email address. This email address is to be used to open an epost Connect conversation, as detailed in Standard Instruction [2006](#), or to send offers through an epost Connect message if the Offeror is using its own licensing agreement for epost Connect.

It is the Offeror's responsibility to ensure the request for opening an epost Connect conversation is sent to the email address above at least six days before the Request for Standing Offers closing date.

Transmission of offers by facsimile or hardcopy to PWGSC will not be accepted.

2.3 Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than 7 calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that offerors do so, so that the proprietary nature of the question(s) is

eliminated, and the enquiry can be answered to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

2.4 Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

2.5 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential offerors to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages offerors to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Offerors should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Offerors should therefore act quickly when they want to challenge any aspect of the procurement process.

PART 3 - OFFER PREPARATION INSTRUCTIONS

3.1 Offer Preparation Instructions

The Offeror must submit its offer electronically in accordance with section 08 of the 2006 standard instructions. The epost Connect system has a limit of 1GB per single message posted and a limit of 20GB per conversation. Each section of the offer must be prepared and separated as follows:

Section I: Financial Offer
Section II: Certifications

Offers transmitted by facsimile or hardcopy will not be accepted.

Section I: Financial Offer

Offerors must submit their financial offer in accordance with Annex B, Basis of Payment.

3.1.1 Electronic Payment of Invoices - Offer

If you are willing to accept payment of invoices by Electronic Payment Instruments, complete Annex "1" Electronic Payment Instruments, to identify which ones are accepted.

If Annex "1" Electronic Payment Instruments is not completed, it will be considered as if Electronic Payment Instruments are not being accepted for payment of invoices.

Acceptance of Electronic Payment Instruments will not be considered as an evaluation criterion.

3.1.2 Exchange Rate Fluctuation

C3011T (2013-11-06), Exchange Rate Fluctuation

Section II: Certifications Offerors must submit the certifications and additional information required under Part 5.

Offerors are encouraged to submit the voluntary questionnaire in Annex G Social Procurement Supplier Self-Identification Form.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Offers will be assessed in accordance with the entire requirement of the RFSO including the financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.

4.1.1 Financial Evaluation

4.1.1.1 Mandatory Financial Criteria

- i. The Offerors must submit with their offers, their proposed pricing information in accordance with Annex B – Basis of Payment, in Canadian Funds excluding applicable taxes. Pricing must be provided for any line item for each zone the Offerors are submitting their respective offers. Failure to submit a line item's pricing information according to criteria of columns O, P, Q and R of Annex B – Basis of Payment will result in the line item being disqualified and fail the mandatory financial criteria for the particular line item. For instance, for column Q, the item measurement unit must be picked from the drop-down menu. If that item measurement unit is altered then that line item will be disqualified for not having met the mandatory financial criteria.
- ii. If the Offeror chooses to insert their Product Codes under Column M, each product code must be unique. Duplicate Supplier Product Codes will result in disqualification of all line items with the identical product codes.
- iii. The Offeror must provide a maximum mark-up percentage for Special Orders for each zone they are offering to supply. If the mark-up percentage is left blank in the offer, an amount of 0% will be assumed and used in any resulting Standing Offer.
- iv. Up to three (3) Standing Offers will be issued for each zone.
- v. Offers will be evaluated based on prices detailed in Annex B – Basis of Payment.
- vi. Offers for each zone will be evaluated separately.

4.2 The Financial Evaluation will take place as follows:

Line items will be evaluated based on the Firm Unit of Measure (UoM) Price, which is calculated using the "Numbers of Units per case", "Weight or Volume per Unit", "Item Measurement Unit", and "Price Per Unit of Supply".

In the even that three (3) or fewer offers are received:

- a. All items will be evaluated separately on a line item basis. The Offeror offering the lowest UoM Price will be issued the line item.
- b. If multiple Offerors submit the same UoM Price for an item, PWGSC will issue the line item to the Offeror who offers the greatest number of lowest priced line items.

In the event that more than three (3) offers are received:

- a. (i) In order to determine the top three Offerors, PWGSC will use the lowest priced items as per the UoM Price; and
- (ii) In the event that the same UoM Price is received from multiple Offerors for one line item, PWGSC will issue this line item to the Offerors with the greatest number of lowest priced items.
- b. **Step 1:** All offers will be evaluated on a line item basis.

The three offers with the greatest number of lowest UoM Price line items will proceed to Step 2 of the evaluation. The remaining offers will receive no further evaluation.

Step 2: Of the three offers identified from Step 1, each line item will be evaluated again based on the UoM Price and the line item will be issued to the Offeror who offers the lowest UoM Price for the line item.

Example 1: Evaluation process when more than three (3) offers are received

The table below represents an example if more than 3 offers are received as outlined above.

Offeror	Items offered out of 100	Evaluation Step 1	Evaluation Step 2
Offeror A	100	12	
Offeror B	100	46	51
Offeror C	86	18	21
Offeror D	59	24	28

- c. As shown in Example 2 below, if the top two (2) Offerors have been determined and another two (2) or more Offerors have the same number of lowest UoM Price line items (i.e., resulting in a tie for issuance of a third Standing Offer), PWGSC will issue the third Standing Offer to the Offeror who has the highest total estimated usages of the line items where they have the lowest UoM Price.

Example 2: Evaluation process when 2 offers tie for having the same numbers of lowest UoM Price line items

Offeror	Items offered	Step 1 Item Distribution	Total Estimated Usages	Step 2 Item Distribution
Offeror A	100	12	962	
Offeror B	100	46		48
Offeror C	86	30		35
Offeror D	59	12	2,318	17

Note: In example 2, Offeror A and Offeror D both have 12 items where they are offering the lowest UoM Price after Step 1 of the evaluation process. It was then determined that Offeror D has the lowest UoM Price on items with the highest total estimated usages. The 12 items where Offeror A has the lowest UoM Price were then included in Step 2 evaluation, where all line items are issued to one of the top 3 Offerors (Offer B, C and D) who offer the lowest UoM Price for each of those 12 line items.

4.2.1 Preferential Margin for social and green products

For evaluation purposes only:

Please refer to Annex F – Environmental Commitments for the lists of Environmental Commitment descriptions and the acceptable supporting documents required in order to demonstrate compliance for each Commitment.

When possible, we recommend that Offerors propose green products or social products certified by a third party for an ecological or social attribute. For every Environment Commitment demonstrated by the Offeror, a Preferential Margin of 1% will be applied to the Offeror's "Price per Unit of Supply" for every line item in every zone offered by the Offeror in accordance with Annex F. Up to a maximum of 5% Preferential Margin could be applied to "Price per Unit of Supply" for each individual Line Item in each zone offered by the Offeror.

Example of application of preferential margin:

Example 1:

- Offeror A submits pricing information in accordance with Annex B for 'Apples' for each zone.
- Offeror A's 'Price per Unit of Supply' for 'Apples' before Preferential Margin is \$10.00.
- Offeror A also submits in their offer, the acceptable supporting documents requested in Annex F – Environmental Commitments.
- After evaluation of the Offeror's response to Annex F, Canada determines that the Offeror has submitted the correct and acceptable supporting documents to demonstrate their compliance to 3 out of 5 Environment Commitments.
- Therefore, a Preferential Margin of 3% will apply to the Offeror A's 'Price per Unit of Supply' for 'Apples' for each zone they offer to supply.
- Offeror A's final Unit of Measure Price for 'Apples' is $\$10.00 \times (100-3) \% = \9.70 .

NOTE: UPON THE ISSUANCE OF STANDING OFFERS, THE PRICE PER UNIT OF SUPPLY FOR EACH LINE ITEM WILL REMAIN UNCHANGED FROM THE OFFER. THE PREFERENTIAL MARGIN WILL BE APPLIED ONLY FOR EVALUATION PURPOSE.

Example 2:

- Offeror B submits pricing information in accordance with Annex B for 'Apples' for each zone.
- Offeror B's 'Price per Unit of Supply' for 'Apples' before Preferential Margin is \$9.80.
- Offeror B does not submit a response to Annex F – Environmental Commitments
- Therefore, the Preferential Margin will NOT apply to the 'Price per Unit of Supply' for any line item offered by Offeror B.
- Offeror B's final Unit of Measure Price for 'Apples' is \$9.80.

4.2.1.1 Rebids

- a. Offerors who submit an offer in response to a solicitation posted on www.buyandsell.gc.ca but are not issued a Standing Offer will be considered as qualified suppliers who may participate in the rebid period(s) identified in Annex B-1 – Rebid;
- b. It is the Offerors' and qualified suppliers' responsibility to submit their revised pricing to the Standing Offer Authority by the due date(s) identified in Annex B-1 – Rebid.

4.2.2 Evaluation of Price

SACC Manual Clause [M0220T](#) (2016-01-28), Evaluation of Price-Bid

4.3 Basis of Selection

An offer must comply with the requirements of the RFSO to be declared responsive.

If three (3) or fewer offers are received, the responsive offer with the greatest numbers of successful lowest UoM price line items, on a line item basis, will be recommended for issuance of a Standing Offer.

If more than three (3) offers are received, the three (3) responsive offers with the greatest numbers of successful lowest UoM price line items, on a line item basis, will be recommended for issuance of Standing Offers.

A maximum of three (3) Standing offers will be awarded for each zone.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Offerors must provide the required certifications and additional information to be issued a standing offer.

The certifications provided by offerors to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare an offer non-responsive, will have the right to set-aside a standing offer, or will declare a contractor in default if any certification made by the Offeror is found to be untrue whether made knowingly or unknowingly during the offer evaluation period, during the Standing Offer period, or during the contract period.

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Standing Offer Authority will render the offer non-responsive, result in the setting aside of the Standing Offer or constitute a default under the Contract.

5.1 Certifications Required with the Offer

Offerors must submit the following duly completed certifications as part of their offer.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all offerors must provide with their offer, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to the Issuance of a Standing Offer and Additional Information

The certifications and additional information listed below should be submitted with the offer, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Standing Offer Authority will inform the Offeror of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the offer non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Offeror must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Federal Contractors Program for Employment Equity - Standing Offer Certification

By submitting an offer, the Offeror certifies that the Offeror, and any of the Offeror's members if the Offeror is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list) available at the bottom of the page of the [Employment and Social Development Canada-Labour's](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4) website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4>).

Canada will have the right to declare an offer non-responsive, or to set-aside a Standing Offer, if the Offeror, or any member of the Offeror if the Offeror is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of issuing a Standing Offer or during the period of the Standing Offer.

The replacement produce must be approved by the Project Authority and Contracting Authority.

4.8 Substitutions

- 4.8.1 The Contractor must supply the products in the size quoted and outlined in the Basis of Payment. No deviation from that size will be acceptable unless the stated size is no longer available to the industry. The Contractor must notify the Standing Offer Authority to obtain their acceptance of the replacement size;
- 4.8.2 If the Contractor is proposing a substitute item, it must be with an item of equal or higher quality. A substitute product of lesser quality will not be accepted.

4.9 Inspection and Acceptance

- 4.9.1 Final inspection and acceptance of product(s) rests solely with the consignee at the point of delivery. All products supplied must be free of signs of deterioration, spoilage, filth, or damage by rodents or insects. The consignee has the right to reject products at the time of delivery and unacceptable product(s) must be removed immediately by the Offeror;

For example, raw meat must not be packaged together with fresh mushrooms if the Contractor holds more than one Standing Offer and is delivering different categories at the same time;
- 4.11.3 The Contractor must use every effort to utilize environmentally preferable packaging. The Government of Canada strives to ensure that the goods and services it procures advance the protection of the environment by integrating sustainable packaging specifications. All packaging

material related to this procurement, to the best extent, should be reusable, recyclable or compostable in accordance with the definitions set forth below. Excluded material can also be found.

4.11.4 Sustainable packaging specifications

All packaging material related to this procurement should be reusable, recyclable or compostable in accordance with the following definitions:

- **Packaging**

Product to be used for the containment, protection, handling, delivery, storage, transport and presentation of goods. (Source: ISO 21067-1:2016, Clause 2.1.1)

- **Reusable**

Designed to be used multiple times for the same purpose with minimal, if any, processing.

A characteristic of a product or packaging that has been conceived and designed to accomplish within its life cycle a certain number of trips, rotations or uses for the same purpose for which it was conceived. (Source: CAN/CSA-ISO 14021, Clause 7.12.1.1)

- **Recyclable**

Capable of being diverted from the waste stream through available processes and programs and can be collected, processed and returned to use in the form of raw materials or products. (Source CAN/CSA-ISO 14021, Clause 7.7.1)

- **Recyclable packaging**

Packaging or a packaging component is recyclable if its successful post-consumer collection, sorting, and recycling is proven to work in practice and at scale. This means that there is an existing (collection, sorting and recycling) system in place that actually recycles the packaging and that covers significant and relevant geographical areas as measured by population size. (Source: adapted from the EMF New Plastics Economy Global Commitment)

- **Compostable**

A characteristic of a product, packaging or associated component that allows it to biodegrade, generating a relatively homogeneous and stable humus-like substance. (Source: CAN/CSA-ISO 14021, Clause 7.2.1)

NOTE: for packaging to be considered compostable it must be certified against the current standards (i.e., CAN/BNQ 0017-08 or ASTM D6400); it should also be proven that the certified packaging can be composted in practice and at scale, meaning that there is an existing (collection, sorting and recycling) system in place that actually composts the packaging and that covers significant and relevant geographical areas as measured by population size.

- **Excluded material**

Often times packaging tape does not comply with the sustainable packaging specifications as reusable, recyclable or compostable material. As a result, packaging tape is considered to be excluded from the sustainable packaging specifications until more market readiness studies become available to determine otherwise.

4.12 Access to Correctional Service Canada (CSC)

- 4.12.1 The Contractor must ensure that delivery staff carry proof of identity at all times, or they will be denied access to the location.
- 4.12.2 The delivery vehicles may be subjected to a search when entering and exiting the location.
- 4.12.3 Under the authority of the Corrections and Conditional Release Act, personal information is collected in order to authorize access to a federal institution.

The Contractor must notify the Project Authority on the call-up immediately of any product which is subject to a product recall by a manufacturer. The Contractor must pick-up the product recall within twenty-four (24) hours of the recall notice. The Contractor must offer a comparable substitute product at no additional expense or provide a credit note for reimbursement of the recalled product

7. Miscellaneous Items

- 7.1 Miscellaneous items are items that are not specified in Annex B and are not required by the client on a regular basis.
- 7.2 Miscellaneous items will be paid in accordance with the % mark-up outlined in Annex B and the Contractor's regular, seasonal and sale catalogues or current published price lists in effect at the time of call-up.
- 7.3 The total amount of miscellaneous items incorporated on any call-up must not exceed 25% the individual call-up total value (taxes included).

8. Environmental Considerations

- 8.1 The Contractor is responsible for determining if pallets should be used. If pallets are used, the Contractor must have a pallet tracking system in place. The Contractor must ensure that the number of pallets delivered to a location is the same number returned monthly. The Contractor must maintain a record of the number of pallets delivered to and returned by for each delivery location on a monthly basis. SOCIAL PROCUREMENT SUPPLIER SELF-IDENTIFICATION FORM

1. Context

Public Works and Government Services Canada (PWGSC). PWGSC is committed to modernizing procurement practices so they are simpler, less administratively burdensome, and include practices that support our social, environmental and economic policy goals. This includes the department's commitment to increasing economic growth and diversity among small and medium enterprises, and underrepresented groups.

PWGSC is gathering voluntary supplier information in all food and beverage Request for Standing Offers (RFSO) to identify the diversity profile of its suppliers and seek feedback on Social Procurement. Below you will find definitions as well as voluntary questions to help us better understand the composition of underrepresented groups or Indigenous/Aboriginal groups within the food and beverage industry.

2. Definitions

Social procurement

At PWGSC, social procurement is defined as procurement that leverages the government's buying power in order to generate positive societal impacts. A social procurement could include, for example, a strategy of purchasing goods and services from targeted underrepresented suppliers and social enterprises, or incorporating social benefits criteria into the procurement.

Underrepresented group

Social procurement can provide opportunities for various groups that are traditionally underrepresented in employment and/or economically disadvantaged. An underrepresented group can include representatives from specific social, cultural, or economic segments of the population such as: women, persons with disabilities, visible minorities, etc.¹

Underrepresented supplier

In the context of social procurement at PWGSC an underrepresented or disadvantaged² supplier is a business owned or led (i.e., 51% majority control or effective management of the business)³ by a member of an underrepresented group (e.g., women, persons with disabilities, visible minorities⁴, etc.).

Indigenous Supplier

In the context of social procurement at PWGSC an Indigenous supplier's business must meet the following criteria:

- Is at least 51% owned or led (i.e., operated or controlled) by an individual of Indigenous heritage, an Indigenous community, or an Aboriginal Development Corporation;
- Is structured as a sole proprietorship, a limited company, a co-operative, a partnership, a not-for-profit organization, or a joint venture; and,
- Physically resides in Canada.

¹ These terms are taken from the *Employment Equity Act*'s designated groups; however, other groups may be considered, for example: veteran, LGBTQ2+, unemployed, youth, ex-offenders or recent immigrant.

² The term "underrepresented" or "minority" are types of disadvantages.

³ The term "led" or "leadership", in the PWGSC mandate letter context, is interpreted as operated or controlled, which implies control of the management and daily business operations.
