Solicitation Amendment No. 001

This solicitation is hereby amended to provide the following questions and answers:

Q1: Do the height adjustable tables require a modesty, cable tray for the power bar and flexible vertical wire management?

A1: Yes, the height adjustable desks require a modesty panel to hide the power and cable connections as well as vertical cable management (to support the height adjustment feature). This should allow either free standing setup or connected (Desk to Desk) cable and power management.

Q2: Would also like to know if an 8 foot cord would be acceptable for the power plug strip instead of the 10 foot that is requested in the document.

A2: Due to the proposed desk configuration and for flexibility of the classroom space, a min 10' or 3M cord is required on the power bar.

If your bid has already been forwarded and you wish to revise same, this revision should be sent in accordance with the solicitation before the appropriate closing date.

All other terms and conditions of the solicitation document remain unchanged.
