ADDENDUM #4

Questions and Answers

Q1. After the contractor completes the recruitment outreach process and there are no responses or interest from Inuit candidates, what is the impact on the contractor?

A1. We'll generate the interest. Also, I would expect the work is completed in such a way that it can be reused - with or without the contactor - from year to year.

Q2. I'm from (company name), a Inuit-owned social enterprise based in Igloodik, Nunavut. We're interested in bidding on the orientation for Inuit employees and were wondering if an example of the aptitude test was available.

A2. Unfortunately the aptitude is not available. Attached are copies of practice aptitude tests.

All other Terms and Conditions for this requirement remain unchanged.
