Q: In reference to Form B line #A9 all listed documents will be provided at the time of delivery and after production.

Please confirm we do not need to submit a copy of each document at the time of bid submission as there is no document prior to manufacturing.

A: Correct. Although the installation instructions, electrical service requirements would be useful to have before the equipment arrives to prepare the lab (but after potential contract is awarded).

ANNEX "A" – STATEMENT OF REQUIREMENT

3.0 Mandatory technical specifications

Delete:

3.10 All material/equipment, works and work methods must be certified to Canadian Standard Association (CSA) standards to the code effective at the time of manufacture. Alternatively, the system may be certified to any of the alternatives cited by the Technical Safety BC organization. **Proof of certification must be provided at the time of bidding.** Compliance to a code alone is insufficient. Certification and any associated costs to certify are the responsibility of the vendor.
