Solicitation Amendment No. 002

Title: Laboratory Temperature monitoring system – Moncton NB & Winnipeg MB

(1) Reference: **Closing date appearing of page one of the solicitation document**
DELETE the closing date of **2021-12-02**; and
INSERT the revised closing date of **2021-12-09**.

(2) This solicitation is hereby amended to provide the following questions and answers:

Question # 4: Room 2-135E at FWI Winnipeg has 4 ultracold freezers noted, but it does not appear on the building plans. Can you please clarify where this room/these freezers are?

Response #4: Room 2-135E is a hallway connecting rooms 2-135A, 2-135B, and 2-135C. There are four (4) ultracold freezers located in this hallway.

Question # 5: Can you also specify what temperature/RH values the controlled environment rooms (2-136, 2-127, and 2-142B) are to be kept at?

Response #5: The controlled environment rooms are kept at the following temperatures: 2-136 = -20C, 2-127 and 2-142b = 4C. The humidity is not controlled nor monitored.

Question # 6: Can you also confirm what the maximum temperature of the incubators will be?

Response #6: The temperature range for the incubators located at the FWI is 15C to 37C. The temperature range for the incubators located at the GFC is 15C to 55C.

Question # 7: For GFC in Moncton, the 2 rooms that are not inside the building are not on the maps, chem Shed B and Chem Shed D. How far are they from the main building, and from each other? Will they be included in the LIAs that will be installed at a later date?

Response #7: The chemical sheds are side-by-side with the farthest located approximately 10 meters from the main building. The LIAS will only be installed in the main building so communication between the sensors in the chemical sheds and the main building must rely on other means.

All other terms and conditions of the solicitation document remain unchanged remain unchanged.

If your bid has already been forwarded and you wish to revise same, this revision should be sent either in a sealed envelope and mailed to the below noted address or by facsimile (506) 851-6759 and reach the undersigned before the appropriate closing date. The solicitation number and the closing date are to be shown on the outside of the sealed envelope or on the facsimile transmission.

All enquiries concerning this amendment are to be forwarded to:
