All enquiries must be submitted in writing to the Contracting Authority no later than five (5) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. 1.7 Submission of Bids

- (a) Bids must be submitted only to PWGSC Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

- (b) Bidders are requested to include Form 1 – Bid Submission with their bids. It provides a common form in which bidders can provide information required for contract award, such as a contact name and the Bidder's Procurement Business Number, etc. Using the form to provide this information is not mandatory, but is recommended. If Canada determines that the information requested on the Bid Submission Form is incomplete or requires correction, Canada will provide the Bidder with an opportunity to do so.

1.8 Certifications and Additional Information

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

1.8.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

1.8.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

1.8.2 Certifications Precedent to Contract Award

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

1.8.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real procurement agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

1.8.2.2 Federal Contractors Program for Employment Equity - Bid Certification

- (a) By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4)" list available at the bottom of the page of the [Employment and Social Development Canada \(ESDC\) - Labour's website](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4) (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4>).
- (b) Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4)" list at the time of contract award.
- (c) Canada will also have the right to terminate the Contract for default if a Contractor, or any member of the Contractor if the Contractor is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4)" (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#s4>) list during the period of the Contract.
- (d) The Bidder must provide the Contracting Authority with a completed annex titled Federal Contractors Program for Employment Equity - Certification, before contract award. If the Bidder is a Joint Venture, the Bidder must provide the Contracting Authority with a completed annex Federal Contractors Program for Employment Equity - Certification, for each member of the Joint Venture.

1.9 Evaluation Procedures

- (a) Bids received will be assessed in accordance with the entire requirement of the bid solicitation.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

1.9.1 Mandatory Criterion

A bid must comply with the requirements of the bid solicitation and meet all mandatory criteria to be declared responsive. For each vaccine proposed, the Bidder must:

- (a) Hold a valid Drug Identification Number (DIN); or
- (b) Provide evidence that the Bidder has submitted a duly completed New Drug Submission to Health Canada, no later than the closing date of this RFP and that Health Canada has accepted the submission for review. A copy of the application and proof of acceptance of the submission for review by Health Canada must be included.

1.9.2 Financial Evaluation

Canada will calculate an evaluated price for each item listed in Annex B based on its total price over both the firm and option years. The evaluated price for each item will be calculated as follows:

[Year 1 Unit Price x Year 1 Quantity] + [Year 2 Unit Price x Year 2 Quantity] + [Option Year 1 Unit Price x Option Year 1 Quantity] + [Option Year 2 Unit Price x Year 2 Quantity] + [Option Year 3 Unit Price x Option Year 3 Quantity]

1.10 Basis of Selection

- (a) For each item in Annex B, the responsive bids with the two lowest evaluated prices will be recommended for award of a contract as follows:
 - (i) If the price difference between the two evaluated prices is 20% or less, the Bidder with the lowest evaluated price will be recommended for an award of 60% of the requirement;
 - (ii) If the price difference between the two evaluated prices is more than 20%, but less than or equal to 30%, the Bidder with the lowest evaluated price will be recommended for an award of 65% of the requirement;
 - (iii) If the price difference between the two evaluated prices is more than 30%, but less than or equal to 40%, the Bidder with the lowest evaluated price will be recommended for an award of 70% of the requirement;
 - (iv) If the price difference between the two evaluated prices is greater than 40%, Canada may, in its sole discretion, award 75% or 100% of the requirement to the Bidder with the lowest evaluated price for that item.
 - (v) Unless 100% of the requirement is awarded to the Bidder with the lowest evaluated price, the Bidder with second lowest evaluated price will be recommended for award for the balance of the requirement.
- (b) If there are two or more bids with identical lowest evaluated prices, the names of all Bidders with identical lowest evaluated prices will be placed in a hat and the first name drawn will be recommended for an award of 60% of the requirement. The second name drawn will be recommended for award for the balance of the requirement. All Bidders with the lowest evaluated price will be invited to witness the event.
- (c) If a bidder indicates in their bid that they are only able to supply a portion of the requirement in any or all contract years and the results of the basis of selection are such that the bidder will be

unable to supply the quantities they would be recommended for award, Canada at its sole discretion reserves the right to declare the bid non-responsive and disqualify it, or to recommend the bidder be awarded the maximum quantities stated in their bid and the second Bidder with one of the two lowest evaluated prices be awarded the balance of the requirement.

1.11 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.12 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

1.13 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

PART 2 - RESULTING CONTRACT CLAUSES

2.1 Security Requirement

There is no security requirement applicable to this Contract.

2.2 Requirement

The Contractor must provide the items detailed under the Requirement at Annex A.

2.3 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in Standard Acquisition Clauses and Conditions Manual (<http://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

2.3.1 General Conditions

2010A (2020-05-28) General Conditions - Goods - Medium Complexity, apply to and form part of the Contract.

2.3.2 Warranty - Amendment to General Conditions 2010A

Section 09, paragraph 1, of General Conditions 2010A, which forms part of the Contract will not apply to Work with a specified expiry date. The following paragraph replaces section 9, paragraph 1, General Conditions 2010A for Work with a specified expiry date:

- (a) Despite inspection and acceptance of the Work by or on behalf of Canada and without restricting any other provision of the Contract or any condition, warranty or provision implied or imposed by law, the Contractor warrants that the Work conforms to the specifications until the expiration date required by the Requirement. The Contractor must, upon the request of Canada, replace at its own expense (including costs of returns and delivery of replacement Work) as soon as possible any supplies that fail to conform or that deteriorates prior to the expiration date required by the Requirement.
- (b) If full replacement is not available in a timeframe acceptable to Canada, then Canada may, in addition to and without prejudice to any other remedy available, choose from one of the following options for the quantity and Contract value of the Work affected:
 - (i) Full and immediate reimbursement;
 - (ii) Equivalent full credit against future purchases under the Contract; or
 - (ii) Partial replacement and partial reimbursement or partial credit.

2.3.3 Payment Period – Amendment to General Conditions 2010A

Section 15 of General Conditions 2010A is deleted and replaced as follows:

- (a) Canada's payment period is 60 days. The payment period is measured from the date an invoice in acceptable form and content is received in accordance with the Contract or the date the Work is delivered in acceptable condition as required in the Contract, whichever is later. A payment is considered overdue on the 61st day following that date and interest will be paid automatically in accordance with the section 16.

- (b) If the content of the invoice and its substantiating documentation are not in accordance with the Contract or the Work is not in acceptable condition, Canada will notify the Contractor within 15 days of receipt. The 60-day payment period begins upon receipt of the revised invoice or the replacement or corrected Work. Failure by Canada to notify the Contractor within 15 days will only result in the date specified in subsection 1 to apply for the sole purpose of calculating interest on overdue accounts

2.3.4 Anti-forced labour requirements - Amendment to General Conditions 2010A

Section 32 of General Conditions 2010A, which forms part of the Contract is inserted as follows:

1. The Contractor represents and warrants that the Work is not mined, manufactured or produced wholly or in part by forced labour. Regardless of who acts as an importer, the Contractor must not during the performance of the Contract, directly or indirectly, deliver Work to Canada or import Work into Canada the importation of which is prohibited pursuant to ss. 136(1) of the *Customs Tariff Act* and tariff item No. 9897.00.00 of the [Customs Tariff – Schedule](#) (as amended from time to time), because it is mined, manufactured or produced wholly or in part by forced labour.
2. If a tariff classification determination is made under the *Customs Act* that the importation of the Work, or any part of the Work, is prohibited, the Contractor must immediately inform the Contracting Authority in writing. Canada may terminate the Contract for default in accordance with section 2010A 23 - Default by the Contractor if the Work or any part of the Work is classified under tariff item no. 9897.00.00 of the [Customs Tariff – Schedule](#) as mined, manufactured or produced wholly or in part by forced labour. If the Contractor is aware that the Work, or any part of the Work, is being or has been investigated regarding whether it is prohibited from entry pursuant to tariff item No. 9897.00.00, the Contractor must immediately inform the Contracting Authority in writing of that investigation.
3. Canada may terminate the Contract for default in accordance with section 2010A 23 - Default by the Contractor if it has reasonable grounds to believe the Work was mined, manufactured or produced in whole or in part by forced labour or linked to human trafficking. Reasonable grounds for making such a determination may include:
 - a. Findings or Withhold Release Orders issued by the United States Customs and Border Protection, under the US [Trade Facilitation and Trade Enforcement Act](#) (TFTEA) of 2015; or
 - b. Credible evidence from a reliable source, including but not limited to non-governmental organizations.
4. Canada may terminate the Contract for default in accordance with section 2010A 23 - Default by the Contractor if the Contractor has, in the past three years, been convicted of any of the following offences under the [Criminal Code](#) or the [Immigration and Refugee Protection Act](#):

- i. section 279.01 (Trafficking in persons);

- vi. subsection 279.03(2) (Withholding or destroying documents - trafficking of person under 18 years); or

Immigration and Refugee Protection Act

- vii. section 118 (Trafficking in persons).

5. Canada may terminate the Contract for default in accordance with section 2010A 23 - Default by the Contractor if the Contractor has, in the past three years, been convicted of an offence in a jurisdiction other than Canada that, in Canada's opinion, is similar to any of the offences identified in paragraphs 4(i) to (vii).
6. For purposes of determining whether a foreign offence is similar to a listed offence, PWGSC will take into account the following factors:
 - i. in the case of a conviction, whether the court acted within its jurisdiction;
 - ii. whether the supplier was afforded the right to appear during the court's proceedings or to submit to the court's jurisdiction;
 - iii. whether the court's decision was obtained by fraud; or
 - iv. whether the supplier was entitled to present to the court every defence that the supplier would have been entitled to present had the proceeding been tried in Canada.
7. Where Canada intends to terminate the Contract under this section, Canada will inform the Contractor and provide the Contractor an opportunity to make written representations before making a final decision. Written representations must be submitted within 30 days from receiving a notice of concern unless Canada establishes a different deadline.
