Description of Work:

Canadian Space Agency requires professional services to recommend implementation options for a Government of Canada (GoC) EO Analytics Platform – Digital Earth Canada (DEC).

Each option evaluated must provide sufficient information (budget, human resources requirements, indicative timeline) and must present trade-off analyses and feasibility assessments that will allow for the selection of a logical way forward on the DEC project.

Additionally, the optional work may be required to create a consolidated Systems Requirements document, carry out a concept definition study, and prepare development plans for follow-on phases. The optional work will contribute to the 1) the preparation a Business Case, 2) the establishment of firm cost estimates, 3) the evaluation of the benefits of the investment and 4) the definition of requirements towards a potential risk mitigation prototype of the recommended solution.

Contract Authority

Contracting Authority: Valérie Geoffroy
Phone Number: 438-364-2385
E-Mail: valerie.geoffroy@asc-csa.gc.ca

Inquiries

Inquiries regarding this RFP requirement must be submitted to the Contracting Authority named above. Request for Proposal (RFP) documents will be e-mailed directly from the Contracting Authority to the Qualified Supply Arrangement Holders who are being invited to bid on this requirement. BIDDERS ARE ADVISED THAT "BUYANDSELL.GC.CA" IS NOT RESPONSIBLE FOR THE DISTRIBUTION OF SOLICITATION DOCUMENTS. The Crown retains the right to negotiate with any supplier on any procurement. Documents may be submitted in either official language.

NOTE: TSPS is the mandatory method of supply for the provision of non-informatics professional services, both task and solutions based, at or above the North American Free Trade Agreement (NAFTA) threshold. This method of supply covers five core areas of expertise that are commonly and nationally used: human resources services; business consulting/change management; project management; real property project management services; and technical engineering and maintenance services.
