AMENDMENT 004

Project Title

Environmental services – Environmental assessment and receiving environment

The purpose of the amendment 004 is to answer question #15 to #19.

QUESTIONS

Question #15 :

Do the points presented in Section 3.1 of Appendix A for each of the required services correspond to a definition that can be reused in the firm's project identification for the Diversity of Required Services criterion (3.3.2.1)?

Answer: Yes

Question: If yes, do the bullets for each of the required services in Section 3.1 of Appendix A correspond to "Or"?

Example:

- Based on impact assessment reports or other sources (such as a requirement issued by a regulatory authority), development of environmental monitoring plans applicable to a project site;

Or

- Conducting on-site environmental monitoring associated with project implementation;

Or

- Preparation of an environmental monitoring report associated with the implementation of a project.

In other words, does a project submitted by the firm that only includes, for example, the development of environmental monitoring plans, meet 1 element of criterion 3.3.2.1?

Answer: Yes

Question #16 :

For the selection of projects, the environmental discipline is often incorporated into the firm's major projects. In the event that the environmental activities are completed as part of a project, but the project is not, can we submit the said project for this service proposal or will we lose points?

Answer:

The project will be considered if all activities in the environmental component of the project are completed.

Id de l'acheteur - Buyer ID
QCL058
N° CCC / CCC No. / N° VME - FMS

Question #17 :

Refer to request EE517-220492/B

Question #18:

Given that Stream 2 - Receiving Environment has more required resources, would it be possible to increase the page limit for this stream?

Answer :

The maximum page limit is increased to 42 for Stream 2 only. For Stream 1, the maximum page limit remains 40.

Question #19:

For Streams 1 and 2 of solicitation EE517-220492/A, we must provide project descriptions to demonstrate the minimum experience of each key resource. Tables 1 and 2 detail the criteria that must be met for each of the positions, i.e., criteria 1.1.4 through 1.1.6, 1.2.4 through 1.2.6, 2.1.4 and 2.1.5, 2.2.4 and 2.2.5, 2.3.4 and 2.3.5.

Can the same project be used to demonstrate the resource's experience under the 2 or 3 required criteria? For example, for the Stream 1 Project Manager, is it acceptable to submit a project that would meet criteria 1.1.4, 1.1.5 and 1.1.6 at the same time? Or, do we need to submit a minimum of 14 projects for this particular line item in order to meet the requirements of the 3 associated criteria (3 projects among those submitted by the firm for criterion 1.1.4 + 6 projects for criterion 1.1.5 + 5 projects for criterion 1.1.6)?

Answer :

The projects submitted may be used to meet more than one of the requirements.

ALL OTHER TERMS REMAIN UNCHANGED
