CANADA'S DIGITAL MARKETPLACE

powered by **TECHNATION**

Demonstrating the power of
B2B and B2G to drive
Canada's economic
recovery

Our vision:

To partner with technology associations and companies across Canada to provide a simple consolidated access point of technology solutions suppliers for Government leaders at all levels. The Marketplace is a one-stop shop for public and private sector officials to view the incredible technological solutions on offer across the country.

Our goal:

To enable agile procurement. In the increasingly digital world, the Digital Marketplace will facilitate agile and flexible government procurement through simple outreach and immediate access to cutting-edge innovation and technology. This is just one step towards transforming digital government and building the digital economy across Canada.
