SI06 SUBMISSION OF BID

Section GI09 of R2710T is replaced by the following:

1. Canada requires that each bid, at solicitation closing date and time or upon request from the Contracting Authority, be signed by the Bidder or by an authorized representative of the Bidder.
2. It is the Bidder's responsibility to:
 - a. submit a bid, duly completed, in the format requested, on or before the solicitation closing date and time set.
 - b. For submissions by epost Connect, see instructions in SI06.2.i below.
 - c. obtain clarification of the requirements contained in the RFP, if necessary, before submitting a bid;
 - d. ensure that the Bidder's name, return address, the solicitation number and description, and solicitation closing date and time are clearly visible on the submission containing the Bid; and
 - e. provide a comprehensive and sufficiently detailed bid that will permit a complete evaluation in accordance with the criteria set out in this RFP.
 - f. send bid only to the Bid Receiving Unit of Public Works and Government Services Canada (PWGSC) specified below, by the date and time indicated on page 1 of the bid solicitation, electronic ePost Connect submission as follows:

i. ELECTRONIC Bid Submission by epost Connect service

- a. Bids must be submitted by using the epost Connect service provided by Canada Post Corporation.
- b. The only acceptable email address to use with epost Connect for responses to solicitation issued by PWGSC is:

Ontario: TPSGC.ORreceptiondessoumissions-ORBidReceiving.PWGSC@tpsgc-pwgsc.gc.ca

Note: Bids emailed directly to this email address will be rejected and deemed non-compliant. This email address is to be used to open an epost Connect conversation, as detailed in c., or to send proposals through an epost Connect message if the Bidder is using its own licensing agreement for epost Connect.

- c. To submit a bid using epost Connect service, the Bidder must either:
 - i. send directly its bid only to the specified PWGSC Bid Receiving Unit, using its own licensing agreement for epost Connect provided by Canada Post Corporation; or

-
- ii. send as early as possible, and in any case, at least six business days prior to the solicitation closing date and time, (in order to ensure a response), an email that includes the bid solicitation number to the specified PWGSC Bid Receiving Unit requesting to open an epost Connect conversation. Requests to open an epost Connect conversation received after that time may not be answered.
 - d. If the Bidder sends an email requesting epost Connect service to the specified Bid Receiving Unit in the solicitation, an officer of the Bid Receiving Unit will then initiate an epost Connect conversation. The epost Connect conversation will create an email notification from Canada Post Corporation prompting the Bidder to access and action the message within the conversation. The Bidder will then be able to transmit its bid afterward at any time prior to the solicitation closing date and time.
 - e. If the Bidder is using its own licensing agreement to send its bid, the Bidder must keep the epost Connect conversation open until at least thirty (30) business days after the solicitation closing date and time.
 - f. The bid solicitation number should be identified in the epost Connect message field of all electronic transfers.
 - g. It should be noted that the use of epost Connect service requires a Canadian mailing address. Should a bidder not have a Canadian mailing address, they may use the Bid Receiving Unit address specified in the solicitation in order to register for the epost Connect service.
 - h. For bids transmitted by epost Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the bid including, but not limited to, the following:
 - i. receipt of a garbled, corrupted or incomplete bid;
 - ii. availability or condition of the epost Connect service;
 - iii. incompatibility between the sending and receiving equipment;
 - iv. delay in transmission or receipt of the bid;
 - v. failure of the Bidder to properly identify the bid;
 - vi. illegibility of the bid;
 - vii. security of bid data; or,
 - viii. inability to create an electronic conversation through the epost Connect service.
 - i. The Bid Receiving Unit will send an acknowledgement of the receipt of bid document(s) via the epost Connect conversation, regardless of whether the conversation was initiated by the Bidder using its own license or the Bid Receiving Unit. This acknowledgement will confirm only the receipt of bid document(s) and will not confirm if the attachments may be opened nor if the content is readable.
 - j. Bidders must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in epost Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the epost Connect system.
 - k. A bid transmitted by epost Connect service constitutes the formal bid of the Bidder.
3. The technical and price components of the bid must be submitted in separate sections as follows:
 - a. The bid should be submitted following a "two-section" procedure of which is to include a technical and financial bid.
 - b. The Technical Bid, and any associated document(s), should be provided in a separate section with the following information clearly provided:
 - Section One - Technical Bid;
 - Solicitation Number; and
 - Name of Bidder.
 - c. The Bid and Acceptance Form (BA), Bid Security and associated document(s), the Financial Bid, should be provided in a separate section with the following information clearly provided:

- Section Two - Financial Bid;
- Solicitation Number; and
- Name of Bidder.

4. Timely and correct delivery of bids to the office designated for receipt of bids is the sole responsibility of the Bidder. PWGSC will not assume or have transferred to it those responsibilities. All risks and consequences of incorrect delivery of bids are the responsibility of the Bidder.
5. Bids and supporting information may be submitted in either English or French.
6. Unless otherwise specified in the Special Instructions to Bidders:
 - a. the bid shall be in Canadian currency; and
 - b. the requirement does not offer exchange rate fluctuation risk mitigation. Requests for exchange rate fluctuation risk mitigation will not be considered. All bids including such provision will render the bid non-responsive.

SI07 OVERVIEW OF OPENING OF BIDS / BID SELECTION AND EVALUATION PROCEDURES

The following is an overview of the opening of the bids and the selection and evaluation procedures.

A. BID

1. Bidders submit the "technical" component of their proposal in one section and the proposed price of the services (price proposal) in a second section in accordance with the instructions contained in the proposal documents.
2. The information that Bidders are required to provide is set out in detail elsewhere in the RFP.

B. Bid Opening, Selection and Evaluation Procedure;

1. There will be no Public opening.
2. Bid Opening, Selection and Evaluation Procedure;
 - a. Section One "Qualifications" will be reviewed prior to the price component of the Financial Bid. Section one will be reviewed to evaluate the submittal requirements. Requirements will be evaluated on a Pass or Fail basis. Failure to meet any or all of the mandatory requirement(s) will render the bid non-compliant and no other consideration will be given to the bid. Section Two will not be considered.
 - b. Section Two - "Financial Bid": The Financial Bid will be a two part submission. The bid security component of the Financial Bid will be evaluated against the mandatory requirements, failure to comply with any or all of the mandatory requirement(s) will render the bid non-compliant and no other consideration will be given to the bid.
3. The responsive bid carrying the lowest price will be recommended for contract award.
4. Bid results may be obtained from the Contracting Authority named on the cover page of the Invitation to tender following completed evaluation.

The debriefing may be in writing, by telephone or in person.

APPENDIX 5 - QUALIFICATIONS FORM (MANDATORY REQUIREMENTS)

MANDATORY QUALIFICATIONS AND SUBMISSIONS

Failure to meet the mandatory requirements will render the proposal as non-responsive and no further evaluation will be carried out. The Mandatory Criteria listed below will be evaluated on a simple pass/fail basis.

M1. Bidder's Experience on Similar Projects:

The Bidder must demonstrate they have substantially completed as a General Contractor within the past ten (10) years from date of bid closing a minimum of one (1) project of similar scope (as described below) to that which is required for this project. The bidder must have acted in a lead role managing the trades and or subcontractors involved in providing structural, electrical, Heating, Ventilation, and Air Conditioning (HVAC), and fire protection systems during the construction to the point of substantial completion of an industrial or agricultural building.

To demonstrate the above the Bidder must submit with their bid the Appendix 5 - Qualifications – Form No. M1. describing a minimum of one (1) and up to three (3) substantially completed project(s) within the past ten (10) years where their work included an industrial or agricultural building with an enclosed area that was 1000m2 *or greater*. Examples of industrial or agricultural buildings would include warehouses, factories, fabrication and assembly shops, and livestock barns.

Appendix 5 - Qualifications – Form No. M1 may be submitted for up to three projects and do not need to be the same as those in M2 and M3. If more than three M1 forms (in other words, more than three projects) are submitted, only the first three will be considered for evaluation purposes.

M2. Bidder's Experience with Managing the Provision of Livestock Penning Systems on Similar Projects:

The Bidder must have acted in a lead role managing the trades and or subcontractors involved in providing livestock penning system such as those described in Division 05 Section 05 52 50 of the Specification, during the construction to the point of substantial completion of an industrial or agricultural building.

To demonstrate the above the Bidder must submit with their bid a completed Appendix 5 - Qualifications – Form No. M2. describing a minimum of one (1) and up to three (3) substantially completed project(s) within the past ten (10) years for a dairy herd of a minimum of twenty-five (25) livestock within an industrial or agricultural building. Examples of industrial or agricultural buildings would include food processing plants, factories, and livestock barns.

Appendix 5 - Qualifications – Form No. M2 may be submitted for up to three projects and do not need to be the same as those in M1 and M3. If more than three M2 forms (in other words, more than three projects) are submitted, only the first three will be considered for evaluation purposes.

M3. Bidder's Experience with Managing the Provision of Dairy Equipment on Similar Projects:

The Bidder must have acted in a lead role managing the trades and or subcontractors involved in providing dairy equipment such as those described in Division 11 of the Specification, during the construction to the point of substantial completion of an industrial or agricultural building.

To demonstrate the above the Bidder must submit with their bid a completed Appendix 5 - Qualifications – Form No. M3. describing a minimum of one (1) and up to three (3) substantially completed project(s) within the past ten (10) years for a dairy herd of at least twenty-five (25) livestock within an industrial or agricultural building. Examples of industrial or agricultural buildings that included food processing plants, factories, and livestock barns.

Appendix 5 - Qualifications – Form No. M3 may be submitted for up to three projects and do not need to be the same as those in M1 and M2. If more than three M3 forms (in other words, more than three projects) are submitted, only the first three will be considered for evaluation purposes.
