PART 1 - GENERAL INFORMATION

1. Introduction

The *Farm Debt Mediation Act* (FDMA) received Royal Assent on April 25, 1997 and came into force on April 1, 1998. The Farm Debt Mediation Service (FDMS) was established to deliver the FDMA. The service provides a streamlined process of mediation to assist insolvent farmers and their creditors to negotiate settlement arrangements, rather than have those disputes result in costly legal proceedings for all parties.

A Mediator is assigned to assist the farmer and creditors explore options for the successful resolution of the case.

To apply for assistance under the FDMA, an individual, corporation, partnership, cooperative or other association of persons must be "engaged in farming for commercial purposes", meaning that the production from their crops, livestock, or other eligible commodities is commercially available for sale as opposed to being grown for the personal use of the farmer or for a person related to the farmer as defined in the regulations. The applicant must also be "insolvent", which is defined in article 6 of the FDMA as follows:

Only farmers:

- who are for any reason unable to meet their obligations as they generally become due;
- who have ceased paying their current obligations in the ordinary course of business as they generally become due; or
- the aggregate of whose property is not, at a fair valuation, sufficient, or if disposed of at a fairly conducted sale under legal process would not be sufficient, to enable payment of all their obligations, due and accruing due.

Under the FDMA, farmers can apply for review and mediation only or for a Stay of Proceedings, review and mediation. There are several factors to consider in deciding how to apply.

Secured creditors are obliged by the Act to serve the farmer with a *Notice of Intent to Realize on Security* before undertaking any action to recover debts. In this case, the farmer would usually choose the FDMS application which includes a Stay of Proceedings to prevent further action by the creditor during mediation. The farmer would also apply for a Stay when being sued for a debt by an unsecured creditor. Though unsecured creditors are not required to provide a Notice of Intent, the Stay still protects the farmer's assets during mediation. If a

Notice of Intent has not been served and legal action has not been taken, the farmer may prefer to apply for review and mediation only, without applying for a Stay.

Once the review and recovery plan are prepared an unbiased mediator is appointed by the Manager to meet with the farmer and their creditors to try and facilitate a comprehensive solution between the parties. Mediators must be free from any conflict of interest in the matters between the farmer and creditors and are expressly forbidden under the FDMA from providing advice to either the farmer or any of the creditors. During the mediation the farmer presents the recovery plan to the creditors and seeks their agreement to a course of action to resolve the current financial difficulties. If the farmer has applied with a Stay, the meeting would involve all creditors. If without a Stay, then the meeting would involve all secured creditors and any other creditors who need to be involved in reaching a settlement. There may be cases where a recovery plan would not be required, such as those situations where the farmer wants to negotiate an agreement for an orderly sale of assets and an exit from farming. At the conclusion of the negotiation it is critical for the parties to obtain either a signed, binding agreement or an agreement-in-principle with a well-defined plan of action for having a final agreement drawn up and signed.

An assessment will be conducted by the FDMS office after completion of the mediation. The assessment will evaluate the participants' satisfaction with the FDMS office, and the mediation services and help to determine possible program changes or enhancements that may be initiated.

You can find more information about the FDMS on AAFC web site:

2. Summary

2.1 One method of supply used by Agriculture and Agri-Food Canada (AAFC) to satisfy the requirements of our programs is to invite suppliers (by way of a Request for Standing Offer (RFSO)) to submit an offer for the provision of services during a specified period. With the completed RFSO process, AAFC is authorized to make call-ups against the resulting SO's detailing the

exact level of services they wish to order at a particular time during the effective period of the SO, in accordance with the predetermined conditions.

A RFSO does not commit AAFC to authorize the utilization of an SO or to obtain services or issue a subsequent Contract to this effect.

A standing offer is not a contract and that the issuance of an SO and Call-up Authority does not oblige or commit Canada to procure or contract for any services listed in the SO. The Offeror understands and agrees that Canada has the right to procure the services specified in the SO by means of any other contract, SO or contracting method.

2.2 The purpose of this Request for Standing Offers (RFSO) is to select Offerors to enter into negotiations with AAFC to issue Departmental Individual Standing Offers (SO) to obtain the services described in the Statement of Work, for Quebec.

The total budget for the SO will be approximately \$80,000.00 based on a maximum of four (4) standing offers.

Services are required for a period of four (4) years, starting at date of issuance of standing offers.

3. Debriefings

After issuance of an SO, Offerors may request a debriefing on the results of the RFSO process. Offerors should make the request to the SO Authority within 15 working days of receipt of the results of the RFSO process. The debriefing may be in writing or by telephone.

4. Office of the Procurement Ombudsman

If you have issues or concerns regarding the solicitation, you have the option of raising them with the department or with the Office of the Procurement Ombudsman (OPO). The Office of the Procurement Ombudsman was established by the Government of Canada to provide an independent avenue for suppliers to raise complaints regarding the award of contracts under \$26,400 for goods and under \$105,700 for services. You have the option of raising issues or concerns regarding the solicitation, or the award resulting from it, with the OPO by contacting them by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa.opo.gc.ca. You can also obtain more information on the OPO services available to you at their website at www.opo-boa.gc.ca.

5. Interpretation

In the Request for Standing Offer, unless the context otherwise requires:

“Call-up” means an order issued by an Identified User duly authorized to issue a call-up against a particular SO. Issuance of a call-up to the Offeror constitutes acceptance of its offer and results in the creation of a Contract between Her Majesty the Queen in right of Canada and the Offeror for the services described in the call-up.

“Canada”, “Crown”, “Her Majesty” or “the Government” means Her Majesty the Queen in right of Canada as represented by the Minister of Agriculture and Agri-Food Canada and any other person duly authorized to act on behalf of that Minister.

“Identified User” means a person or entity identified in the SO and authorized by the SO Authority to make call-ups against the SO.

“Offeror” means the person or entity whose name appears on the signature page of the SO and who offers to provide goods, services or both to Canada under the SO.

“Standing Offer” means the written offer from the Offeror, the clauses and conditions set out in full text, the general conditions, annexes and any other document specified or referred to as forming part of the SO.

PART 2 - OFFEROR INSTRUCTIONS

1. Instructions, Clauses and General Conditions

This part contains general information on AAFC's requirements and general instructions for the preparation and submission of an offer.

Instructions, clauses and conditions identified in the RFSO and the call-up(s) by number, date and title are part of the RFSO, the SO and any resulting Contract as though they were expressly set.

2. Submission of Offers

- 2.1. Canada requires that each offer, at closing date and time or upon request from the SO Authority, be signed by the Offeror or by an authorized representative of the Offeror. If an offer is submitted by a joint venture, it must be in accordance with, PART 3, section 2 of the RFSO.
- 2.2. It is the Offeror's responsibility to:
 - 2.2.1 obtain clarification of the requirements contained in the RFSO, if necessary, before submitting an offer;
 - 2.2.2. prepare its offer in accordance with the instructions contained in the RFSO;
 - 2.2.3. submit a complete offer by closing date and time;
 - 2.2.4. send its offer only to the address specified on page 1 the RFSO;
 - 2.2.5. ensure that the Offeror's name, return address, the RFSO number, and the RFSO closing date and time are clearly visible on the envelope or the parcel(s) containing the offer; and
 - 2.2.6. provide a comprehensible and sufficiently detailed offer, that will permit a complete evaluation in accordance with the criteria set out in the RFSO.
- 2.3. Offers will remain open for acceptance for a period of not less than sixty (60) days from the closing date of the RFSO, unless specified otherwise in the RFSO. Canada reserves the right to seek an extension of the offer validity period from all responsive Offerors in writing, within a minimum of three (3) days before the end of the offer validity period. If the extension of the validity period is accepted by all responsive Offerors, Canada will continue with the evaluation of the offers. If the extension is not accepted by all responsive Offerors, Canada will, at its sole discretion, either continue with the evaluation of the offers of those who have accepted the extension or cancel the RFSO.
- 2.4. Offers and supporting information may be submitted in either English or French.
- 2.5. Offers received on or before the stipulated RFSO closing date and time will become the property of Canada and will not be returned. All offers will be treated as confidential, subject to the provisions of the *Access to Information Act* (R.S.C. 1985, c. A-1) and the *Privacy Act* (R.S.C. 1985, c. P-21).
- 2.6. Unless specified otherwise in the RFSO, Canada will evaluate only the documentation provided with an Offeror's offer. Canada will not evaluate information such as references to web site addresses where additional information can be found, or technical manuals or brochures not submitted with the offer.
- 2.7. An offer cannot be assigned or transferred in whole or in part.

3. Late Offers

- 3.1 AAFC will return offers delivered after the stipulated RFSO closing date and time to the Offeror.

4. Electronic Transmission or Facsimile

- 4.1. Due to the nature of this RFP electronic transmission of proposals by electronic mail to the Department of Agriculture and Agri-Food will be accepted.

5. Legal Capacity

- 5.1 The Offeror must have the legal capacity to enter into a contract. If the Offeror is a sole proprietorship, a partnership or a corporate body, the Offeror must provide, if requested by the SO Authority, a statement and any requested supporting documentation indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business. This also applies to Offerors submitting an offer as a joint venture.

6. Rights of Canada

6.1. Canada reserves the right to:

- a. Accept any Offer in whole or in part, without prior negotiation;
- b. Reject any or all Offers received in response to this RFP;
- c. Cancel and/or re-issue this RFSO at any time;
- d. Ask the Bidder to substantiate any claim made in the Proposal;
- e. Enter into negotiations with one or more Offerors on any or all aspects of their offer;
- f. Award one or more Standing Offers;
- g. Retain all Offers submitted in response to this RFSO.

7. Rejection of Offer

7.1. Canada may reject an offer where any of the following circumstances is present:

- a. the Offeror is bankrupt or where, for whatever reason, its activities are rendered inoperable for an extended period;
- b. evidence, satisfactory to Canada, of fraud, bribery, fraudulent misrepresentation or failure to comply with any law protecting individuals against any manner of discrimination, has been received with respect to the Offeror, any of its employees or any subcontractor included as part of the offer;
- c. evidence satisfactory to Canada that based on past conduct or behaviour, the Offeror, a subcontractor or a person who is to perform the Work is unsuitable or has conducted himself improperly;
- d. with respect to current or prior transactions with the Government of Canada:
 - i. Canada has exercised its contractual remedies of suspension or termination for default with respect to a contract with the Offeror, any of its employees or any subcontractor included as part of the offer;
 - ii. Canada determines that the Offeror's performance on other contracts, including the efficiency and workmanship as well as the extent to which the Offeror performed the Work in accordance with contractual clauses and conditions, is sufficiently poor to jeopardize the successful completion of the requirement being bid on.

7.2. Where Canada intends to reject an offer pursuant to a provision of section 7.1(d), the SO Authority will so inform the Offeror and provide the Offeror ten (10) days within which to make representations, before making a final decision on the offer rejection.

7.3. Canada reserves the right to apply additional scrutiny, in particular, when multiple offers are received in response to a RFSO from a single Offeror or a joint venture. Canada reserves the right to:

- a. reject any or all of the offers submitted by a single Offeror or joint venture if their inclusion in the evaluation has the effect of prejudicing the integrity and fairness of the process, or;
- b. reject any or all of the offers submitted by a single Offeror or joint venture if their inclusion in the procurement process would distort the solicitation evaluation, and would cause a result that would not reasonably have been expected under prevailing market conditions and/or would not provide good value to Canada.

8.0 Communications - Solicitation Period

8.1 All enquiries and other communications with government officials throughout the solicitation period are to be directed ONLY to the SO Authority named below. Noncompliance with this condition during the proposal solicitation period may (for that reason alone) result in disqualification of an Offer.

Andre Gravelle
andre.gravelle@agr.gc.ca

8.2 To ensure consistency and quality of information provided to Offerors, significant inquiries received and the responses to those requests will be provided on buyandsell.gc.ca without the name of the author of the inquiries mentioned.

8.3 Amendment of RFSO:

- 12.3.1. To ensure consistency and quality of information provided to Offerors, any amendment to the RFSO will be posted on buyandsell.gc.ca.

12.3.2. It is the Offeror's responsibility to obtain the original documents and any subsequent documents from Buy and Sell.

9.0 Enquiries

9.1 All enquiries must be submitted in writing to the SO Authority no later than five (5) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered. Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by Offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer.

10. Offer Costs

No payment will be made for costs incurred in the preparation and submission of an offer in response to the RFSO. Costs associated with preparing and submitting an offer, as well as any costs incurred by the Offeror associated with the evaluation of the offer, are the sole responsibility of the Offeror.

11. Conduct of Evaluation

- 11.1 In conducting its evaluation of the offers, Canada may, but will have no obligation to, do the following:
- a. seek clarification or verification from Offerors regarding any or all information provided by them with respect to the RFSO;
 - b. contact any or all references supplied by Offerors to verify and validate any information submitted by them;
 - c. request, before issuance of any SO, specific information with respect to Offerors' legal status;
 - d. conduct a survey of Offerors' facilities and/or examine their technical, managerial, and financial capabilities to determine if they are adequate to meet the requirements of the RFSO;
 - e. verify any information provided by Offerors through independent research, use of any government resources or by contacting third parties; and
 - f. interview, at the sole costs of Offerors, any Offeror and/or any or all of the resources proposed by Offerors to fulfill the requirement of the RFSO.
- 11.2 Offerors will have the number of days specified in the request by the SO Authority to comply with any request related to any of the above items. Failure to comply with the request may result in the offer being declared non-responsive.

12. Conflict of Interest - Unfair Advantage

- 12.1 In order to protect the integrity of the procurement process, Offerors are advised that Canada may reject an offer in the following circumstances:
- a. if the Offeror, any of its subcontractors, any of their respective employees or former employees was involved in any manner in the preparation of the RFSO or in any situation of conflict of interest or appearance of conflict of interest;
 - b. if the Offeror, any of its subcontractors, any of their respective employees or former employees had access to information related to the RFSO that was not available to other Offerors and that would, in Canada's opinion, give or appear to give the Offeror an unfair advantage.
- 12.2 The experience acquired by an Offeror who is providing or has provided the goods and services described in the RFSO (or similar goods or services) will not, in itself, be considered by Canada as conferring an unfair advantage or creating a conflict of interest. This Offeror remains however subject to the criteria established above.
- 12.3. Where Canada intends to reject an offer under this section, the SO Authority will inform the Offeror and provide the Offeror an opportunity to make representations before making a final decision. Offerors who are in doubt about a particular situation should contact the SO Authority before the RFSO closing date. By submitting an offer, the Offeror represents that it does not consider itself to be in conflict of interest nor to have an unfair advantage. The Offeror acknowledges that it is within Canada's sole discretion to determine whether a conflict of interest, unfair advantage or an appearance of conflict of interest or unfair advantage exists.

13. Entire Requirement

13.1 The RFSO contains all the requirements relating to this request for offers. Any information or documentation provided to or obtained by an Offeror from any other source is not relevant. Offerors should not assume that practices used under previous

contracts will continue, unless they are described in this RFSO. Offerors should also not assume that their existing capabilities meet the requirements of this RFSO simply because they have met the requirements of previous RFSOs.

14. Applicable Laws

14.1 The SO and any Contract resulting from the RFSO must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

In their bid submission, bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their proposal, by deleting the Canadian province specified in the previous paragraph and inserting the Canadian province or territory of their choice. If no change is made, the bidder acknowledges the applicable law specified is acceptable to the Bidder.

PART 3 - OFFER PREPARATION INSTRUCTIONS

1. Offer Preparation Instructions

The offer must be completed and signed by the Offeror or an authorized officer of the Offeror. The signature of the Offeror indicates acceptance of the conditions for an eventual SO as stipulated in the RFSO.

2. Joint Venture

- 2.1 A joint venture is an association of two or more parties who combine their money, property, knowledge, expertise or other resources in a single joint business enterprise, sometimes referred to as a consortium, to submit an offer together on a requirement. Offerors who submit an offer as a joint venture must indicate clearly that it is a joint venture and provide the following information:
- a. the name of each member of the joint venture;
 - b. the Procurement Business Number of each member of the joint venture;
 - c. the name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable;
 - d. the name of the joint venture, if applicable.
- 2.2 If the information is not clearly provided in the offer, the Offeror must provide the information on request from the SO Authority.
- 2.3 The offer and any resulting SO must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The SO Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the RFSO and any resulting SO. If an SO is issued to a joint venture, all members of the joint venture will be jointly and severally or solidarily liable for the performance of any Contract resulting from a call-up against the SO.

3. Offer Preparation Instructions

Canada requests that Offerors provide their offer in separately bound sections as follows:

Section I: Technical Offer, 1 electronic copy

Section II: Certification, 1 electronic copy

Canada requests that Offerors follow the format instructions described below in the preparation of their offer:

- a. use 8.5 x 11 inch (216 mm x 279 mm) paper;
- b. use a numbering system that corresponds to that of the RFSO.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process (Policy on Green Procurement: <http://www.tpsgc-pwgsc.gc.ca/ecologisation-greening/achats-procurement/politique-policy-eng.html>). To assist Canada in reaching its objectives, Offerors are encouraged to:

1. use paper containing fibre certified as originating from a sustainably-managed forest and/or containing a minimum of 30% recycled content; and
2. use an environmentally-preferable format including black and white printing instead of colour printing, printing double sided/duplex, using staples or clips instead of Cerlox, duo tangs or binders.

4. Section I: Technical Offer

4.1 The technical proposal should identify the following information:

- a. Type of legal entity;
- b. the name of the official and if different, contact name of the company;

- c. the address, telephone, fax number, e-mail address of the company; and
- d. the reference number of this RFSO: 01B68-21-0090

4.2 In the Technical Proposal, the Offeror should:

- a. explain and demonstrate how they propose to meet the requirements of technical evaluation (Annex "C");
- b. attach curriculum vitae not exceeding 4 pages for each resource proposed

5. Section II: Certification Precedent to Issuance of a Standing Offer

5.1 In order to be awarded a standing offer, the certifications attached in Annex "F" will be required. The certifications should be submitted with the offer. Canada may declare an offer non-responsive if the certifications are not submitted or completed as required. Where Canada intends to reject a proposal pursuant to this paragraph, the SO Authority will so inform the Offeror and provide the Offeror with a time frame within which to meet the requirement. Failure to comply with the request of the SO Authority and meet the requirement within that time frame period will render the offer non-responsive.

5.2 The certifications the Offeror provides to Canada are subject to verification by Canada both during the offer evaluation period (before issuance of an SO) and after issuance of an SO. The SO Authority has the right to ask for additional information to verify Offerors' certifications before issuance of an SO. The offer will be declared non-responsive if any certification claimed by the Offeror is untrue, whether knowingly or unknowingly. Failure to comply with the certifications, to provide the related documentation or to comply with the request of the Standing Offer Authority for additional information will also render the offer non-responsive.

6. Multiple Resources Proposed

If an Offeror is proposing multiple resources, each resource offering the services under the SO must comply with the requirements of the RFSO. For each resource proposed, the Offeror must submit a technical offer (section I), as well as the certifications (section II), in Annex F2.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- a. Offers will be assessed in accordance with the requirements of the RFSO, including the technical evaluation and certifications.
- b. An evaluation team composed of representatives of Canada will evaluate the offers.
- c. The objective of the technical evaluation is to award a maximum of 100 points for the technical components.
- d. The technical component of the proposal will be deemed compliant if it achieves a score equal to or in excess of the pass mark of 70% overall on the rated criteria, and will be ranked accordingly.

The pass mark represents only what is minimally acceptable to AAFC and does not guarantee the issuance of an SO. AAFC reserves the right to verify all information included by an Offeror in its proposal. In all cases, AAFC reserves the right to cancel this RFSO and request new proposals.

2. Method of Selection

For purposes of evaluation, the technical component is awarded a maximum of 100 points. Each proposed resource will be assessed individually against the evaluation grid, included as Annex "C". Where an Offeror has identified more than one resource in their Offer, the average score of all proposed resources will be used in ranking of the Offerors.

AAFC's policy is to recommend the selection of the Offeror with the highest technical score, up to the required number of SO's, as described in section 2 of PART 1 of this RFSO.

PART 5 – SECURITY REQUIREMENTS

Successful personnel clearance by AAFC's Security Services is a mandatory condition before AAFC SO authority can award an SO. As indicated in Part 6B, article 8, all resources proposed to provide services under the resulting standing offer must hold a valid security clearance at the level of Reliability.

Offerors are not obligated to complete "Personnel Screening Consent and Authorization Form" (tbs/sct 330-23e) available at <http://www.tbs-sct.gc.ca/tbsf-fsct/330-23-eng.asp> at this point in the tender process. However, once the technical evaluation teams have evaluated the received proposals and have selected the winning offers, this requirement will become mandatory. Failure to comply with security requirements within the timeframe determined by the SO authority will also render the offer non-responsive.

Offerors have the option to complete the form at their sole discretion at this point. Should an Offeror decide to complete the required information and is selected by the technical evaluation team, *the initiative will only accelerate the due diligence process by 2 or 3 weeks*. Regardless of the option chosen by the Offeror, their decision has no bearing or influence on the technical team's evaluation.

PART 6 - STANDING OFFER AND RESULTING CONTRACT CLAUSES

A. STANDING OFFER

1. Offer

1.1 The Offeror offers to provide and deliver to Canada the services described in the SO, in accordance with the pricing set out in the SO as and when the Identified User may request such services, in accordance with the conditions listed herein.

1.2 The Offeror understands and agrees that:

- a) a call-up against the SO will form a contract only for those services which have been called-up, provided that such call-up is made in accordance with the provisions of the SO.
- b) Canada's liability is limited to that which arises from call-ups against the SO made within the period specified in the SO.
- c) The SO cannot be assigned or transferred in whole or in part.
- d) The SO may be set aside by Canada at any time.

2. Clauses and General Conditions

The General Conditions of the SOs "Annex D" as well as all clauses identified in the SO and in the call-up, apply to and form part of the SO agreement.

3. Period of the Standing Offer

3.1. The period for making call-ups against the SO is from the date of signature of the SO agreement for a period of **four (4)** years.

3.2. Amendment of Standing Offer

The period of the Standing Offer may only be extended, or its usage increased, by the Standing Offer Authority issuing an amendment to the Standing Offer in writing.

4. Authorities and Identified Users

4.1. Standing Offer Authority

The SO Authority is responsible for the establishment of the SO, its administration and its revision, if applicable. Upon the making of a call-up, as Contracting Authority, the SO authority is responsible for any contractual issues relating to individual call-ups made against the SO by any Identified User.

4.2. Identified Users

The regional managers of Agriculture and Agri-Food Canada, and/or their delegated representatives are the identified users authorized by the Minister to make call-ups against the SO on behalf of AAFC / FDMS.

4.3 Offeror Representative

The Offeror Representative for the Standing Offer and resulting call ups is:

The contact information for the Offeror Representative will be provided at time of contract award.

4.3.1 The duties and responsibilities of the Offeror Representative shall include the following:

1. Responsible for the overall management of the standing offer and call ups;
2. Ensure that the standing offer and call ups is administered in accordance with the terms and conditions of the standing offer;
3. Act as a single point of contact to resolve any contractual disputes that may arise. The Offeror Representative must have direct access to the level of management within the Offeror's organization vested with the decision-making authority for contractual matters;
4. Shall be established as the only recognized individual from the Offeror's organization to speak on behalf of the Offeror for purposes of standing offer and call up management;
5. Monitor all resources that are providing services/deliverables in accordance with the call up;
6. Liaise with the Identified Users on all matters concerning technical aspects of the Work and performance of its resources; and
7. Manage the transition of any potential resource(s) turnover during the period of the Work.

5. Call-up Instrument

The Work will be authorized or confirmed by the Identified User(s) using AAFC's form- "Departmental Individual Standing Offer- Call- up".

6. Limitation of Call-ups

Individual call-ups against the SO must not exceed \$10,000.00 (Goods and Services Tax or Harmonized Sales Tax included).

The Offeror must not perform any work or services in response to call ups which would cause the total cost to Canada to exceed the said sum, unless an increase is authorized by the SO Authority.

7. Financial Limitation

The Offeror must not perform any work or services in response to call-ups that would cause the total cost to Canada to exceed the said sum on page 2 of the standing offer, unless an increase is so authorized.

8. Call-up Procedures

The acceptable offers will be ranked in descending order by score in the technical evaluation of the RFSO.

Each call-up will be issued on a rotational basis, with the first call-up issued to the first-ranked SO holder, the second call-up issued to the second-ranked SO holder, and so on.

The following list represents scenarios in which the rotation process may not be followed.

- a) Where the cost of traveling will justify it, a call-up could be issued to an Offeror with a resource who is located in closer proximity to where the services will be rendered.
- b) In the event the applicant's choice to receive the services in one of two official languages prevents the next Offeror on the list from providing the services, the Regional Manager will award the mandate to the next Offeror on the list who can meet the linguistic requirements.
- c) To avoid any perceived or potential conflict of interest, if the Offerors resource is already engaged to provide Financial Expert Services on particular case, if the Offeror has multiple resources qualified to render service, they will be asked to provide a different resource. If the Offeror does not have additional qualified resources available, the regional manager may award the call up to the next Offeror on the list.

In any of the above scenarios, where the next Offeror on the list is not selected, there will be no penalty to the Offeror. The Offeror who was skipped will be allocated the next available call up.

If an Offeror refuses work under a call-up, he maintains his ranking and must wait his turn to come back before being offered work under a subsequent call-up. If an Offeror does not provide confirmation of his availability in writing for the work within 24 hours of being offered, the Regional Manager will consider the non-response as an unavailability/refusal.

If for reasons beyond its control, the Offeror is unable to provide the services he must advise the Regional Manager of the reason. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Offeror: death, sickness, maternity and parental leave.

Following three (3) refusals of mandate for other reasons than the ones listed in this clause, Canada may set aside the standing offer.

9. Priority of Documents

13.4 AAFC will not pay or reimburse the professional time or the registration fee for this online course.

14. Non-Permanent Resident

14.1 Canadian Contractor

The Contractor must comply with Canadian immigration requirements applicable to foreign nationals entering Canada to work temporarily in fulfillment of the Contract. If the Contractor wishes to hire a foreign national to work in Canada to fulfill the Contract, the Contractor should immediately contact the nearest Service Canada regional office to enquire about Citizenship and Immigration Canada's requirements to issue a temporary work permit to a foreign national. The Contractor is responsible for all costs incurred as a result of non-compliance with immigration requirements.

15. Replacement of Personnel

When specific resources have been named in the SOs to perform the Work, the Offeror shall provide the services of the resources named, unless the Offeror is unable to do so for reasons beyond his control.

1. Statement of Work

The Offeror must perform the Work described in the call-up against the SO.

The delivery of the services must be completed as per the terms specified in the subsequent call-up.

When applicable, the Regional Manager may, at their sole discretion, accept the new schedule or assign a new resource for the work at no cost to the Department.

2.2. If the Offeror accumulates three delays, the Department reserves the right to request the cancellation of the SO.

3. Call-up Amendment

No amendment to the call-up will be valid unless it is incorporated in a written amendment to the call-up and authorized by the Regional Manager.

4. Basis of Payment

6. Invoicing Instructions

6.2 One (1) original of the invoice together with attachments, shall be forwarded to the regional manager named on the call up.

7. Approval of Services

7.1 Before a payment is made, AAFC reserves the right to determine, at its sole discretion, if the services rendered by the Contractor were satisfactory to the Department, in accordance with the terms of the SO and the contract.

In the event that the services are not acceptable to AAFC, the Department may, at its discretion, take steps to remedy the shortcomings of the Contractor, including but not limited to the following consequences:

- b. withhold any payment due to the Contractor for services rendered under the SO;
- c. send a written notice to inform the Contractor of the problems identified and corrective action required; and

The Contractor shall not disclose any such information to any person without the written permission of the Minister. Information provided to the Contractor by or on behalf of Canada shall be used solely for the purpose of the contract and shall remain the property of Canada or the third party, as the case may be. A-1) and to any right of Canada under this contract to release or disclose, Canada shall not release or disclose outside the Government of Canada any information delivered to Canada under the contract that is proprietary to the Contractor.

The obligations of the Parties set out in this section do not apply to any information where the same information:

- is developed by a Party without use of the information of the other Party.

The Contractor shall at all times take all measures reasonably necessary for the safeguarding of the material so identified, including those set out in the PWGSC Industrial Security Manual and its supplements and any other instructions issued by the Minister, including the document titled "IT Security Requirements for the Processing, Storage and Transmittal of Protected B Information" attached at Annex E of the SO.

Note: Under the context of the Work to be provided, the web site address hereunder may serve as a guide to the Contractor: <https://www.tpsqc-pwgsc.gc.ca/esc-src/introduction-eng.html>

SW4 Qualified Resources

The following resources are qualified to provide services under the standing offer:

(list will be provided at standing offer award)

SW5 Region

The services will be rendered in **Atlantic Region**.

ANNEX "B"
BASIS OF PAYMENT

FDMS – MEDIATORS

For services rendered under the standing offer, payment will be based on a firm all inclusive cost per case of \$1400.00. This amount will cover up to 15 hours of work in total, including the preparation of the file, actual mediation, reporting, travel time as well as travel expenses within a round trip of 200 kilometers from the mediators place of business.

(a) Lump sum per case price - \$1400.00

- Completion of the mandate as per the Statement of Work in a round trip up to 200 km
- If there must be a second meeting for the same case, AAFC will pay 75% of the initial per case price - \$1050.00

(b) Lump sum cases for a round trip above 200 km

When a case will be delivered in a round trip exceeding 200 km, AAFC will pay a unit price in addition to the per case price to cover the travel expenses incurred.

A unit price is defined as follows and includes the following inputs without limiting its scope: price per case + \$125.00 per unit rate.

- For each portion of 90 km beyond the 200 km round trip, one (1) unit rate is payable
- One unit rate comprises (without limiting its scope):
 - 1 hour of professional time
 - 90 km of physical distance (MapQuest, Mapblast or equivalent will be used)
 - Usage of personal vehicle
 - Meals and incidentals
 - Gas
 - Operation and maintenance of personal vehicle
 - Insurance
 - Any other cost.

Thus, a Mediator has full responsibility of his time management under this travel situation.

Example: A case where the services are to be rendered at 380 KM from the Mediator's place of business:

$$(380 \text{ km} - 200 \text{ km}) \div 90 \text{ km} = 2 \text{ units}$$

$$\$1,400.00 + (2 \text{ units} \times \$125.00) = \$1,650.00 \text{ for the case.}$$

Mileage between each 90 km will be prorated.

Example: A case where the services are to be rendered at 420 km from the Mediator's place of business:

$$(420 \text{ km} - 200 \text{ km}) \div 90 \text{ km} = 2.44 \text{ units}$$

$$\$1,400.00 + (2.44 \text{ units} \times \$125.00) = \$1,705.00$$

(c) In complex cases, the AAFC Regional Manager may authorize additional time, beyond the per case time allocation, to reach an agreement. The basis of payment for such a situation will be as follows:

- Hourly rates for professional services: when additional hours of work are required on a complex case (a) or (b): \$93.33/hr.

(d) In some instances other modes of travel, accommodation and additional meals may be required and must be approved and included in the call-up by the Regional Manager and accepted by the Mediator.

For special situations where planes, trains, boats and overnight stays are required, the National Joint Council Travel Directive will apply:

<http://www.njc-cnm.gc.ca/directive/index.php?did=10&dlabel=travel-voyage&lang=eng&merge=2&slabel=index>

- Professional time will be paid based upon the hourly rates (c).

For the life of the SO, the total of such call-ups shall not exceed 10% of the total SO amount.

(f) Orientation meetings and training

The Mediator will be required to attend all orientation meetings and training sessions deemed MANDATORY by the Regional Manager and will be paid only for the hours of attendance at the hourly hour (a). The travels of more than 200 km (round trip) will be paid at the unit rate (b).

(g) Information Sessions

It is essential that the Work be performed within or at the time stated in the Contract.

GC8. Excusable delay

- 8.1 Any delay by the Contractor in performing the Contractor's obligations under the Contract which occurs without any fault or neglect on the part of the Contractor its subcontractors, agents or employees or is caused by an event beyond the control of the Contractor, and which could not have been avoided by the

Contractor without incurring unreasonable cost through the use of work-around plans including alternative sources or other means, constitutes an excusable delay.

- 8.2 The Contractor shall give notice to the Minister immediately after the occurrence of the event that causes the excusable delay. The notice shall state the cause and circumstances of the delay and indicate the portion of the Work affected by the delay. When requested to do so by the Minister, the Contractor shall deliver a description, in a form satisfactory to the Minister, of work-around plans including alternative sources and any other means that the Contractor will utilize to overcome the delay and Endeavour to prevent any further delay. Upon approval in writing by the Minister of the work-around plans, the Contractor shall implement the work around plans and use all reasonable means to recover any time lost as a result of the excusable delay.
- 8.3 Unless the Contractor complies with the notice requirements set forth in the Contract, any delay that might have constituted an excusable delay shall be deemed not to be an excusable delay.
- 8.4 If an excusable delay has continued for thirty (30) days or more, Canada may, by giving notice in writing to the Contractor, terminate the Contract. In such a case, the Parties agree that neither will make any claim against the other for damages, costs, expected profits or any other loss arising out of the termination or the event that contributed to the excusable delay. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.
- 8.5 Unless Canada has caused the delay by failing to meet an obligation under the Contract, Canada will not be responsible for any cost incurred by the contractor or any subcontractors or agents as a result of an excusable delay.
- 8.6 If the Contract is terminated under this section, Canada may require the Contractor to deliver to Canada, in the manner and to the extent directed by Canada, any completed parts of the Work not delivered and accepted before the termination and anything that the Contractor has acquired or produced specifically to perform the Contract. Canada will pay the Contractor:
 - (a) The value, of all completed parts of the Work delivered to and accepted by Canada, based on the Contract price, including the proportionate part of the Contractor's profit or fee included in the Contract price; and
 - (b) The cost to the Contractor that Canada considers reasonable in respect of anything else delivered to and accepted by Canada.
- 8.7 The total amount paid by Canada under the Contract to the date of termination and any amounts payable under this subsection must not exceed the Contract price.

GC9. Termination of Convenience

- 9.1 Notwithstanding anything in the Contract, the Minister may, by giving notice to the Contractor, terminate or suspend the Contract immediately with respect to all or any part or parts of the Work not completed.
- 9.2 All Work completed by the Contractor to the satisfaction of Canada before the giving of such notice shall be paid for by Canada in accordance with the provisions of the Contract and, for all Work not completed before the giving of such notice, Canada shall pay the Contractor's costs as determined under the provisions of the Contract in an amount representing a fair and reasonable fee in respect of such Work.
- 9.3 In addition to the amount which the Contractor shall be paid under section GC9.2, the Contractor shall be reimbursed for the Contractor's cost of and incidental to the cancellation of obligations incurred by the Contractor pursuant to such notice and obligations incurred by or to which the Contractor is subject with respect to the Work.

- 9.4 The Contractor shall have no claim for damages, compensation, loss of profit, allowance or otherwise by reason of or directly or indirectly arising out of any action taken or notice given by Canada under the provisions of section GC9 except as expressly provided therein.
- 9.5 Upon termination of the Contract under section GC9.1, Canada may require the Contractor to deliver and transfer title to Canada, in the manner and to the extent directed by Canada, any finished Work which has not been delivered prior to such termination and any material, goods or Work-in-progress which the Contractor specifically acquired or produced for the fulfillment of the Contract.

GC10. Termination due to Default of Contractor

- 10.1 Canada may by notice to the Contractor, terminate the whole or any part of the Contract:
- a) If the Contractor fails to perform any of the Contractor's obligations under the Contract or in Canada's view, so fails to make progress so as to endanger performance of the Contract in accordance with its terms;
 - b) To the extent permitted under law, if the Contractor becomes bankrupt or insolvent, or a receiving order is made against the Contractor, or an assignment is made for the benefit of creditors, or if an order is made or resolution passed for the winding up of the Contractor, or if the Contractor takes the benefit of a statute relating to bankrupt or insolvent debtors.; or
 - c) If the Contractor makes a false declaration under GC 37 or GC 38 or fails to comply with the terms set out in GC 16.3 or GC 39.
- 10.2 Upon termination of the Contract under section GC10, the Contractor shall deliver to Canada any finished Work which has not been delivered and accepted prior to such termination, together with materials and Work-in-progress relating specifically to the Contract and all materials, texts and other documents supplied to the Contractor in relation to the Contract.
- 10.3 Subject to the deduction of any claim which Canada may have against the Contractor arising under the Contract or out of termination, payment will be made by Canada to the Contractor for the value of all finished Work delivered and accepted by Canada, such value to be determined in accordance with the rate(s) specified in the Contract, or, where no rate is specified, on a proportional basis.
- 10.4 If the contract is terminated pursuant to GC 10.1(c), in addition to any other remedies that may be available against the Contractor, the Contractor will immediately return any advance payments.

GC11. Suspension of Work

- 11.1 The Contracting Authority may at any time, by written notice, order the Contractor to suspend or stop the Work or part of the Work under the Contract for a period of up to 180 days. The Contractor must immediately comply with any such order in a way that minimizes the cost of doing so. While such an order is in effect, the Contractor must not remove any part of the Work from any premises without first obtaining the written consent of the Contracting Authority. Within these 180 days, the Contracting Authority must either cancel the order or terminate the Contract, in whole or in part, under sections GC10 Termination due to Default of Contractor or GC9 Termination of Convenience.
- 11.2 When an order is made under subsection 1, unless the Contracting Authority terminates the Contract by reason of default by the Contractor or the Contractor abandons the Contract, the Contractor will be

entitled to be paid its additional costs incurred as a result of the suspension plus a fair and reasonable profit.

- 11.3 When an order made under subsection 1 is cancelled, the Contractor must resume work in accordance with the Contract as soon as practicable. If the suspension has affected the Contractor's ability to meet any delivery date under the Contract, the date for performing the part of the Work affected by the suspension will be extended for a period equal to the period of suspension plus a period, if any, that in the opinion of the Contracting Authority, following consultation with the Contractor, is necessary for the Contractor to resume the Work. Any equitable adjustments will be made as necessary to any affected conditions of the Contract.

- 12.2 Payment for the work described in subsection 1 shall be calculated and paid on the same basis as in section GC12 and where required prorated.

If an audit is performed after payment, the Contractor agrees to repay any overpayment immediately on demand by Canada. Canada may hold back, deduct and set off any credits owing and unpaid under this section from any money that Canada owes to the Contractor at any time (including under other

4. CONCLUSION 7

1. INTRODUCTION

This document outlines the Department's IT Security requirements, in conjunction with any other Canadian Industrial Security Directorate (CISD) requirements, in support of the Contractor/Supplier obtaining an official CISD written approval to use their IT system to process and store Protected B information.

In absence of a formal Threat-Risk Assessment (TRA) and due to the IT portion of the Security clearance being contract specific, the intent of this document is to state the minimum safeguards required in order that the processing and storage of Protected B information be approved by the Department's IT Security Coordinator (ITSC).

Security is based upon layers of protection; that is, in order for the requirements of the IT Security (ITS) to effectively safeguard the information, they must be preceded and supported by other aspects of security and the associated policies. The physical, personnel and information security safeguards in accordance with the Policy on Government Security and ITS related Standards must exist prior to the implementation of ITS safeguards.

2. MANDATORY PREREQUISITES

2.1. PWGSC Validation for Physical Security

The application of the security safeguards listed in this document are based on the *mandatory requirement* that the physical premises of the Contractor/Supplier have been inspected, certified and accredited to process and store Protected B information by the Canadian Industrial Security Directorate (CISD), Public Works and Government Services. Hence, for the duration of this contract, the Contractor/Supplier must hold a valid Designated Organization Screening (DOS) with approved Document Safeguarding at the level of Protected B issued by the CISD.

2.2. Personnel Security

All Contractor/Supplier personnel who have access to the material being processed and stored must hold a valid Government of Canada (GC) Reliability Check and Status or a Security Clearance and have the "*need to know*".

All of the Contractor/Supplier personnel handling Protected B information, in relation to this contract, must attend a mandatory security training/briefing session coordinated and delivered by the Contractor's/Supplier's appointed Company Security Officer or alternates.

2.3. Information Security

All hard copy documents and other media formats must be handled and transported in accordance with GC guidelines. All hard copy documents and other media will be marked with the appropriate security classification. Any covering letter, transmittal form or circulation slip will be marked to indicate the highest level of classification of the attachments.

Transportation of information associated with this contract into or out of the physical premises must adhere to RCMP G1-009 “*Transport and Transmittal of Protected and Classified Information*”. All processing and storage of Protected B information must be performed within the confines of CISD approved physical locations for this contract.

2.4. Security Policy Compliance Monitoring

The Department retains the right to conduct inspections of the Contractor/Supplier facility to ensure compliance with GC standards and policies with respect to the handling, storage and processing of information relevant to this contract.

3. MINIMUM IT SECURITY REQUIREMENTS

In conjunction with any other requirements established by the CISD, the Contractor/Supplier must meet the following IT Security requirements established by the Department.

Furthermore, the Contractor/Supplier must ensure that effective security controls are in place to protect medium level Confidentiality and Integrity and, at minimum, medium level Availability. Communications Security Establishment Canada’s (CSEC’s) recommendations and guidelines must be followed. Their published ITSG-33 documentation will provide further details.

3.1. IT Security Policy Compliance and Monitoring

All information technology related operations must adhere to the overall requirements outlined in the GC’s Operational Security Standard: Management of Information Technology Security (MITS). All IT Security requirements addressed to the Department are applicable to the Contractor/Supplier.

The Department retains the right to conduct inspections of the Contractor/Supplier facility to ensure compliance with GC policies and standards with respect to requirements in the Operational Security Standard: Management of Information Technology Security.

3.2. Prevention

As per MITS section 16, the Contractor/Supplier must have all the prevention safeguards in place for the protection of confidentiality, integrity, and availability of the information and IT assets relative to this contract.

3.2.1 Physical Security within the IT Security Environment

Along with providing official assurance that the CISD has approved its facilities to process and store Protected B information, the Contractor/Supplier must ensure that all equipment used for the fulfilment of this contract reside within the CISD approved physical locations.

The Contractor/Supplier must protect all equipment being used for this contract. The use of wireless technology must be approved by the Communications Security Establishment of Canada (CSEC) for the information's level of sensitivity and follow guidance in CSEC's ITSPSR-21A.

3.2.2 Storage, Disposal and Destruction of IT Media

All material such as CD/DVDs, flash/thumb drives, workstation hard disks, server hard disks, backup tapes and any other devices used to process or store Protected B information relative to this contract must be identified and labelled accordingly.

In the event of failure and replacement of the equipment or upon termination of the contract, all devices or material must be retained and properly stored or disposed of according to CSEC recommendations. The Contractor/Supplier is also responsible for clearing and sanitizing all electronic data storage devices used for this contract according to CSEC's ITSG-06 guideline.

In the event that equipment requires maintenance, support or replacement, no hardware associated with the processing or storage of protected information may be given to an outside vendor unless it has been cleared or sanitized according to CSEC recommendations found in the ITSG-06 guideline.

All media, when not in use, must be stored in a storage container which is RCMP-approved for the storage of Protected B information (G1-001 "*Security Equipment Guide*"). The storage container must be verified by the CISD.

3.2.3 Authorization and Access Control

The Contractor/Supplier must restrict IT and information access relative to this contract only to its individuals who have been screened and authorized, have been identified and authenticated, and have a "need to know".

In following the 'principle of least-privilege', the Contractor/Supplier must provide only the minimum access required for individuals to perform their duties.

The Contractor/Supplier must withdraw all access privileges relative to this contract from individuals no longer involved.

3.2.4 Cryptography, Network Security and Perimeter Defence

The electronic storage of Protected B information associated with this contract must be within a CISD approved IT environment.

Electronic transmission of Protected B information must be encrypted using CSEC approved technology such as Entrust Security Provider and the GC Public Key Infrastructure.

The Contractor/Supplier must segregate its networks into IT security zones and implement perimeter defence and network security safeguards. CSEC provides the ITSG-38 and ITSG-22 guidelines on this specific subject. As well, the

Contractor/Supplier must apply strict control of all access to the protected zone where the information associated with this contract resides. Network perimeter defence safeguards (e.g. firewalls, routers) must be used to mediate all traffic and to protect servers that are accessible from the internet. The Contractor/Supplier must use CSEC approved encryption technology to ensure confidentiality, integrity, authentication and non-repudiation.

The Need-to-Know principle must be applied and transmission must be restricted only to CISD approved recipients.

3.2.5 Mobile Computing and Teleworking

All processing and storage of Protected B information must be performed within the confines of the CISD approved physical locations for this contract.

3.2.6 Software Integrity and Security Configuration

The Contractor/Supplier should configure the security of their operating systems and application software being used to process Protected B information in accordance with security best practices (such as the Microsoft Security Compliance Toolkits for servers and clients). Safeguards must be implemented to "harden" servers and workstations processing Protected B information. For more information on software hardening and configuration best practices, refer to the best practices issued by CSEC, by the National Institute for Standards and Technology (NIST) and by the Center for Internet Security.

3.2.7 Malicious Code

The Contractor/Supplier must install, use and regularly update antivirus software and conduct scans on all electronic files from external systems.

3.3. Detection

It is important to have the ability to detect security related issues within the operating environment. The rigor and extent of detection must be based on a medium level of risk. To protect the information associated with this contract and ensure service delivery, the Contractor/Supplier must continuously monitor system performance to rapidly detect:

- Attempts (failed or successful) to gain unauthorized access to a system, or to bypass security mechanisms.
- Unauthorized probes or scans to identify system vulnerabilities.
- Unplanned disruption of systems or services.
- Denial-of-service attacks
- Unauthorized changes to system hardware, firmware, or software.
- System performance anomalies, and
- Known attack signatures.

At minimum, the Contractor/Supplier must include a security audit log function in all IT systems.

3.4. Response and Recovery

3.4.1 Incident Response

The Contractor/Supplier must establish mechanisms to respond effectively to IT incidents and exchange incident-related information with the Department immediately. The Contractor/Supplier must have a documented incident response process.

3.4.2 Incident Reporting

It is paramount that the Department is made aware of any security-related incidents with respect to the facilities and equipment used to process and store Protected B information associated with this contract.

The Contractor/Supplier must report any security-related incidents to the Department within *two hours* of an incident being detected or reported.

3.4.3 Recovery

Before reconnecting or restoring services, the Contractor/Supplier must ensure that all malicious software has been removed and that there is no potential for recurrence or spread.

With regards to the information associated with this contract, the Contractor/Supplier must:

- Back up the data regularly
- Test backups regularly to ensure that they can be used for recovery
- Back up all software and configuration data
- Facilitate the restoration of data and services by allowing systems to undo operations and return to an earlier state.
- Test restoration procedures regularly to ensure that they are effective and that they can be completed within the time allotted for recovery.
- Determine retention periods for essential business information and archived backups, and
- Ensure that off-site backup storage is within a CISD approved location if no CSEC approved encryption is being used.

Note that system recovery should be conducted in a manner that preserves the integrity of evidence, in the event of a criminal investigation of a security breach, for example.

4. CONCLUSION

In absence of a formal TRA, this document has established the Department's basic IT Security requirements for the processing and storage of up to and including Protected B information.

Through the Canadian Industrial Security Directorate's invaluable input and expertise at certifying that the Contractor/Supplier has met all IT Security requirements, the Department will be reassured that risks have, most likely, been mitigated to acceptable levels.
