The amendment to the bid solicitation is to address the enquiries received:

Response(s) (R) to Question(s) (Q):

Q7: The Mandatory Criteria states: “The Bidder must identify the Project Manager and describe their experience delivering aerial survey services...where the Project Manager was responsible for planning, conducting, and reporting on **aerial ungulate surveys** over large areas. “The rated criteria R1.1 states: “The Bidder should describe the Project Manager’s experience conducting **aerial surveys for caribou** by providing reference projects where the Project Manager was responsible for planning, conducting and reporting on **caribou aerial surveys**. Would other ungulate surveys (e.g. moose) be sufficient project examples for R1.1?

R7: No, only aerial surveys for caribou will be scored under criteria R1.1. To be declared responsive, the bid must meet all mandatory criteria, including M2, but the aerial ungulate survey experience required in M2 is not sufficient to meet the criteria for scoring in R1.1, which rates bids based on project manager’s experience with aerial surveys for caribou.

All other terms and conditions of the Bid Solicitation remain the same.
