AMENDMENT 007

Project Title

Environmental services – Environmental assessment and receiving environment

The purpose of the amendment 007 is to answer questions #25 to 28.

QUESTIONS

Question #25 :

In Appendix A "Statement of Work", in the section on "Description of required services", does the last item below from subsection "3.1.4 Environmental authorizations, approvals, permits and certificates" apply in a federal as well as a provincial context?

- Other regulatory considerations: Preparation of applications for environmental authorizations, approvals, permits and certificates other than the above items.

Answer: Yes

Question #26 :

In reference to page 33 of 63 of the tender document, it is mentioned that the resources' resumes (max. 2 pages) must be attached.

Our corporate resumes do not include the months (MM) start/end. We understand that within our proposal, this information will be included to reflect the requirements of Tables 1 and 2, but should we also modify the resource's CV to reflect this information, given that they will contain other projects to complete the two pages of authorized expertise?

Answer: You will find answer to your question, PART 3 - OFFER PREPARATION INSTRUCTIONS; 3.1 Offer Preparation Instructions; Section 1 Technical Offer; iv. Résumés for the Proposed Resources P. 11 and 12 of 63

Question #27 :

In solicitation EE517-220492/A, we have a question regarding mandatory technical criteria 1.1.3, 1.2.3, 2.1.3, 2.2.3, 2.3.3 in Tables 1 and 2. The first portion of the requirement indicates that the individual must have a certain number of years of experience in conducting environmental projects. The second portion of the requirement indicates that projects must cover at least "elements 1 to 4 of the Services required in Stream 1" OR "elements 1 and 2 of the Services required in Stream 2".

N° CCC / CCC No. / N° VME - FMS

1- Are we to understand that resources must have experience in each of the required services (e.g. for a project manager, 120 months in Service 1 AND 120 months in Service 2 AND 120 months in Service 3, etc.)?

2- Are we to understand that each of the projects submitted to demonstrate experience must cover each of the required service elements (Stream 1 = Services 1, 2, 3 and 4; Stream 2 = Services 1 and 2)?

3- Are we to understand that resources must have a total experience (e.g., 120 months or 84 months) in projects that covered any of the required services (Stream 1 = Services 1, 2, 3, or 4; Stream 2 = Services 1 or 2), but that at least one project submitted is in each of the required services?

Answer :

1- Each resource must submit relevant cumulative experience related to the required services.

2- All projects submitted for each resource must cover elements 1 to 4 for component 1 (table 1, lines 1.1.3 and 1.2.3) and/or elements 1 and 2 for component 2 (table 2, lines 2.1.3, 2.2.3, 2.3.3).

3- Yes

Question #28 :

Regarding with item 3. technical criteria sides, article 2.3 Firm's projects :

Are we allowed more than one page per project for this criterion? The number of pages was indicated for projects to be described for resources, but not in this location.

Answer :

All information must be presented clearly and accurately within the maximum page limit requested for each component. There is no specific format for the presentation of the firm's projects.

ALL OTHER TERMS REMAIN UNCHANGED
