Solicitation Amendment No. 002 is being issued for the following:

1. Clarifications

The original elevator installation drawings/as-builts are not available. This information may be available with AEDARSA - PSPC/NRC. Can will provide approval to AEDARSA for any proponent wishing to access whatever information they have.

The structural drawings from the original construction are being provided for reference. Upon contract award, complete drawings in PDF format from the original building construction can be made available.

2. Terms of Reference

Reference Section 1.7.2 of the Terms of Reference. The duration for the "Interim 66% shop drawing/construction documents submission for review" to change from "4 weeks" to "3 weeks". The duration for the "Final 99% shop drawing/completion design submission for review" to change from "3 weeks" to "2 weeks".

3. Enquiry received during the Solicitation Period

Would it be possible to keep the elevator controller in the basement? If so, can a closet section (approximately 2'x5') remain in the basement? It is assumed the current electrical disconnect will remain as is in the current basement room?

Response: The existing basement elevator room can be used for this project. This room can remain the elevator room.
