ANNEX G – EPOST INSTRUCTIONS

Public Services and Procurement Canada (PSPC) is moving forward on its Procurement Modernization Initiative, which aims to simplify the procurement process. The Bid Receiving Unit is launching an electronic bid submissions pilot using Canada Post's (CPC) epost Connect online service.

What is epost Connect?

epost Connect is a secure, online service that allows users to share large, confidential files. Some of the service features include:

- large file transfers, allowing users to attach multiple 1 gigabyte (GB) files (any file type) in a single message
- the ability to track your electronic activity history
- privacy and security features that allow the processing of Protected B documents (which meet Government of Canada requirements).

Participants in the pilot project **will not incur any costs** for the use of the epost Connect service. **Please note** that a Canadian mailing address is required to use the epost Connect service. Should this be an issue for you, please contact us and we will be pleased to provide a work-around procedure to ensure you can still participate.

Benefits to businesses

Sending bid submission files via epost Connect means:

- a faster and more efficient bid submission process
- a green alternative to submitting paper files in-person, by mail or fax to a Bid Receiving Unit office
- a time and date stamp record for the upload of files in epost Connect

How to participate

Please confirm your participation to PSPC's Bid Receiving Unit at:

TPSGC.DGAreceptiondessoumissions-ABBidReceiving.PWGSC@tpsgc-pwgsc.gc.ca

Once you have confirmed your participation, the Bid Receiving Unit will explain the next steps and invite you to create an epost Connect account.

IMPORTANT: If you decide not to participate using an epost Connect account, you are still invited to bid. The regular methods for bid submissions that are outlined in the solicitation document (courier, in person) are still available.
