Delete: the closing date 2022-01-26

Insert: the closing date 2022-02-02

Question 1:

Company has the expertise and would like to bid onto the Marine Navigation System (M6500-221629/A) RFQ. Our workshop is located in Quebec. Requirement said repairs must Ontario only, is it still the case or you would be open for us to bid and bring the boats to Quebec? We can quote and arrange pickup and delivery as well.

Answer 1:

Transportation of vessels will only be done by RCMP officers with proper certifications. In order to maintain operational requirements and operate within logistical constraints the work is to be completed in Ontario.

Question 2:

In solicitation No. M6500-221629/A, ANNEX "A" REQUIREMENTS, STABILIZED THERMAL IMAGING CAMERA SYSTEM, 6.1.3. e) the Government of Canada requires that the thermal camera meet the requirement: "One (1) Micro SD card slot for storing video".

Since there are no maritime thermal camera systems commercially available that contain an internal Micro SD card slot would it be acceptable if the Multi-Function Displays (MFDs) that the thermal cameras are connected to and used to view the video were to contain a Micro SD card slot that could be used for storing and downloading thermal camera images and video?

Answer 2:

Yes, it would be acceptable.
