AMENDMENT 002

MOTORIZED IMPACT TESTER

This amendment is issued to answer bidders questions and extend the closing date to 09 February 2022 @ 2pm EST. Bidders are requested to incorporate the changes/clarifications noted below to the above noted Solicitation Document in your possession and be governed accordingly.

Question 1:

Would you please extend the bid submission closing date for at least one (1) week?

Answer 1:

Yes, the closing date has been extended to 09 February 2022.

Question 2:

It is asked in the RFP document for one day installation and training session. We would like to know if there is any possibility that we can offer virtual training and installation?

Answer 2:

Due to the network security, we often find the virtual training costs us lots of time and effort to conduct. We prefer in-person installation and training, however, virtual training and installation maybe allowed given the current climate due Omicron wave of COVID-19.
