Response(s) (R) to Question(s) (Q):

Q2: I still need some clarification on the bidding/billing structure. If we insert a per diem for the number of days estimated in the Financial Bid Representation Sheet to get a total amount, can we invoice for the total amount no matter the days actually worked?

R2: No, the solicitation has estimated a reasonable number of days work expected under each 2 year period of the resulting contract. Bidders are being asked to provide a per diem for this estimated number of days. The Basis of Payment reflects this estimation and pricing schedule, and Contractors would be expected to invoice accordingly.

All other terms and conditions of the Bid Solicitation remain the same.
