SOLICITATION AMENDMENT 3

This amendment is issued to reflect the following.

1. Bidder Question

Our supplier is US based, and I would like to know how to apply for exchange rate protection when submitting the bid.

Answer:

Insert clause C3010T (2014-11-27) Exchange Rate Fluctuation Risk Mitigation.

1. The Bidder may request Canada to assume the risks and benefits of exchange rate fluctuations. If the Bidder claims for an exchange rate adjustment, this request must be clearly indicated in the bid at time of bidding. The Bidder must submit form [PWGSC-TPSGC 450](#) , Claim for Exchange Rate Adjustments with its bid, indicating the Foreign Currency Component (FCC) in Canadian dollars for each line item for which an exchange rate adjustment is required.
2. The FCC is defined as the portion of the price or rate that will be directly affected by exchange rate fluctuations. The FCC should include all related taxes, duties and other costs paid by the Bidder and which are to be included in the adjustment amount.
3. The total price paid by Canada on each invoice will be adjusted at the time of payment, based on the FCC and the exchange rate fluctuation provision in the contract. The exchange rate adjustment will only be applied where the exchange rate fluctuation is greater than 2% (increase or decrease).
4. At time of bidding, the Bidder must complete columns (1) to (4) on form [PWGSC-TPSGC 450](#) , for each line item where they want to invoke the exchange rate fluctuation provision. Where bids are evaluated in Canadian dollars, the dollar values provided in column (3) should also be in Canadian dollars, so that the adjustment amount is in the same currency as the payment.
5. Alternate rates or calculations proposed by the Bidder will not be accepted for the purposes of this exchange rate fluctuation provision.

2. Bidder Question

Reference D.6 Peak Cutting Water Output Flow Rate Minimum of 1.2 gpm. How critical is this amount?
Would you accept 1.1 gpm?

Answer:

Yes, 1.1 gpm is acceptable.

All other terms and conditions remain unchanged.
