The amendment to the bid solicitation is to address the enquiries received:

Response(s) (R) to Question(s) (Q):

Q1: Could I please request the CAD file for the above noted RFB?

R1: The CAD drawings are currently not available for distribution.

Q2: Can you please split the CAT2 and CAT5 into one award table and CAT6 into its own award table per the SA requirements?

R2: The categories breakdown has been revised in Annex A, see modifications below.

Q3: Also, can you please provide the drawings and layouts.

R3: Refer to the added Annex E below.

Q4: As for the Non-SA. Please provide a floor plan and matrix of the layout for further clarification as there is not enough detail to understand how to bid based on the description provided.

R4: Refer to the added Annex E below.

Q5: Do you have any drawings or layouts of items 16 through 21 as the descriptions are very vague and can be misconstrued.

R5: Lines 20&21 have been revised to remove the seating from the description. Refer to updated breakdown in Annex A and Annex E below for drawing layout.

Q6: Item 1. has a GOC code for a 60" table and a description for a 30" wide x 30" deep?

R6: Change - desk to be 30 inches Depth x 72" length – new GOCUID 2WSSREXXL30L72BELXX. Correction has been made in Annex A below.

Q7: Line item #1 - GoCUID is for a 30x60, in the description it says 30". Please confirm and correct GOCUID.

R7: Change - desk to be 30 inches Depth x 72" length – new GOCUID 2WSSREXXL30L72BELXX, Correction has been made in Annex A below.

Q8: Can we submit a response for Items 1, 2 & 3 only with Delivery and Installation only pertaining to these items?

R8: No, a response must be submitted for the entire product table. Bidders can submit a bid for the combined category 2, 5 and non-SA items table and/or the category 6 table.

Q9: Can we then submit a response for Items 4 through 15 (we have 6 SA products of these 12 required) with delivery and installation?

R9: No, a response must be submitted for the entire product table. Bidders can submit a bid for the combined category 2, 5 and non-SA items table and/or the category 6 table.

Q10: Then can we provide a separate bid for NSA Items 16 through 21 and include this related delivery and installation?

R10: No, a response must be submitted for the entire product table. Bidders can submit a bid for the combined category 2, 5 and non-SA items table and/or the category 6 table.

Q11: Can you forward a floor/space plan?  
R11: Refer to the added Annex E below.

The bid solicitation is amended as follows:

**ANNEX A**  
**REQUIREMENT and BASIS OF PAYMENT**

**Annex A is deleted in its entirety and replaced with the following:**

1. Category Selection

**Combined Categories Rule:**

For reasons of compatibility, the following categories will be combined for evaluation and contract award purposes:

The rule only applies to the categories below that are checked. The unchecked categories will be evaluated separately and may be awarded to multiple suppliers;

- Category 1**
- Category 2**
- Category 5**

**\* Exception: when using the Cat 1, 2, 5 combined categories rule, IU's may calculate the percentage of NSA product allowed (as defined in their solicitation document) against the total quantity of the combined categories.**

**Design Upgrade Rule:**

The IU may exercise an option to upgrade products up to 20% of each Category product total before Applicable Taxes after contract award.

The Design Upgrade amount is used at the discretion of the Project Authority (PA) **prior to the manufacturing/ordering of the products**, the PA will provide the Contractor with a written notice of Canada's Design Upgrade choices for each of the product(s) to be upgraded. The Contractor will provide the pricing of the upgraded product(s) to a maximum of 20% of each Category Contract Price of Table 8. The Contracting Authority will issue an amendment to the contract with the Design Upgrades and pricing.

The Supplier certifies that all the Design Upgraded products offered will conform to all specifications and meet the testing requirements detailed in the Specifications of the Supply Arrangement.

Design Upgrade: is the process of replacing a product with a more innovative or enhanced version of the same product.

**NSA:**

NSA products can be incorporated in the RFB and must not exceed 30% of the firm quantity by category. NSA items must be added to the category that is most closely related and must be generic.

The requirement includes the following category (ies) of work:

a. Category 1 – Interconnecting Panels and Freestanding Systems

Category 1a – Interconnecting Panels

Category 1b – Supporting components and freestanding furniture

**RULE: Metal Storage**

Identified Users may procure metal storage products forming part of Category 1 when the metal storage products will be part of a requirement for a workstation(s)/work point(s). If this rule does not apply, Category 3 must be used for the metal storage products forming part of this category.

b.  Category 2 – Freestanding Height Adjustable Desk / Table Products

c.  Category 3 – Metal Filing and Storage Cabinets

Identifying the maximum height of the Personal Storage Towers, Wardrobes and Storage Cabinets is acceptable as per 6B. 4.1 of the SA (table 1 Additional product details)

d.  Category 4 – Wood Veneer – Freestanding Products

e.  Category 5 – Ancillary and Lighting Products

f.  Category 6 - Support Space – Collaborative Furniture

**RULE:** Category 6 can be further subdivided by space or like product in order to increase or allow competition. Space is defined as a location available for a particular purpose such as a meeting room space or a collaborative space. Like products are defined as products with similar design and construction. If NSA products form part of the requirement, the IU must validate the 30% NSA prior to subdividing the category. NSA products can be added to any subdivide or in its own subdivide.

The IU must identify how Category 6 will be subdivided in the Product Table for Category 6.

g.  NSA Product(s) – Category(ies): \_\_\_\_\_

## 2. Product and Pricing Tables

Site Inspection Date: To be coordinated with Project Authority after contract award. (Refer to Annex A article 4 of the SA for Site Inspection and Documentation instructions.)

**INSTRUCTIONS TO BIDDERS:** Bidders are to complete Sections B of the tables identified by the IU in this article as well as Tables 8 and 9. **Bidders must provide a complete product offering for each category, or CAT 6 sub-divide they wish to submit a bid in order to be compliant.**

**\*\*Refer to article 6A.7 for instructions on how to submit products that are not approved in product listing.\*\***

In a resulting contract, the term “Bid” means the Supplier’s commitment, the term “Bidder” means “Contractor”.
