11. Nisha Technologies Inc.

12. Procom Consultants Group Ltd.
13. Randstad Interim Inc.
14. Sierra Systems Group Inc.
15. TPG Technology Consulting Ltd.

Description of Work:

The CFIA is working to finalize development and configurations of their own deployment, image creation and packaging tool to provide the agency with modern technology devices, the necessary support by ensuring devices and network are secure, patched and updated.

The Software Architect will be required to assist the Manager in fulfilling some tasks, and assist and support the technical team with Microsoft MECM and InTune. The architect may be responsible to meet and liaise with the Business Clients, Stakeholders (and other business and/or IMIT teams as required) to answer questions, provide information and direction and to synchronize all the tasks in order to achieve success. The architect will also be required to document all processes and tasks, and provide training, coaching and/or mentoring as well as knowledge transfer of all that is documented by the architect. All work will be completed virtually from the contractor's private residence. A government issued device will be shipped to the contractor to complete work and tasks and participate in all meetings. Should the need change during employment, certification will be sought by the employer (the manager).

Security Requirement: *Common PS SRCL #4 applies*
