| Signature | | Date |

This amendment is raised to address the following:

- To respond to questions received during the solicitation period; and
- To revise the solicitation accordingly, as applicable.

QUESTIONS AND ANSWERS

Question 1: On lines 3 to 6 the description calls for power and modesty panels however the additional info (blue column) contradicts this by saying no power or modesty. Can you clarify?

Answer 1: The "description of product" column represents the standard offering per the supply arrangement. Where the "provide additional information" column indicates that no power and/or modesty panels are required, they are not to be provided.

To further clarify:

- no modesty panels are required on any of the tables; and
- no power is required on any of the tables, with the exception of 16 tables on line 3 (item #: 1193, GoCUID: 6MTRXTRELL24L60WYYY, January 2023 delivery). This line has been split into two to avoid any confusion.

Question 2: 6MTRXTRELL24L60WYYY - QTY 104 for delivery in January, is the no modesty requirement for the 88 without power only or all 104 units?

Answer 2: Modesty panels are not required for any of the 104 units. This line has been split into two to avoid any confusion.

Question 3: 6KKCSAxxLY16XXXMONX - QTY 250 for 2023 and the 80 for 2022, will the Client also respectfully accept 6KKCSAxxSY16XXXMONX?

Answer 3: No.

Question 4: For the stacking chairs line 84 will the Client accept a perforated plastic back?

Answer 4: Yes.

Question 5: Are product specification sheets required with the submission?

Answer 5: Product specification sheets are requested with the submission but are not mandatory. Please see Solicitation Amendment below.

Question 6: Will the Client also accept a 60"W x 30"D trapezoid table for line # 1249? We do not believe 30x48 will be stable enough.

Answer 6: Yes.

Question 7: Will the shipping location be able to accommodate a 53 ft trailer? If not, what is the max. truck length the location is able to accommodate?

Answer 7: There are no limitations on truck size at the site, but larger trucks may not be able to back up right to the doors for unloading.

Question 8: We noticed there is no freight elevator. Will stair carry be required?

Answer 8: Yes, stair carry will be required for items to be delivered and installed on the second floor.

Question 9: Is street offloading required?

Answer 9: Yes.

SOLICITATION REVISIONS
