AMENDMENT No. 001

Amendment 001 of Solicitation # **5000063229** is raised to answer questions from Suppliers and to provide additional drawings to further outline the new cableway.

QUESTIONS (Q) AND ANSWERS (A)

Q1. In 4.1 Deliverables, it states in section 11 that “Restoration of the site. Far-side to be landscaped to allow installation of new A-frame”. In 4.2 Scope, it calls for installation of pipe support and cribbing. Can you clarify? Is the “new A-frame” going to be added at some future date?

A1. Only the pipe support and cribbing are to be installed, A-frame is not required on the far-side of this site. Please refer to the 4.1 Deliverable 11 as “Restoration of the site” for further details.

Q2. Could you confirm whether the drawing for page D504 exist?

A2. The drawing for page D504 does not exist. Please see the Drawing document titled, ‘5000063229 Annex B - Drawings_Dessins -1 - River Cableway Drawings - General Final’ in this solicitation. This Drawing document includes Drawings D101, D201, D301, D302, D303, D401, D402, D403, D501, D502, D503 and D505. Drawing D504 is not applicable to this project.

Q3. Regarding the access to the south side of the project, would Environment and Climate Change Canada (ECCC) allow the Contractor to widen the trail, from the bridge to the work site, to create an access path for a small excavator?

A3: For the access to the south side of the project, the trail can be widened from the bridge to the work site for a small excavator (35G) as long as the Environmental Consultant permits it.

As well, please note that the least risk bird-nesting window is from mid-August to mid-May.

DRAWING REVISIONS:

The document titled, ‘5000063229 Annex B – Drawings_Dessins – Additional Drawings to - 1 – River Cableway Drawings – General Final,’ is provided as an attachment to the solicitation to further outline the new cableway.

All other terms and conditions of the Bid Solicitation remain the same.
