QUESTIONS AND ANSWERS

Question 8

We are considering bidding on Stream A (safety glasses), is there any estimation over the quantity for each region? It could be very helpful for us to have a general idea about the quantity.

Answer 8

There are no guaranteed usage in a Standing Offer. Canada is creating a Basket of Goods for Authorized Users on an as and when required basis. As specified in Annex B-1 and B-2, the submitted safety eyewear or prescription safety eyewear are not a guaranteed usage and there should not be any expectation by the Offeror that the Government of Canada or any Provinces or Territories will purchase any or all of those items.

Question 9

With regards to the EPOT Stream B, Electronic Product Offering Template:

For submissions that have pricing for frames, lenses and coating **based on regions**, would you prefer that a separate EPOT sheet be sent for each of the regions **or** would you prefer that the information is compiled into one EPOT sheet, broken down by region (making the EPOT much more detailed and longer)?

Answer 9

Under this RFSO and any resulting NMSO, only one price per line item must be provided that is applicable across all the regions included in the Offeror's proposal. Canada will not accept pricing for line items by regions. It is up to the Offeror to determine a fair price for each submitted line item. Please refer to Part 3, 3.1.2 Sustainable Pricing.
