This solicitation amendment has been raised to respond to the following questions:

Question #1: Will the PWGSC be willing to consider an extension to the RFP Response submission deadline?

Answer: No.

Question #2: Can you please provide the approximate floor area (s.m.) for this new building? Apologies if we've missed it, but we can't seem to find it in the Solicitation. Please provide as this will help us review the "cost information" and comment on risk management as we are instructed to do in Rated Requirement 3.2.4.

Answer: The total area of redevelopment may be in the range of 1,200 to 1,500 square metres, excluding exterior road or landscaping work.

Question #3: Rated Requirement 3.2.4, asks for proponents to "comment on the relationship between this commission and any earlier studies completed for PWGSC". This statement seems to favor a consultant team who has completed the Master Plan/study for this new gatehouse. As the requested commentary forms part of a rated requirement, can PWGSC please provide the Master Plan and any previous studies related to this commission to all proponents by issuance of an Amendment as soon as possible please such that each proponent can review and comment as requested?

Answer: Any earlier studies completed for PWGSC related to this project will not be provided. The previous Master Plan focused on the entire institution and made little reference to the Gatehouse so it is not relevant. Commenting on "the relationship between this commission and any earlier studies completed for PWGSC" should be interpreted as a general reference only.

Question #4: Has a geotechnical report and a topographical survey (complete with all relevant surface features, grading, and overhead/underground services) of the proposed site for the new gatehouse been performed and will it be provided to the consultant team at project outset?

Answer: We are not aware at this time of any available geotechnical report or topographical survey of the proposed site for the new gatehouse. If one is available or needs to be done, it will be provided to the successful proponent after contract award.

Question #5: We assume that as per SC1, Security Requirement, in Part 4 – Supplementary Conditions, that members of the consultant team are not required to hold any form of PWGSC security clearance? Please confirm?

Answer: Correct.

Question #6: Is there a site plan or concept plan available that the PWGSC would be willing to share?

Answer: No. Maps and aerial photographs of the Regional Psychiatric Centre may be accessed online through websites such as Google Maps.
