## TENDER ADDENDUM

### All-Terrain Telescopic Variable Reach Forklift

ES015

March 30, 2022

#### ADDENDUM No. 4

---

The following shall be read in conjunction with and shall form an integral part of the Tender / Proposal and Contract Documents:

Please see the questions and answers below:

**Question 6:** If I understand correctly you are asking 13 feet maximum length including 4-foot forks. This indicates that the machine alone must measure only 9 feet long.

**Answer 6:** The 13-foot maximum length we require is the measurement of the length of the forklift from the fork face to the trailer hitch. **This does not include the length of the forks.**

**Question 7:** Can you give us some information about the model you currently own (the one you need to replace)?

**Answer 7:** We currently own the following model: JCB 524-50 (year 2009).
