Response(s) (R) to Question(s) (Q):

Q4. With respect to 4.2. Technical Evaluation, if the Bidder consists of a team of professionals from two consulting firms who would be working together integrally to perform the work with one firm as a sub-consultant to the other, will ECCC consider the experience of both firms and the combined project team in its evaluation?

R4. As provided for in “Attachment 1 to Part 4”, for the purposes of the technical evaluation, “project team members” may include professionals who will work with the bidder under a sub-contractual arrangement. ECCC will consider the experience of both the bidder and sub-contractors provided they are identified as project team members. Bids will be evaluated based on the Evaluation Criteria as written, and where applicable must meet the experience of “bidders’ project team”.

All other terms and conditions of the Bid Solicitation remain the same.
