Answers to Questions from the Industry

Number	Question	Response
39	With respect to the answer to Q33, please let us know whether we can make use of ESDC's existing SharePoint Online capability as part of our proposed solution.	If by "make use" the bidder means to integrate their solution with the ESDC's SharePoint backend (to use its EDM capabilities), then the answer is no. As per the requirement M28, Canada wants the bidder's to state if their solution would be able to integrate, in the future, should Canada need it.
